DEVELOPMENT SCHEMES IN STATE PLAN FOR 62-63

Mysore's annual plan outlay for 1962-63 is of the order of Rs. 42 crores, out of the total Third Plan allocation of Rs. 250 crores for the State.

Under the programme for power development, during 61-62, two units of 9 MW each will be commissioned in the Tungabhadra Left Bank Project and 2 MW on Bhadra project. During 62-63, 31.2 MW will be added at the Bhadra project.

Work on the Sharavathy Hydro-Electric project is progressing and both its units of 89.1 MW each are expected to be commissioned by the end of 1963-64. The first unit of the scheme is likely to be ready in 1964.

The second unit of the Tungabhadra Hydel project is expected to be completed during the current year and the third unit in 63-64.

During 1961-62 about 120 villages are likely to be electrified. The programme for 62-63 is 100 villages.

IRRIGATION: By the end of the Third Plan the irrigation potential in the State is expected to increase by about 9.5 lakh acres. The construction of about 2000 wells are proposed to be taken up during 62-63 in addition to 1500 wells started in 1960-61 to provide local means of irrigation.

AGRICULTURAL PRODUCTION: It has been proposed to start six new agricultural farms in addition to the five seed farms now working. A target of 2.2 lakh tons has been fixed for additional foodgrains production during 62-63. The production of oil seeds is likely to increase by 30,000 tons, sugarcane by 10,000 tons and cotton by 70,000 tons.

INDUSTRIAL DEVELOPMENT: The programme under this head include the expansion of the Government Electric Factory, Ferro-silicon plant, steel expansion, sulphuric acid plant and Government Porcelain Factory.

Under the Central sector some of the important projects are the Watch Factory, expansion of the Machine Tools, Kolar Gold Mines and Hutti Gold Mines.

For rural industrialisation a scheme for the establishment of ten Rural Artisans Training Institutes has been included. Eight industrial estates have been completed and efforts are being made for starting co-operative industrial estates.

EDUCATION AND HEALTH: The mid-day meal scheme will continue during 62-63 and enrolment of children for elementary education is rapidly increasing.

Programme for eradication of malaria is proposed to be intensified and the small-pox eradication programme for the whole State is expected to be covered by the end of 63-64.

Family planning is being given great importance. So far 140 primary health centres have been started and 28 more are expected to be started during 62-63.

Under the rural housing programme 350 houses have been selected, 231 villages have been surveyed and layout plans have been prepared for 250 villages. The scheme envisages the grant of subsidy for providing house-sites to landless agricultural workers and for streets and drains in villages selected for development.

Danish Dairy Farm In India

Mysore, Jan. 25

The Prime Minister of Denmark, Mr. Viggo Kampmann told newsmen here last evening that his Government proposed to start an experimental dairy farm in India with 500 to 1,000 cows. The venue had been left to the choice of the Government of India.

He said that he had visited many villages in India and studied the development taking place in the field of agriculture. The greatest problem that India was facing was the farm problem and it might take many years to solve it.

The Prime Minister said that education in Denmark was free from primary to university level. There was also old age and social benefit schemes and free medical aid.

Asked how they met the enormous cost for these schemes, the Danish Premier said that it was through taxation and added that the average taxation was 28 per cent of the national income.

As regards co-operatives, he said they were all voluntary with the exception of housing co-operatives which were controlled by Government.

DANISH PREMIER LEAVES

Mysore, Jan. 25

The Danish Premier, Mr. Viggo Kampmann and Mrs. Kampmann, after a day's stay in the city, left this morning for Madras via Bangalore. They were given a warm send-off by the Governor, Sri Jayachamaraja Wadiyar.

Last evening, accompanied by the Governor, the Denmark Prime Minister spent nearly one hour in Brindavan Gardens.

Mr. Kampmann visited the Tourist Bureau (Mysore) counter and evinced keen interest of the several photographs of Mysore State. The Governor presented three coloured photo albums to Mr. and Mrs. Kampmann.

PSP ACCEPTS NEW RADIO TIME

SEIZURE OF LISBON SHIPS BY PAKISTAN

Pakistan yesterday claimed to have seized two Portuguese ships carrying arms explosives and military hardware and interned the crew when India's action in Goa was on.

Pakistan's Foreign Office spokesman denied that his country had sympathy with colonial powers and said that permission had been refused at Karachi airport to land, at that time, the Portuguse aircraft carrying troops to Goa. Now the Portuguese Government had been urging Pakistan to release the ship and the crew.

RADHAKRISHNAN'S CALL TO NATION

Union Vice-President Dr. Radhakrishnan called upon the people to combat communal tendencies and caste discrimination and develop national feelings, in his Republic Day message to the nation.

The Vice President said that we should not blast the hopes of the future by the hatreds of the past.

Referring to the general elections, he expressed the hope that the candidates and the voters would act with dignity and decency and not yield to the pressures of caste and community.

Dr. Radhakrishnan urged the nation to re-dedicate itself to the building of a new India on moral foundations and the making of a new world.

"We must fight prejudice by our example, defend social equality even in the face of persecution By removing poverty and ecnomic backwardness from which many people suffer we help to establish an equitable social order, a stable society. Social justice is the basic condition for national cohesion.

'National intergation can be achieved by combating communal tendencies, caste discrimination and developing the national feelings. Our mind must shed its dead ideas even as a tree throws off its withered leaves.

We can save ourselves and help to save mankind if we maintain righteous standards and grow in wisdom and humanity'.

DR. PRASAD FIRST BHARAT RATNA

The President Dr. Rajendra Prasad has been a Bharat Ratna right from 1954 when the award was instituted.

A notification has been issued by the Union Minister to this effect.

An official spokesman said that as the authority conferring this distinction of Bharat Ratna, the President has always been regarded as the first of the recipients.

INDIA TO MEET PAK THREAT

Prime Minister Nehru declared yesterday that India would not go to war with Pakistan, but if Pakistan were to start a war then India would meet it fully.

Addressing a public meeting at Ferozepore, he said that India had repeatedly tried to have friendly relations with Pakistan. "But the rulers of Pakistan seem to have made hostility to India their main profession".

It was stated that 80 girls of the Mission Hostel were on a picnic at the beach at Antervedi. Eight of them were carried away by a high tide and were drowned.

ELECTION PROSPECTS IN MYSORE STATE

Mysore, Jan. 29

676 candidates are contesting for 206 seats in the Assembly and 88 for 26 Lok Sabha seats.

There will be straight fights in 72 Assembly constituencies and 9 Lok Sabha, mostly in the Bombay and Hyderabad Karnatak areas.

There will be three candidates in each of 63 constituencies, four in 40, five in 17, six in six, seven in four and nine in four, under straight and triangular fights.

As many as ten political parties and innumberable Independents are contesting.

Although for every seat, there is to be a contest and the Congress Party will have to fight hard to retain the majority, it is conceded by other parties that it is impossible to unseat the Congress.

The Congress is facing powerful opposition from the rebel partymen. The pressure from these rebel partymen will be felt in the pocket areas of Kolar, Bangalore rural, Hassan and South Dharwar.

The Praja-Socialist Party, the main opposition in the Assembly, is putting up only 86 candidates for the Assembly and 14 for Lok Sabha. The party has influence in pocket areas in Tumkur, Chitradurga, Hassan andSouth Dharwar.

The Swatantra Party, entering the arena for the first time, has put up candidates for 9 Lok Sabha and 70 Assembly seats. The success will depend more on the personal influence of the candidates than the impact of the party.

The prospects of Jan Sangha, contesting 8 for Lok Sabha and 65 for Assembly are bleak.

The Socialist Party is contesting about 12 seats for the Assembly and their chances of success are in the pocket areas in Shimoga District.

The Congress has already secured two seats in Assembly, unopposed, D.Devaraje Urs from Hunsur in Mysore District and Sri G. N. Patil from Talkote in Bijapur District.

ARBITRATION ON KASHMIR REJECTED

DIRECT TALKS FAVOURED

NEHRU'S REPLY TO KENNEDY

Prime Minister Nehru has rejected arbitration or intervention by a third party in the resolution of the Kashmir dispute.

In a reply to U.S. President Kennedy's letter offering the good offices of the World Bank President Mr. Eugene Black to solve the Kashmir dispute, Sri Nehru stated that the Kashmir dispute could and should be solved through direct negotiations.

The Prime Minister has pointed out that India had always been opposed to the intervention by a third party as India's sovereignity over the State of Jammu and Kashmir was not only legal and constitutional but had been recognised by a series of U. N. mediators. India is however, prepared to consider any reasonable proposal based on the realities of the situation, to reach an expeditious settlement

Sri Nehru has also renewed his invitation to Pakistan President Ayub Khan to visit New Delhi for resumption of negotiations.

Vol. XII MYSORE, THURSDAY, FEBRUARY, 1 1962 No. 136

NO CONSISTENCY IN POLICIES

IRREGULAR PROCEDURE ADOPTED

CHARGES AGAINST MYSORE UNIVERSITY

Mysore, Feb. 1

The annual report of the Mysore University for 1960-61 was adopted yesterday by the Senate.

The report stated that the total number of students enrolled during the year was 35,458 as against 33,110 in the previous year, thus registering an increase by 7.5 per cent. There were 6,477 women students and 1.184 schedule caste and tribe students.

The pupil–teacher ratio was 17 students per teacher. There were 2,092 teachers working in colleges.

For the first time the University decided that the children of its low paid employees should be exempted from tuition fees at all stages of University education.

About 25 per cent of the students received either full-fee or half-fee concessions. 2,116 students and 4,350 received scholarships from the Central and State Governments respectively.

About 35 per cent of the students took part in physical cultural activities.

The annual medical examination of students disclosed that out of 17,466 students examined, 736 suffered from teeth disease, 868 from vision, and 237 from skin. A committee was appointed to suggest improvement in the present system of medical examination and its report was awaited.

Out of 60 colleges NCC was imparted in 37 colleges and there were 68 NCC officers, 7,138 boy and 270 girl cadets.

With a view to encourage private enterprise in the field of higher education the University gave grants to several affiliated colleges amounting to Rs. 7 lakhs.

The most significant achievement was the establishment of a new university campus in Mysore. Thanks to the liberal assistance from the University Grants Commission and the State Government.

During discussion on the report Prof. Nagappa referred to the large number of failures in PUC and said the main cause was the sudden increase in standards of all subjects taught. He said the syllabus and the contents were far higher and the period of one year was too little for a student to adjust himself.

It was not the fault of the students as there were no proper teachers to guide and correct them. He wanted the present policy of recruitment of teachers should be reorientated and the the best one should be recruited. The parents should also exercise caution in sending their children to the university.

Sri Gubbiah pleaded for a higher salary to the teaching staff and instanced the case of a batch of eight teachers leaving the University Engineering College in Bangalore for better salary outside. He also urged for the permanancy of the appointment of teachers. He wanted at least 50 per cent of the students in colleges should be provided with hostel facilities.

Sri T.S. Rajgagopalaiengar regretted that the university was not observing the rules of law, specially in the appointment of teachers and admission of students. He charged that provisions regarding the affiliation of colleges was not observed and there was no consistency in policies but only 'politics in this regard'. He also wanted that there should be economy in the University office as they were only maintaining three colleges

Dr. Adikeshavalu and Sri Ramaswamy said that some kind of concessions should be given to students joining the NCC.

Sr. T. N. Srikantiah suggested that seminars should be organised to give training to teachers to join the colleges immediately after taking their degrees.

Prof D B. Narasimiah replying on behalf of the Vice-Chancellor said that the suggestion of reduction of tuition fee was not feasible. A time might come soon when they might have to raise the tuition fee. He said that it was the intention of the University to provide hostel facility for atleast 50 per cent of the students. The suggestion of giving some concession to NCC students would be considered, and added that if the Government gave more grants more students could be trained under NCC.

RAT MENACE IN CITY

CASH-TIPS FOR CATCHERS

CITY FATHER'S SUGGESTION

Mysore, Feb. 1.

At the monthly meeting of the City Municipal Council, yesterday, Sri Mir Noor Hussain took strong objection for the absence of sectional officers in the Council meetings.

He also complained about the negligence of the Health Department in its duty. The menance of sale of cut-fruits near the schools had not been removed inspite of repeated appeals and if the Health Department could not remove such a small thing, it should be liquidated.

He urged the Municipal President who is proceeding to Delhi shortly, to impress on the Central authorities of the needs of Mysore city including a Dairy Farm.

Sri Cutinho wondered why slums were not being cleared in the city though there was assistance from the Central Government. He said that a slum was fast developing in N. R. Mohalla.

Sri Sanjiviah complained that the entire system of underground drainage had failed and sewage water was over-flowing in the streets The scavengers were not cleaning the drains. He warned that an epidemic might spread.

Sri Somasundara Sharma urged that steps should be taken immediately to stop the spreading of small-pox. He suggested that hotels, roads and public places should be kept clean.

He regretted that Government had not taken any steps to check the soaring prices of food grains.

Sri M K. Lingiah suggested that in order to check the increasing menace of rats, 'cash-tips' should be paid to boys who catch them.

He said that some of the city buses were not in good condition and they should be immediately replaced.

MBBS Degree For Unpassed Candidate

Mysore, Feb. 2.

An unprecedented case for the first time in the history of the Mysore University of a unpassed student being conferred a degree in an open convocation is reported.

R. S. Surendra who entered the Medical College in Mysore in 1950 appeared for the final M. B. B S. examination in 1958 and failed in two subjects. Subsequently he appeared in April 1959 and passed. But he never took Ophthalmology subject. However he was conferred the M. B. B. S. degree in October 1960 convocation.

Subsequently the mistake was found out and the Syndicate constituted a committee with Sri H. Siddaveerappa as Chairman for enquiry. The student appeared before the committee and pleaded that he had already established himself as a doctor and he should either be given grace marks and passed or allowed to appear only for Ophthalmology without putting in attendance. The committee came to the conclusion that as there was contributory negligence on all quarters, the case may be treated leniently.

The Senate of the University yesterday approved the recommendation of another committee constituted by the Senate that the degree of M. B. B. S. should be withdrawn and the student allowed to appear for Ophthalmology only either this year or in subsequent examinations without putting in any attendance.

ENTRY OF CHINESE TROOPS INTO NEPAL

TO PUT DOWN KHAMPAS ACTIVITY

China might send her troops from Tibet to Nepal to clean up the Khampas, who are alleged to be Tibetan refugees infiltrating into Nepal from India and Sikkim and who are said to be operating with the support of elements close to the Dalai Lama.

Some unidentified planes have been air-dropping arms supplies to Khampa forces in the Mustang area of Nepal, it is reported.

The Nepalese Army was not in a position to get rid of the Khampas because of the high altitude and difficult terrain of the Mustang area.

FEUDAL REPRESSION STILL IN INDIA

NEHRU AMAZED

Prime Minister Nehru yesterday expressed amazement and anger at the continuance of the old type of feudal repression and terror on the people in Mankapur area in Uttar Pradesh.

He told a public meeting that "I am amazed that even today people were being beaten and terrorised by former taluqdors and their henchmen. Such things cannot be tolerated. Those who are committing such acts of repression will get the answer soon But local and other officials will have to answer first why this kind of repression still goes on".

Sri Nehru asked the people to shed fear and cooperate with the Government in putting an end to the repression.

RAISE VARSITY TUITION FEES

SENATE MEMBERS' PLEA

Mysore, Feb. 3

At the Senate of the MysoreUniversity onThursday, Sri B.V.Banumiah speaking on the budget (the details appeared yesterday) said that the University had not exercised proper caution in not spending the allotted funds and for accumulating huge closing balances year by year. He regretted that there was no budgetary control and due to defective machinery, the University lost Rs. 12 lakhs out of the grants given by the UGC as it did not spend the amount within March 1961.

Sri A. C. Deve Gowda, Director of Public Instruction said that patriotism should not come in the way of raising the tuition fees. He asked why students living in the integrated areas should pay three times more than the old Mysore. He suggested that the University should raise its tuition fees atleast by 30 to 40 per cent. Here, he said that the really deserving students should not be denied University education and a scheme of freestudentship and scholarship applicable to all communities should be introduced.

As regards augumenting the financial resources, he said that some inducement like membership of the Senate for a certain period should be offered to people to come forward with their donations.

About the teaching of English, Sri Deve Gowda said that as per the recent decision of the Central Advisory Board of Teachers held at Jaipur, it should be started much earlier than the fifth standard to improve the standard and the State Government had to take an early decision on this matter.

Sri D. B Narasimhiah urged the development of tutorial system and also increase in tuition fees.

Sri T.S. Rajagopalaiengar regretted that the standard of education in the University was going down and suggested the appointment of a committee for making specific recommendations for improving the standard. He said that it was high time that the University took a decision on the medium of instruction and in his opinion, English ought to continue many more years.

Sri Rahamathulla, Education Secretary appealed to the University to constitute an influential committee to approach philanthrophic people for donations to the University. As regards a block grant from the Government, he explained that there were procedural difficulties and unless the University Act was amended, the Government could not straight away give a block grant.

Sri T N. Srikantiah urged the creation of a full-fledged information office in the University and reintroduction of subject-scholarships.

Replying to the debate, Sri A G Ramachandra Rao said that theUniversity had to take an early decision regarding the raising of the tuition fees to be with par with the other integrated areas of Mysore.

Regarding tutorial system. he said that it would be introduced shortly in several colleges.

As regards delay in the English - Kannada dictionary, he said, it was due to non-availability of proper printing paper.

He said that Rs. 3.25 lakhs had been provided for purchase of additional lands to the new University campus.

169 Polling Booths For City

Mysore, Feb. 3

There are 169 polling stations for the three constituencies in Mysore City and 1,49,327 voters.

In Mysore North, there are 47,427 voters with 50 polling stations; South 43,830 voters and 47 booths and Taluk 58,070 voters and 72 booths.

The election for the State Assembly and Lok Sabha takes place on Feb. 25.

For the convenience of 8,66,411 voters in the district, 974 polling booths have been provided in 16 constituencies.

Police Constable Arrested

FOR DACOITY NEAR CHAMUNDI HILLS

Mysore, Feb. 3

A police constable attached to Lashkar Station, Katappa, and Moganna, a K. D. have been arrested by K.R Police for alleged dacoity.

It is reported that on Thursday night, when Chandrasekhar and his friends were proceeding near the Chamundi Hills, they were stopped by four people and forcibly relieved of their wrist-watch, pen and a cash of Rs 7.

On a complaint, the K.R. Police were able to catch the above two persons and the other two are missing.

Robbery In Convent

Mysore, Feb. 3

A watchman of the Nirmala Convent in Vanivilas Mohalla was gaggedby four persons who entered the premises last night and broke open the store and decamped with 36" tins of milk powder, it is reported.

Mangalore Port

Chief Minister Jatti declared at Hubli that Mangalore port project would not be given up and the estimated sum of Rs. 20 crores would be spent on it.

He said there would be no change in regard to the project as a result of the availability of Marmagao harbour.

Sri Jatti asserted that the State Government would see that the work on Hassan-Mangalore railway was not delayed.

India To Attack Pakistan

FANTASTIC, SAYS NEHRU

Prime Minister Nehru yesterday ridiculed Pakistan's complaint that India was about to attack Pakistan and said that this was a fantastic proposition. India had repeatedly declared that despite Pakistan's continuing aggression on a part of Kashmir, she would not resort to war to settle this matter. 'We have also repeatedly suggested that Pakistan sign a no-war declaration. But she has not accepted our offer. Even in the absence of a no-war pact, India will not attack Pakistan'.

Sri Nehru addressing a public meeting at Kanpur said that it would be utterly wrong to bring in a third party to mediate on a matter of sovereignty. "These things must be discussed only by the two parties concerned", he added.

KASHMIR ISSUE ADJOURNED

The U.N. Security Council yesterday postponed the debate on Kashmir till after the Indian General Elections.

India's representative, Sri Jha said that if Pakistan was really afraid of India, as alleged by its representative Sir Zafrulla Khan, it would accept Prime Minister Nehru's offer of a no-war declaration. But it was rejected unless it was accompained by the condition that India would settle the Kashmir issue on Pakistan's terms.

Broad-Guage For Hospet-Guntakal

The metre-guage railway between Hospet and Guntakal will be up-graded into broad-guage to meet the growing demand for more facilities to move iron ore.

Disclosing this, Sri H. D. Singh, General Manager of the Southern Railways stated yesterday that the extension of this new line up to Marmagao or to Munirabad, would be considered.

RegardingHassan-Mangalore railway, he said that an initial survey was already on and the work would be taken up when the Centre gave the signal to go ahead. The demand for the Kottur-Harihar line could be considered only after the completion of the Hassan-Mangalore line.

He denied that the Southern Railways was being neglected and said that Rs. 70 and Rs. 170 crores were allotted under the Second and Third Plans, respectively for the purpose.

Dangerous Age !

Married men have the lowest road-accident rate and divorced men are the most vulnerable, with bachelors and widowers somewhere in between, according to an article in the World Health Organisation's magazine.

It says that for all road users, the dangerous ages are between 15 and 25 and again after 60.

Road accidents claim more than one lakh lives each year throughout the world, 38,000 in the United States alone.

Polish Film Festival

Mysore, Feb. 3

A four-day festival of Polish films, organised by Mysore Film Society, commenced here on Saturday at the Central Food Technological Research Institute.

The four films— 'Night Train', 'Kanal', 'Eve Wants To Sleep' and 'Ashes and Diamonds'— vividly portrays the varied facets of the life in Poland, the country's cultural achievements and her progress in the field of cinematography.

Mr. T. Strulak, Second Secretary of the Polish Embassy, New Delhi, explained to pressmen here on Saturday, the functions of the film industry in Poland. He said that although the film industry was nationalised, the people engaged enjoyed full freedom in the production of the films.

The hallmark of the Polish films was the perfection in all aspects of the pictures, he said and that out of 130 pictures produced in post-war days, 40 had won international awards. During the last year alone, eight out of 25 Polish films won such awards.

He said there was no commercialisation of Polish films when they are shown in India and other countries.

The pressmen suggested that arrangements should be made to screen these films in big theatres so that more number of people might see them.

TIBETAN REFUGEES

Mysore, Feb. 5

800 more Tibetan refugees will arrive in the Rehabilitation camp near Periyapatna next month.

This will be the last of the batches to reach the camp where 2,200 refugees are already settled.

Meanwhile, the adminis tration is running into difficulties regarding the health of these Tibetan men and women, who are yet to change their apparel and other habits to suit the comparatively mild climate.

The State Government is likely to request the Centre to open a full-fledged hospital there.

Three elementary schools are functioning in the colony and there is a proposal to start a high school teaching Tibetan, Hindi and English.

There is also a proposal to establish a brick and tile manufacturing unit in the colony.

U. S. WOMAN DEPORTED

A young woman who held a British passport was deported to London from New Delhi on Thursday for her alleged undesirable activities in India.

It is stated that the woman aged 22, Annette Francis Curtis, landed in Bombay from South Africa in 1960 and soon after married an employee of the Indian Merchant Navy. After staying in Bombay for some months, she moved to Delhi and reportedly married an employee of the Government.

Raid Progress To Banish Poverty

NEHRU'S PLEA

Prime Minister Nehru told a public meeting at Hyderabad yesterday that the basic task before the nation was to modernise and socialiseIndia's mind to achieve rapid progress and banish poverty.

He said that mere political freedom would have no meaning to a hungry man. " We want to give the vast masses of our people, crushed by poverty for so long, the fruits of political freedom. This can only be done by achieving econmic freedom through socialist principles".

He stressed the need for unity to go ahead rapidly to complete industrial revolution in ten years.

Sri Nehru said that every reactionary force, communalism, caste system and the like, had to be done away with as they had no place in a democracy and much less in a socialist society. "It is about time that we got rid of this caste system in India. It has weakened India and enfeebled it', he added.

SHEPHERD'S BRAVADO

A six-foot man-eater was killed by a shepherd with a spear after a 30-minute struggle in a village near Jammu. The animal had wounded 12 persons, including women and children.

CORRUPT OFFICIALS

About 138 Government servants, including 21 gazetted officers, are facing open inquiries instituted by the Central Special Police establishment during December last.

INDIA'S ACHIEVEMENT

During the first two Five Year Plans national income increased by 42 per cent.

During this period, the population increased by 77 million, and yet there was an increase in per capita income from Rs. 284 to Rs. 330.

Agricultural production increased by 41 per cent, industrial production by 94 per cent and power by 148 per cent.

Railways carried 70 per cent more goods traffic and the traffic on surface roads increased by nearly 50 per cent.

In education, 20 million more children went to school. At present, there are altogether about 46 milion children -boys and girls--in schools and colleges

Very considerable strides have been made in technical training. There are 380 engineering colleges and polytechnics all over India now, while there were 134 ten years age. Admissions have increased four-fold.

In 1941–51, the expectation of life at birth was 38. In the Second Plan it rose to 42. Now it is 47.5

INDIA SHOULD ADOPT MODERN METHODS

TO BANISH POVERTY

NEHRU'S ADDRESS IN MYSORE

Mysore, Feb. 6

Prime Minister Nehru declared that unless India adopted modern scientific and technological methods, it could not progress and eliminate poverty.

Addressing a mammoth meeting here this morning at the Townhall maidan, Prime Minister Nehru said that the main problem of the nation was to raise the standard of living of the people. "India is not a poor country but people are poor". This was due, he said, to variety of reasons. One of them was lack of adopting modern methods both in agriculture and industry.

He said that many countries had progressed considerably during the last 200 years by adopting modern methods.

India, he said, need not follow the West blindly but let her choose its good methods.

Sri Nehru said that by adopting modern scientific methods, India could increase her production by four to five times and thus change the face of the country. That is why, she had established a number of technical institutes. It was essential that education was wide-spread and he was glad that India had made good progress in that field.

Referring to the Plans, the Prime Minister Nehru said that planning was essential for a country's progress. Although they were prepared by the Congress Government, they were really national plans, But there were some who criticised the plans.

Sri Nehru said that Swatantra Party's slogan was "not to Plan" But planning was essential to have an intelligent approach to the question of development.

He said that progress achieved under the plans during the last 14 years was creditable and it had received commendation from many countries. Compared to Asian and African countries which had won freedom, India had really done well. What Western countries had achieved in 150 years, India had achieved in 15 years.

But it was only in India that some criticis run down the progress and the plans of the country.

Sri Nehru declared that the path pursued by the Congress was the only right path to lead the country forward. 'What is happening in India is remarkable. Great revolutionary changes are taking place in peaceful and democratic methods for building a socialistic State".

He deprecated the communal parties like Hindu, Sikh and Muslim parties which brought about disintegration while nationalism aimed for integration and as such they had no place in the country.

Referring to Swatantra Party, Sri Nehru said that it was reactionary supporting the reactionary elements. It wanted the country to go backward.

The Communist Party had its root outside and had their own differences over the foreign policy.

The Prime Minister said that in a democracy the opposition party had a prominent place. But in India, there was no opposition party as such because they had no firm policies and principles.

It was only the Congress which had firm policies and objectives so as to give everyone their necessities of life and equal opportunity for progress.

RAYON-PULP PLANT NEAR NANJANGUD

The Government of India have accorded permission to a private industrialist of Bombay to set up a Rs. 6-crore rayon-plup factory near Nanjangud.

ALUMINIUM PLANT

The Union Government has sanctioned a license to a private industrialist of Bombay to set up a Rs. 30-crore aluminium plant at Gokarna in North Kanara District,

The factory is expected to turn out 30,000 tons of aluminium per annum.

SMALL SAVINGS SCHEME

Mysore, Feb. 6

Under the National Small Saving Scheme, a sum of Rs. 85,000 was collected during December last in Coorg district. So far Rs. 7,87,000 has been collected in the district.

Sri Nehru hoped that the people would endorse the policies and objectives of the Congress by casting their votes to the Party.

The MPCC Chief Nijalingappa and Chief Minister Jatti were also present

The Prime Minister before concluding his speech released a publication of the Mysore University "Kautilya". He said that they could not be narrow-minded and it was essential that they should study international affairs.

Sri Nehru immediately left for Bangalore by car, addressing enroute at Srirangapatna, Mandya, Maddur, Channapatna and Ramanagaram.

Nehru Attacks Cong. Rebels

Bangalore, Feb. 7

Prime Minister Nehru yesterday lashed out against the rebel Congressmen and described the attitude of Congressmen, who had resigned and contesting the election as Independents as 'disgusting and unprincipled'. He said that this kind of "stabbing was not a good, honest and decent thing".

Addressing a public meeting, Sri Nehru said he could understand some individuals standing on their own principles even though they would be ineffective. But he wondered as to how persons who had stood by the Congress policies and programmes suddenly turned out to be anti-Congress, in the wake of their not securing tickets to contest the elections. In his opinion, they were not a creditable specimen of humanity.

PUBLIC HEALTH

Mysore, Feb. 7

One fatal case due to Diptheria and another due to Typhoid was reported in the city during the fortnight ending Jan. 31, according to a report from the Municipal Health Officer.

There were two attacks with one death due to Small Pox during the period.

412 houses were cyano-fumigated and 565 primary and 2,923 re-vaccinations were performed.

S. Vilas School Secretary Fined

FOR BREACH OF TRUST

Mysore, Feb. 7

Sri R B. Naik, City Magistrate sentenced T. Venkataramaniah, Honarary Secretary of the Saradavilas Educational Institutions, Mysore, to a fine of Rs. 500 or in default five months R.I. on charges of criminal breach of trust in respect of two counts and acquitted him on the third complaint, all the three filed by Sri Sundara Rao, a member of the above Institutions.

The complaint alleged that the accused, as the Secretary and Trustee, misapproipriated the Institutions funds to the extent of Rs. 2,500 Rs. 3,000 and Rs. 4,000 between July 1956 and Feb. 1958 by issuing cheques to his personal creditors in satisfaction of personal debts without the sanction and knowledge of the authorities concerned.

The accused admitted the issue of cheques but denied that it was given for personal creditors but only to furniture contractor As the contractor did not procure the materials in time, he was asked to refund the amount and this, the accused desposited in the bank.

The Magistrate held that the accused had not only failed to account for the amounts but also tried to lead evidence which exposed further as to be held guilty of the offences under sec. 406 IPC. As the money had already been returned, any serious view was not called for, although the moneies of public institutions were concerned, the person found guilty of misappropriation deserved a deterrent punishment.

Nehru Distressed By Rajaji's Remarks

Prime Minister Nehru stated at Madras yesterday that he was distressed at the remarks made by Sri C. Rajagopalachari against the Congress and Congressmen and appealed to Rajaji, in the words of Christ, to consider if by any chance he might not be in the wrong.

Addressing a mammoth gathering, Sri Nehru said that Rajaji had called the Congress a gang of "bakasuras, that the Congress was enslaving every citizen, that it was a swarm of locusts which would ruin and wreck the nation's economy, that the Congress was a band of tyrants and that the Congress had become a donkey'.

Sri Nehru said that it was extraordinary and a very sad and distressing thing that Rajaji should describe the very organisation in which he was an ornament. He could only attribute all that only to anger, as the Bhagwat Gita declared and which Rajaji ought to know, destroyed one's capacity for reasoning.

MPCC In Quandry

FOR DEFIANCE OF DIRECTIVE

Bangalore, Feb. 8

The General Secretary of the Congress has sent a communication to the Mysore Paadesh Congress Committee stating that PCC had defied the High Command's directive in not nominating Sri Anjaneya Reddy for Chintamani Assembly Constituency but favoured its own nominee Sri V. Seethappa.

He says "I am sure you would agree with me that non-compliance with our directives can be nothing but breach of discipline. I hope you will take necessary action on the person who has been responsible for this disobedience of directives. I am sorry it will not be possible for us to ask Sri Anjaneya Reddy to withdraw now".

In a telegram sent on Feb. 3 to MPCC, the General Secretary said: 'Though Seethappa has got official symbol he must be asked to withdraw his candidature and he should distribute leaflets appealing to voters that they should vote for Anjaneya Reddy'.

WHEELS OF DEMOCRACY ON STRAIGHT ROAD

RAJAJI'S PICTURE OF INDIA

Sri C. Rajagopalachari, founder-leader cf the Swatantra Party stated yesterday that he wanted an India clear of the atmosphere of fear in which it is now enveloped, where honest men engaged in the difficult task of production or trade can carry on their occupation without fear of ruin at the hands of the officials, Ministers and party bosses.

In reply to Prime Minister Nehru's query as to what type of India the Swatantra Party leader wanted, Rajaji said in a statement that he wanted an India where talent and energy could find scope for play without having to cringe and obtain special individual permission from officials and Ministers and where their efforts will be judged by the open market in India and abroad.

He said "I want the inefficiency of public management to go where the competitive economy of private management can look after affairs. I want the corruptions of this Permit-Licence Raj to go".

"I want security for all owners of property, land or other forms of acquisitions, without a sword of Damocles hanging over them threatening expropriation without payment of just and full compensation as fixed by judicial authorities on correct principles and not according to the dictation of political legislation", he added.

Rajaji said that his picture of India 'where Dharma rules the hearts of men and not greed', could not obviously be realised under ri Nehru's rule as long as he stuck fast to his particular brand of socialism It was for this reason that he opposed Nehru and worked for the Swatantra Party. He wanted that wheels of democracy should run on the straight road.

INDIAN DETENUS MUST QUIT

The Portuguese Government have again reiterated that the Indian subjects detained in Portuguese overseas territories must leave Portugal after they are released.

A Note sent to India on Jan. 27 has stated that Portugal has no objection to the coming to Portuguese ports of Indian ships with the exclusive purpose of embarking the Indian subjects.

PASTORAL LETTER TO VOTERS

Prime Minister Nehru yesterday took objection to the Kerala Bishops and Archbishops writing a pastoral letter asking them not to vote for Communists in the coming elections.

He told a public meeting at Ernakulam that this kind of thing would create difficulties ; for themselves and for the State.

He said that the Christians were an esteemed section of the State's population. But he did not like Christians entering politics as Christians. He did not like this kind of pastoral letter.

Tying religion with politics was exceeldingly wrong and very dangerous, he added.

Nearly 200 persons, including three former Ministers and five Communist workers, have been taken into custody at Dacca in connection with the students' riots.

The demonstration was staged by the university students initially as a protest against the arrest of Mr. Suhrawardi former Prime Minister of Pakistan. But subsequently the students demanded the release of all political prisoners, withdrawal of all repressive measures and restoration of democratic rights.

The university area has been cardoned off by the military and about 400 students who were inside has been virtually isolated and cut off from any communications with the outside world.

SCHEDULED CASTES CONDITION

Bangalore, Feb. 9

An unsatisfactory state of affairs in regard to the representation of the Scheduled Castes in the State Government service is revealed in a report of the Social Welfare Department.

The population of the Scheduled Class is about 25.83 lakhs, accounting for about 13 per cent of the State population.

Although the Government had ordered reservation of 15 per cent in the services, the position as it stood at the end of March 1960, was that there were 11.752 Government servants belonging to the Scheduled Castes accounting for about 7.7 per cent on the whole.

Of these, only 105 were officers belonging to Class I and II, while the large chunk, 11,647 were in Class III and IV posts.

Among other highlights of the report was the deplorable state of affairs in the field of education The percentage of literacy was at 4.6 against the State average of 20 6

The State Government has liberalised its policy in regard to the award of scholarships and aid to hostels. There are at present 49 Government girls' hostels and 119 boys' hostels. There are 69 aided hostels. During the Third Plan, 100 more boys and girls 50 more hostels will be opened.

NEHRU REPLIES TO RAJAJI

Prime Minister Nehru replying to Rajaji's picture of India, stated yesterday at Coimbatore that "I am afraid what he said is no programme, economic or other. We all want people to be good and private generally. But the whole question is to create conditions in which they will have the necessaries of life and prospects of going ahead. I do not think an acquisitive society promises these conditions. In fact there is more of fear in it and inequality increases our many ills. The Government aims at a goal which is realisable".

As regards the absence of fear, Sri Nehru said "I entirely agree. That is not the policy because fear comes mostly from poverty".

NO GLAMOUR IN FOREIGN SERVICE

Delhi is deeply perturbed over the fact that the Indian Foreign Service which was the biggest attraction for top recruits is steadily losing its glamour.

While in the first few years of independence, the first five or six in the ranking list for All-India Services spontaneously offered to join the Forign Service, today even the 100th placed candidate is reluctant to opt for it.

This is causing concern in official circles.

Unless the conditions of service of the IFS officers like overseas allowances and children's education are improved subsantially, it will not be possible to recruit 10 to 20 officers a year.

Cezch Aid To India

Mysore, Feb 12

Sri F. K. Irani, Managing Director of the Ideal Jawa Motor-Cycle Company got up tea party on Saturday in honour of the Czech Ambassador, Dr. Simovic at his residence in Nazarbad.

The Czech Envoy told pressmen that the trade between his country and India was increasing day by day and he hoped that it would continue to increase in the interest of both countries. He said that the balance of trade between the two countries would be maintained and the Czech Government would plough back the profits it earned through trade to India by purchasing Indian goods. He also assured that Czechslovakia would be prepared to supply to India any equipment.

Dr. Simovic announced that South India would have two big industries set up by Czechslovakia within four or five years. They are heavy electrical plant near Hyderabad and high pressure boiler plant in Trichy.

Speaking about his own country, the Envoy said that ratio between the highest and lowest paid employees was one to four. Technical and skilled personnel like coal miners, scientists and engineers were paid more than the Prime Minister. Nearly 37 per cent of women population worked in light industries.

West Move On Nuclear Tests

INDIA'S CONCERN

The Union Defence Minister Krishna Menon yesterday expressed India's anxiety over the reported threat by the West to resume nuclear tests.

He said that whether it was the United States or Russia. "it was the act and not the party that does, that makes such tests undesirable".

Sri Menon asked "how are they suddenly ready to carry out explosions without any preparation". To carry out nuclear tests, he said, some years of preparation was needed. "Many critics are angry because we say these things frankly".

The Defence Minister declared that whatever the consequences, India would continue to express her views honestly because "we want to be non-aligned and want to contribute towards peace".

FOREIGN HAND IN POLLS

NEHRU'S CHARGE

Prime Minister Nehru yesterday charged 'outside people' representing some foreign countries who were not only interested in the elections in Indta but also were trying to interfere with them, according to their cold war interests.

Without naming any country, Sri Nehru told a public meeting in Poona, that these outside people who wished to influence the elections had not understood India. "We in India have made a thousand mistakes but we have some depth. We are not superficial people. For this reason, we are not in this cold war'. Cold war only meant hatred and violence and no country could do anything worthwhile by following a policy of hatred and violence.

THE SWEEP OF THE CAMPAIGN

Candiates contesting for the general elections have been called upon to sweep streets in a constituency in Marwar near Jodhpur to prove their credentials.

The people have so far been appealing in vain to the authorities to improve the deplorable sanitary conditions. But now the elections have presented them with an opportunity to clean up the constituency.

Every aspiring candidate has been asked to sweep the streets clean. So everywhere aspirants are wielding the broom to literally sweep the polls.

U.S. SPY PILOT RELEASED

Francis Gary Powers, U-2 pilot convicted of spying in the Soviet Union was released on Saturday by the Soviet Government in exchange for Rodolf Abel convicted for a similar charge by the U.S.A. The Soviet and Amerian officials met on a Berlin sector bridge and handed over them to the respective Governments

Francis Gary Powers became a freeman after nearly 18 months in Soviet imprisonment. He was jailed on espionage charges after crashing a high altitude flight over Russia on May 1, 1960, which caused the break-up of the Paris SummitConference in 1960.

18-Nation Disarm Summit

NIKITA'S PROPOSAL

The Soviet Premier Khrushchev has proposed an 18-nation summit meeting including India, to open the March 14 disarmament conference at Geneva.

This was reply to the proposal made to him by President Kennedy and the British Premier Macmillan, for foreign Ministers to open the discussion talks.

He is stated to have replied that the issues involved in trying to end the nuclear arms race were far too serious to turn over to "bureaucrats", by which he meant the Foreign Ministers.

COLD WAR AND ASHTAGRAHA

Prime Minister Nehru has described the cold war as a "superstition" which was as bad as the superstition in India of Ashtagraha.

He said that even in America and England where people accepted science, there was superstition "Their superstition is the cold war. I think it is completely wrong and nobody can ever benefit by it".

He warned the people in India against interested parties who had exploited their simplicity and credulity in making money by holding yagnas to avert the so-called Ashtagraha. This was like sowing superstition. There were also people, including Congressmen, who went to astrologers.

Unity Of Outlook

SRINGERI SWAMI'S PLEA

Mysore, Feb. 14

A civic reception was accorded to Jagadguru Sri Shankaracharya of Sringeri Mutt by the City Municipal Council, last evening at the Townhall.

Sri Kempe Gowda, President presented the address in a beautiful sandalwood casket.

Specially composed verses in Urdu in honour of Swamiji was read by Sri Mir Noor Hussain.

His Holiness, replying spoke about the avatar of Adi Shankara and said that he took his birth at a time when people were loosing faith in the traditional values of Dharma and Achara and disintegrating themselves by having their own newly founded small communities.

The purpose of the mission of Shankara, he said, was to bring about unity in all the facets of Indian life and he accomplished it during his life time.

The Jagadguru called upon the people to carry the message of Shankara, which underlined the omnipotent nature embracing the different schools of thought, religion and outlook.

Mysore, the Swamiji said, was the centre of learning and it could greatly help in spreading the enlightened message of Shankara.

Later, His Holiness was taken in procession in the main thorough-fares of the city.

The Swamiji after staying for 27 days in the city left for Srirangapatna today.

CEYLON G-G'S NAME IN COUP

Mysore Medicos On Strike

FOR CHANGING VENUE OF P G. COURSE TO B'LORE

Mysore, Feb. 15

The students of the Medical College here went on a two-day token strike from yesterday to protest against the decision of the Government to start the post-graduate courses in medicine and surgery in the Medical College, Bangalore instead of in Mysore as decided earlier.

The students have pointed out that this decision was against the recommendations of the Expert Committee.

A seven-member student committee was formed to take steps for urging the Government to reverse their decision and start the course in Mysore.

SOVIET PROPOSAL

The U.S. President Kennedy and the British Premier Macmillan have rejected the Soviet Premier Khrushchev's proposal for an 18-nation summit on disarmament.

However they have agreed to participate personally as the Heads of Government level at any stage of the conference when it appeared that such participation could positively affect the chances of success.

SCIENCE EDUCATION

TheGovernment of India and the UNESCO have reached an agreement whereby the UNESCO will spend 2.5 million dollars in the next six years to develop science education both at the secondary and university stages. This was to remove the growing difficulty experienced by the Indian planners in finding technical personnel.

The project is that at the secondary level, science education would be upgraded and modernised. The other side would be in instituting programmes for advanced science courses in universities through the UGC.

The Government of India proposed to set up a central institute to train teachers and work new methods of science teaching.

Election Tempo Lacking

Mysore, Feb. 15

The election fever seems not to have reached tempo in the city though there is hardly ten days to go.

Even though there are 18 candidates contesting for two seats in the north and south constituency for the Assembly, not much of open electioneering campaign is seen.

Probably the candidates prefer to woo the voters by house-to-house visit.

Last evening, the Congress Party took out a cycle-squad procession

KEY INDUSTRIES UNDER STATE

Prime Minister Nehru declared yesterday that all key industries in the country had to be in the public sector as India could not allow a few rich men to play with the lives of people at the stock exchange.

Addressing a public meeting at Rewa, he said that it was in the interest of the nation that big industries should be in the hands of the State.

Sri Nehru said that in the field of agriculture also, youngmen after getting training in farming should work in the field instead of trying for clerical or some other jobs elsewhere.

AYUB SUSPICIOUS OF EAST PAKISTANIS

Protest demonstrations and walk-out by students in East Pakistan against the arrest of the former Prime Minister Suhrawardy are on the increase and the students community is in the vanguard of the popular movement for the restoration of democracy.

President Ayub Khan is suspicious of East Pakistanis and the entire Bengal personnel of the East Pakistani Rifles along the 3,000-mile Indo-Pak border on the Eastern zone have been replaced by Pathans.

STONES HURLED AT ELECTION MEETING

More than 12 persons including the Maharashtra Finance Minister Wankhede and the DSP, Nagpur, were injured yesterday when stones were hurled at an election meeting in Umrer near Nagpur.

Chief Minister Chavan had to abandon the addressing of the public meeting and leave the place under police escort as volunteers of Nag-Vidarbha Samiti demonstrated on the roads.

The police cane-charged the crowd which refused to disperse even after the announcement of the cancellation of the meeting.

START P.G. COURSES IN MYSORE

MEDICAL COLLEGE STUDENTS' DEMAND

Mysore, Feb. 16

The students of the Medical College, here who went on a two-day token strike on Wednesday, in a resolution have expressed grave concern over the hasty and unjustified decision in not starting the post-gaduate courses in Mysore Medical College inspite of the approval of the Mysore University. They opined that the Government's decision in not implementing the University's resolution was nothing but an act of injustice.

They urged that the State Government should not yield for any pressure or influence or desires of a few interested persons and start the P.G. courses at the Mysore Medical College from this academic year, as the college was well suited with all required facilities.

The resolution further appealed to the Government not to disappoint student community of this pioneer institution and thus prevent any unhealthy atmosphere. It demanded that the Government should announce their revised decision within a week.

An action committee with nine members was constituted.

BEWARE OF CROCODILES : NEHRU WARNS

Prime Minister Nehru yesterday warned that India had to build her strength rapidly "to face many countries of the world which were on the prowl like crocodiles to devour her".

Addressing a meeting at Patna, Sri Nehru said that any weakness in India would be a signal to these countries which like "wild apacious animals" were waiting to step in and destory her freedom and dominate her.

"If we show the slightest weakness", he said, "these wild animals would eat us up".

MORE PADDY OUTPUT

World production of paddy will go up by 25 per cent by 1965 and the demand for rice will be more by 21 per cent over the average from 1957-59, according to a report of the Food and Agricultural Organisation.

WORLD'S BIGGEST DEMOCRACY GOES TO POOL TODAY

Mysore, Feb. 16

The World's biggest democracy, comprising nearly one-sixth of the world's population, with an electorate of 210 million adults, will go to the polls starting from today, to elect a Government at the Centre and in the States for a term of five years.

West Bengal will have the privilege of entering the battle first today. Except for a few isolated constituencies, the polling will be over in ten days, on Feb. 25.

The results of the polling will be announced at the end of the month.

The country's President and Vice-President will be elected thereafter by respective electoral colleges and will be installed in office by May 12.

Although the Congress, as indicated by the surveys of the election scenes from all over the country, is sure to win the battle for another five years, the party will have a grim struggle to retain the present majorty. In many of the States and at the Centre, it may have to reconcile itself to reduce majorities.

The most significant observation that emerges out of the election field is that while the Congress will weather through the present election, serious cracks had developed within the party all over the country, and these are the largest single contributions the party can make to the emergence of any serious opposition parties in the years to come.

TRANSFER OF PG COURSE FROM MEDICAL COLLEGE

CITIZENS' PROTEST

Mysore, Feb. 17

The citizens of Mysore have strongly protested against the decision of the Government in starting the post-graduate courses in medicine and surgery at the Bangalore Medical College, instead of at Mysore Medical College as was decided earlier.

Sri S. Sundararaja Iyengar, President of the Citizens Committee told newsmen yesterday that it was most regrettable that the Government should have gone against the decision of the Mysore University and the recommendation of the expert committee to start the P.G. courses at Mysore Medical College.

He said that the Mysore Medical College, a pioneer college started about 38 years ago, had well equipped hospitals for the benefit of both the under-graduate and the post-graduate students.

Sri Iyengar said that the Government was showing a step-motherly treatment to Mysore city and this "hasty decision" had got to be reversed.

He appealed to Chief Minister Jatti and the Chancellor of the Mysore University to give justice to Mysore citizens in the matter.

STUDENTS' APPEAL

The Students' Action Committee of the Mysore Medical College told pressmen yesterday that the decision of the Government to start the P.G. courses in five year-old institution at Bangalore was against the basic and specific regulations of the Indian Medical Council. According to the Indian Medical Act, such courses could be started in an institution which had sent out five sets or ten batches of graduates. But the Bangalore Medical College had just sent out only two batches and as such the Government's decision was wrong.

It was painfully paradoxical, they said, that while baby institutions like the one at Bellary were being thought of as a centre for P. G. courses, the oldest college in the State was being looked down.

The students alleged that the transfer of this course to Bangalore was "to support and help a minority of a few powerful and influential people" and not the lack of facilities, as necessary equipment and books had already been purchased for the P.G. courses at Mysore.

They hoped that the injustice done to the pioneer institution of Mysore and to the public would be removed immediately by the Government.

ELECTION CLASHES

Mysore, Feb. 17

The city police arrested on Wednesday Posiah, father-in-law of Sri Chikkathammiah, a Communist candidate for Mysore Taluk for alleged stone throwing on the house of Sri G. S. Ramakrishniah a Congressman, at Asokapuram in the city.

Two persons were slightly injured yesterday at Kollegal in a minor clash between the volunteers of the Congress and Independent candidates during the election propaganda.

STRIKERS' CLASH AT BHOPAL

24 persons including 12 policemen were injured yesterday in the demonstration and incidents in the strike-bound Heavy Electrical Plant at Bhopal.

There was stone throwing and encirclement of police by the crowd. The police had to resort to lathi-charge and later open fire in the air to disperse the crowd.

A general strike has been called in the plant to press workers' demands relating to pay scales and working conditions.

Nehru A Very Complex Man

—SAYS IKE

Mr. Eisenhower, ex-President of the United States yesterday described India's Prime Minister Nehru as an "indispensable man in that area".

He disclosed that when Mr. Nehru, a couple of years ago announced his intention to retire, he (Mr. Ike) wrote Mr. Nehru a "letter of protest" stating that "he just is not going to do it. He had to come back".

"By and large, considering the circumstances and the situation in India today, the free world is quite fortunate that he is the head of the Indian Government", Mr.Ike added.

Mr. Eisenhower said that Mr. Nehru was a "very complex man who had a very complex and difficult job".

46 UNOPPOSED TO ASSEMBLY

Nepal Raiders Trained In India

GIRI'S ALLEGATION

The Home Minister of Nepal, Dr. Tulsi Giri stated yesterday that eight anti-national raiders and two policemen were killed during the last four months "in encounters between the police and the raiders who came from India". Besides, six policemen were injured and 160 raiders were arrested.

He alleged that some of the raiders arrested had confessed that they received training in India.

Dr. Giri said that the raiders indulged in looting government treasuries, disrupting communications and molesting women. They fled to India when chased.

BORDER GUARDS TORTURED

The two Indian border guards who were released by East Pakistan authorities aftr 20 days detention were understood to have been tortured into confessing that they had not been kidnapped. They were compelled to sign documents to this effect. This was done at the pain of death.

POLLING IN MYSORE STATE BEGINS

Mysore, Feb. 19

About 37 million voters from about 500 Assembly constituencies spread over 9 States and one Centrally administered area (Manipur) went to polls today.

Mysore, Assam, Madhya Pradesh, Orissa, Rajasthan and Uttar Pradesh are the nine States which joined the electoral issue. West Bengal and Madras which were already in the rounds continued polling.

In Mysore State polling was held today in 64 Assembly constituencies and 8 parliamentary constituencies.

In Mysore Division for the one parliamentary seat in Chamarajanagar there are 4 contestants and for 8 State Assembly seats 24 contestants. The total electorate is 418892. The number of polling centres are 570.

The constituencies included here are Palya, Bannur, Kollegal, Nanjangud, Bilikere, Santhemarahalli, Chamarajnagar and Gundlupet. This includes two reserved seats. There is a straight fight in Palya, Gundlupet, Chamarajnagar and Bannur, while Nanjangud and the reserved constituencies of Santhemarahalli are facing a triangular fight. **Bilikere is having a quadrangular and Kollegal a six-cornered contest.**

Bangalore City also went o polls today to elect their representatives-8 for the State Assembly and one for the Lok Sabha from 49 aspiriants. The electorate number 392753 voters. The voting began at 8 in the morning in all the 422 polling booths in the city. Since very early hours voters had gathered in hundreds to take the earliest chance to cast their vote. More than 50 per cent are said to have exercised their rights.

ENGINEERING TUTORIAL COLLEGE

Bangalore, Feb. 19

Union Defence Minister Krishna Menon yesterday inaugurated here the third tele-communication engineering tutorial college to train engineers in defence establishments.

The Minister said that these institutions started for training engineers of the defence establishments were not parallel institutions to Universities, but were only intended to give training to those already employed in defence and other departments of Government. The Director of Signals Major-Gen. R.N.Batra announced that it was proposed to open similar five more colleges in Madras, Calcutta, Bombay, Jabalpur and Ernaculam.

SURVEY OF GOODS TRANSPORT

The Government of Mysore have sanctioned a scheme for taking up the survey of goods transport on roads on a pilot scale.

MYSORE NOT NEGLECTED-REDDY

Bangalore, Feb. 19

Union Commerce and Industries Minister K. C. Reddy dismissed the charge recently levelled against the Centre that it had not given much attention to the industrial development of Mysore.

Speaking to pressmen, the Minister said that Mysore on the contrary had a fairly good share in the industrial expansion schemes of the country. He listed the number of industries started in the last ten years and expansion schemes that would be taken up during the Third Plan. He said that industries like Rayon pulp in North Kanara, aluminium plant it Dandeli two paper plants and a plant for the manufacture of colour film had already been sanctioned besides the grant of one lakh spindles.

There was absolutely no need for any fear about State's industrial development. It was merely a wild propaganda of the opposition, and people should not heed it, he added.

NEPALESE IN INDIA SHOULD BE THROWN OUT

Sri Narpratap Thapa, Nepalese Ambassador in India said at Delhi on Saturday that Nepalese who opposed to the present regime in Nepal were working from the soil of India to bring about a rift in the relations between Nepal and India. These anti-national elements should be ruthlessly thrown out of India.

Founder's Day

Mysore, Feb. 19

The Founder's Day of the Dalvoy Educational Institutions was celebrated here for three days from Feb. 16. As a part of the celebrations a arts, crafts and science exhibition was held, which was open to the public. Hundreds of people paid a visit to the exhibition.

As part of the celebrations, the anniversary of the middle school union, Veerabhadra Mudaliar day, Govindaraja Mudaliar and Nandibasappa Day and anniversary of the High School Students Association were also held.

BTS WORKERS STRIKE

Bangalore, Feb. 19

The employees of the Bangalore Transport Service, a State-owned concern, with a over-whelming majority, have decided to go on strike in a ballot held on Saturday. This was as a result of the failure of the Union and the Government reaching an agreement in regard to revision of pay and scales.

The conditional bonus sanctioned to the B T. S. regional workshop and Bangalore Division employees, was not received though they were offered.

JUSTICE FOR ALL

Bangalore, Feb. 19

Union Dcfence Minister Krishna Menon said here on Saturday that the policy of the Government and the Congress was to do social justice to all and not to allow monopoly of a few.

Addressing a mammoth gathering at the Corporation Stadium on a pre-poll propaganda Sri Menon refering to persons and parties carrying a tirade against him, said "We are not fighting for individuals, but for a policy.'

The Defence Minister speaking for about 60 minutes detailed the policies and programmes of the Government which aimed at bringing to fruitation the declaration made by the Congress as far as back 1930. He expressed confidence of Congress success at the polls. But he said that 'We must approach the elections with clean hands. We have to help the country march on the path of prosperity and peace.'

NEED FOR SELF-SUFFICIENCY

Bangalore, Feb. 19

Union Defence Minister Krishna Menon said here on Saturday that the freedom of the country could be maintained if they were not dependent upon any other nation particularly in the field of defence.

The Minister was inaugurating the celebrations at Bharat Electornics to mark the production of the millionth valve.

Sri Menon said that independence meant not merely constitutional and fundamental rights of the people nor a higher standard of life, but their capacity to contribute to the peace of the world. People should strive hard to make the countryself-sufficient so that they were not drawn into complications already existing in the world.

Governor Sri Jayachamaraja Wadiyar, who presided, explaining the great significance for electronics, said that there was hardly any field of human life and activity today in which electronics had not played a vital role. The application of this branch of science to human life had a profound influence on industry and agriculture, on the health and well-being as well as the economy and social activities of the people. The Governor paid tributes to the vision of the Defence Minister.

Brisk And Heavy Polling

(From Our Reporter)

Mysore, Jan. 20

There was very heavy polling specially in Chamarajangar constituency yesterday, the percentage being as high as 80 per cent.

The polling in eight Assembly and one Lok Sabha constituencies in Mysore District went off peacefully.

A party of pressmen who made a 130-mile tour in Bannur, Santhemarahalli, Yelandur, Chamrajanagar, Gundlupet and Nanjangud witnessed keen enthusiasm among the rural folks to exercise their franchise. In some of the booths, women voters outnumbered their counter-parts. Many "Bibis" were seen standing in queue to cast their votes.

At Bannur, there was very little polling in the morning on account of car festival and only in the afternoon there was heavy polling.

At Aloor near Chamarajanagar, a blind man was helped to exercise his franchise.

The police had made perfect arrangements and no untoward incidents were reported.

Sri Quadir Ali, DIG and Sri P. V. Rao, DSP, went round all the constituencies yesterday.

Defective Ballot Boxes

The Praja Parishad in Jammu has complained about the defective ballot boxes and demonstrated yesterday that they could be opened without breaking the seal.

The boxes were opened after being sealed by pressing their rear side to which the lid is attached. Even when the lid was thrown open the seals remained in tact. The lid could be replaced on the ground and the lid pushed back on it.

These boxes were stated to have been supplied from Andhra Pradesh. On information, the Chief Election Commissioner left for Jammu to find out the defect.

INDIAN DESTROYERS

The State-owned Mazagaon Docks of Bombay plan to undertake shortly the construction of two minesweepers and destroyers for the Indian Navy.

Polling Sidelights

REFUSE TO HAVE INK MARK

A lawyer who went to the polling station yesterday at Bangalore refused to be marked by indelible ink, as required by law before exercising his franchise.

The lawyer considered it a sign of "slavery" to have the ink mark and told the Presiding Officer that he was entitled, under the Constitution, to get an identity card from the Returning Officer, if there was any doubt on that score.

The Returning Officer declined to issue the ballot papers unless he complied with the regulation. The lawyer then walked out of the booth without voting.

LAST DESIRE

An octogenarian woman had her desire fulfilled when she was taken to a polling station in Prime Minister Nehru's parliamentary constituency in Allahabad to execrcise her right of franchise.

The woman, who was confined to bed told her grandson that it was her last desire to cast her vote as she might not live till the next general elections. The grandson took her on his shoulders to the polling booth.

HIS DOUBT

An old man in Ulsoor booth at Bangalore would not agree to accept the ballot paper issued by the officer to exercise his franchise, as he had already with him a paper which had been given to him for use. the identity slip.

The voter was doubtful about securing any other paper. The officer, however, persuaded him to use the ballot paper.

EUNUCHS ARE MALES

A large number of eunuchs, who turned up at a polling booth in Lucknow, expressed amazement at they being enrolled in the electoral role as male voters.

When they queued along with women, police objected to it and asked them to to join the queue of men.

Demonstration By Govt. Staff

CONSTITUTIONAL

The Supreme Court yesterday declared that Rule 4-A of the Bihar Government Servants' Conduct Rules, as unconstitutional and void insofar as it prohibited " any form of demonstration " by Government servants.

The Court ordered that the rule should be struck down as far as it prohibited any form of demonstration because it was violative of the Fundamental Rights of freedom of speech and expression.

Insofar as it prohibited a strike, the rule could not be struck down since there was no fundamental right to resort to a strike.

FOREIGN EXCHANGE CASES

About 1,950 fresh cases were registered under the Foreign Exchange Regulation Act, last year, as against 1,690 in 1960.

Last year 409 cases were adjudicated and the total penalty imposed was Rs. 11 lakhs. Foreign exchange worth about Rs [illegible] was confiscated.

The U. S. Envoy, Mr. John Kenneth Galbraith announced yesterday that agreements had been concluded with the Government of India providing for American grants totalling Rs. 25 3 crores to five projects

Two of the projects receiving the largest grants are the malaria eradication programme and the scheme of doubling grain storage capacity. The other projects relate to the training of engineers and craftsmen.

Polling Sidelights

GOOD FOR TILAK

The marking rubber stamp, with a cross inside a circle, yesterday proved too tempting to some women voters in Earrukabad in Uttar Pradesh, who used it for putting "bindi" on their foreheads. They left the ballot papers unmarked.

STAMPED THE STOOL

At Jeorakalyadpur polling station some of the illiterate voters stamped the stool instead of ballot papers. The voters had been told to place the ballot paper on the stool and then stamp it

FINDING THE PICTURE

At another polling station, set up in a school building at Pilibit, an illiterate voter entered the polling booth but did not come out. Becoming suspicious, the polling officer peeped into the room and found the voter scrutinising the pictures and maps hung in the school room to select one of them for marking the stamp. He had been told to put the stamp against a picture.

CHOLERA AREA

Mysore, Feb. 23

Joint Space Probe

KENNEDY ACCEPTS K'S PROPOSAL

The United States President Kennedy has welcomed the proposal of the Soviet Premier Khrushchev for the joint exploration of space.

In a message to the Soviet leader, Mr. Kennedy said: "I welcome your statement that our countries should co-operate in the exploration of space. I have long held this same belief. I am instructing the appropriate officers of my Government to prepare new and concrete proposals for immediate projects of common action".

The U.S. President told newsmen that when astronauts leave the planet, they should leave their nationalistic differences behind them.

He had invited all nations including the USSR to make a common effort in the following fields: weather satellites, communications satellites and research concerning Mars and Venus.

Disarmament Summit

HEADS OF GOVT. MUST MEET-K.

The Soviet Premier Khrushchev stated yesterday that he was grieved at the West's rejection of his proposal for the Geneva disarmament conference to meet as summit level and hoped that they had not yet said their final word on this.

He said that "a definite measure of trust and confidence, without which it is impossible even to approach the solution of disarmament questions may be achieved only by those who bore supreme responsibility to the peoples of their countries".

He added that "no one else but the Heads of Government bear this responsibility".

Russia considered her own disarmament proposals a foundation for agreement without prejudice to either side, but was prepared to examine other proposals if they offered a solution to the problem, he said.

Mr. Khrushchev also said that Russia "is prepared to recall home, right now, its troops stationed abroad, if the Western Powers do the same".

COW-DUNG GAS PLANTS

A proposal to popularise the use in villages of gas plants utilising cow-dung is under the consideration of the Central Government.

80 to 100 lbs of cow-dung, which can be collected from 5 to 6 animals, will produce sufficient methane to provide lighting and fuel for a family of 6 per day.

The cow-dung becomes richer in Nitrogen after fermentation and is therefore valuable as manure.

In view of the obvious advantages of utilising such plants, the Government of India are considering a scheme of payment of a subsidy in the initial stages to villagers and also providing the necessary training to block staff in the working and servicing of such plants.

SPACEMAN GLENN THANKED

The U.S. President Kennedy yesterday decorated spaceman John Glenn with the Distinguished Service Medal and said his orbital flight had advanced the scientific knowledge of mankind as a whole and that it proved humanity's capability for the conquest of space. He expressed the nation's thanks to Glenn.

He hoped that another member of the U.S. armed forces would plant the American flag on the moon before the decade was over.

Vengeful Voter

A woman voter smeared the face of a polling clerk with the indelible ink used for identifying the voters, who cast their votes.

The incident occurred in Chohtun constituency near Jodhpur. The ink mark made on her finger by the polling clerk, enraged the woman who smeared the face of the clerk as vengence.

As if not contented with this, she also affixed the stamp on the forehead of the clerk while returning it after casting her vote.

Higher Education For Women

GOVERNOR'S PLEA

Mysore, March 1

The Governor, Sri Jayachamaraja Wadiyar stressed the need for higher education for women in the country.

Delivering the valedictory address of the Maharani's College Association on Tuesday, the Governor said that modern civilisation required that all persons without exception should participate in the work of the country and of the world and none should give up entirely to a small unit the talent and the zeal that were meant for society as a whole and mankind. The world could progress only if all persons regardless of sex or race strived and utilised their talents for the benefit of human knowledge and human happiness.

He said that the University trained and stimulated the talents and worked not only for the advancement of the knowledge but also for its transmission to future generations through teachers and books. "Whether a person has to work for a living or not, whether one enters a profession or not, the University education will have instilled a high partiality for knowledge, a scientific habit of thought, a measure of thoroughness, self-reliance, and seriousness and a urge towards social harmony and public service", he added.

The Governor expressed his gratification that the women's education in Mysore had been greatly growing and prospering and that the Maharani's College was an "impressive visible symbol of that great advance.

He distributed prizes to the various winners in music ond other competitions.

In appreciation of the good work done by the College Association the Governor announced a personal donation of Rs. 1,000.

Kumari Gayathri Devi, daughter of the Governor and a student of the College garlanded His Highness.

Earlier, Smt. Jayalakshammanni principal welcomed thegathering.

Higher Education For Women

GOVERNOR'S PLEA

Mysore, March 1

The Governor, Sri Jayachamaraja Wadiyar stressed the need for higher education for women in the country.

Delivering the valedictory address of the Maharani's College Association on Tuesday, the Governor said that modern civilisation required that all persons without exception should participate in the work of the country and of the world and none should give up entirely to a small unit the talent and the zeal that were meant for society as a whole and mankind. The world could progress only if all persons regardless of sex or race strived and utilised their talents for the benefit of human knowledge and human happiness.

He said that the University trained and stimulated the talents and worked not only for the advancement of the knowledge but also for its transmission to future generations through teachers and books. "Whether a person has to work for a living or not, whether one enters a profession or not, the University education will have instilled a high partiality for knowledge, a scientific habit of thought, a measure of thoroughness, self-reliance, and seriousness and a urge towards social harmony and public service", he added.

The Governor expressed his gratification that the women's education in Mysore had been greatly growing and prospering and that the Maharani's College was an "impressive visible symbol of that great advance.

He distributed prizes to the various winners in music ond other competitions.

In appreciation of the good work done by the College Association the Governor announced a personal donation of Rs. 1,000.

Kumari Gayathri Devi, daughter of the Governor and a student of the College garlanded His Highness.

Earlier, Smt. Jayalakshammanni principal welcomed thegathering.

P.G. Course In Medicine

CITY FATHERS' DEMAND

Mysore, Mar. 2

The City Municipal Council on Wednesday adopted a resolution urging the State Government to re-consider their decision and start the post-graduate courses in medicine and surgery at the Mysore Medical College.

Both the Congress and the Opposition members strongly criticised the attitude of the Government and pointed out that their decision in having the PG course at Bangalore was against the stand of the Mysore University. It would greatly affect the interests of the city, particularly that of the student community, they stated.

Sri B. Narayanaswamy warned that if the Government did not retrace their decisions, the repercussions would be very serious. He hoped that the interest of Mysore City would not be overlooked. It was very unfortunate, he said that the Government had defied the decision of the University to satisfy some vested interests.

Messrs. M. K. Lingiah, Vedantha Hemmige, Sanjiviah, Somasundara Sharma and others deplored the step-motherly attitude of the Government towards Mysore City.

The Council authorised the President Sri Kempe Gowda to take all steps to implement the decision of the Council

There will be a Central Legislature, to be called National Assembly with 150 members, 75 from each province, indirectly elected by the basic democrats. Six seats will be reserved for women.

The President shall appoint Governors in the two provinces.

Each province will have a provincial assembly, indirectly elected by the same electoral college of basic democrats.

The President in the Centre and the Governors in the provinces will appoint their cabinets from persons outside assemblies, absolutely outsiders.

But there will be parliamentary secretaries chosen from the Legislatures.

ESI SCHEME

Mysore, Mar. 2

Sri T. Mariyappa, Finance Minister will inaugurate the Employees' State Insurance Scheme here in the City tomorrow at 5-45 p.m. in the Townhall. Law Minister Sri Baliga will preside.

Mysore Cabinet's Resignation

Mysore, Mar. 2

Chief Minister Jatti has forwarded the resignation of the Cabinet to the Governor here yesterday.

The Governor has requested the Cabinet to continue till the new leader is elected.

Sri Jatti has summoned a meeting of the newly elected Congress members of the Assembly on March 7 to elect the leader of the Party.

Sri Jatti is in touch with the High Command.

The MPCC chief Nijalingappa and Chief Minister Jatti may be summoned to Delhi to meet the High Command regarding the election of the leader.

RECOUNT OF VOTES

Recounting has been ordered in the Parliamentary constituencies of Balarampur and Goonda in Uttar Pradesh at the request of candidates.

In Balarampur, Smt. Subhadra Joshi (Cong) had polled more votes than her Jan Sangha rival Sri Tal Bihari Vajpayee and in Goonda, Congress nominee Sri Ram Ratan Gupta, is involved in a four cornered contest.

LOSS OF VOTES IN MYSORE CITY

ENUMERATORS' SLACKNESS

CITY FATHERS' CHARGE

Mysore, Mar. 3

Sri A. Krishnamurthy Rao charged in the Municipal Council that many women in the city had to face the humiliation of seeing their husbands' names changed in the voters' list.

He said that due to slackness on the part of the enumerators, many of the voters had changed their sex, caste and age.

The City athers Falleged serious dereliction of duty on the part of enumerators, which had not only disenfranchised a large number of voters in the city but also had greatly affected the just and legitimate claims of the city having more representatives in the Assembly and the Lok Sabha.

They pointed out that large number of voters had been left out because of the slipshod method adopted by the enumerators They alleged grave irregularities in the compilation of voters' list and said instances were not lacking wherein the enumerators had changed the sex, easte and age of the voters, thereby curtailing their fundamental rights to exercise the franchise.

Decrease In Votes For Congress

Mysore, Mar. 3

An analysis of the votes polled in the general elections in Mysore State shows that the Congress vote has decreased from 52.08 per cent in 1957 to 49.46 per cent this time.

Leadership Tussle In Mysore

Bangalore, Mar. 3

Hectic activities have already been revived here with group meetings and consultations among the leaders of various sections of the Congress party on the future set-up.

Sri Jatti and Sri Nijalingappa met yesterday for 15 minutes before the latter left for Delhi. Sri Jatti is leaving today for Delhi

It is gathered that Sri Nijalingappa informed Sri Jatti of the pressure that is being broughton him by his supporters to stand for the election of the leader. He is reported to have requested Sri Jatti to consider the situation as it has emerged and try to help find a solution satisfactory to all.

A number of successful candidates are reported to have offered their seats to Sri Nijalingappa to seek reelection.

As against this, the supporters of Sri Jatti take up the stand that in the situation that has emerged after the elections, the present leader should continue for the next term also. No extraordinary situation had arisen, in which the position needs recommendation by the High Command as demanded by the other section.

Water Resources

The total annual flow of water through the rivers of India was computed in 1950 at about 1,356 million acre feet; the utilisable portion of this flow being 450 million acre feet.

Of the utilisable portion, about 76 million acre feet or 17 per cent of the usable flow (or 5.6 per cent of the total annual flow) had been harnessed up to 1951.

By the end of the Second Plan, it is estimated that about 120 million acre feet, representing about 27 per cent of the usable flow would have been utilised.

Reservoirs completed up-to-date since Independence number 147.

On the eve of the First Plan period, the irrigated area from all sources in the country was about 51.5 million acres. About 18.5 million acres more were added to this during the last decade as a result of extension of irrigation facilities throughout the country.

During the Third Five Year Plan, an additional 40 million acres of utilisable portion of the water flow would be brought under use, bringing the total to about 36 per cent of the usable flow. And about 290 million acre feet of water would still be left for exploitation in the succeeding Plan periods.

ARJUNA AWARD FOR BANERJEE

Olympian Pradeep Banerjee has been declared "Sportsman of 1961" and won the "Arjuna Award" of the Government of India.

Pradeep led India's 1960 Rome Olympic football team.

MILITARY COUP IN BURMA

GEN. NE WIN HEADS REVOLUTIONARY BODY

The Burmese Army, headed by Gen. Ne Win, seized power in Burma yesterday.

Prime Minister U Nu and five of his Ministers are reported to be in military custody.

Gen. Ne Win announced that a Revolutionary Council had been formed with himself as Chairman.

In a broadcast, the General said: "The Army has taken control of a vastly deteriorating situation. The people must remain calm, the Government servants must carry on their duty as usual and we assure you that we will make all possible efforts to serve the Burmese people's interests".

SEPARATISTS CONG; NEHRU'S CONCERN

Prime Minister Nehru is believed to have expressed his deep concern over the growing factionalism and groupism in the Congress to which the party's reverses in the elections in different parts of the country are ascribed.

He is also perturbed over the growing influence of the rightist forces, as demonstrated in the victories of Jan Sangha and Swatantra Party in Uttar Pradesh, Bihar, Madhya Pradesh and Gujarat.

The influence of the separatist forces in the South, as reflected in the numerous victories of DMK is also causing him considerable anxiety.

RECORDS

Maharani Gayatri Devi of Jaipur, who contested the Lok Sabha from Jaipur on the Swatantra ticket, has set up an election record.

She has not only won by the largest margin of 1,57,692 votes but all her rivals had forfeited their deposit amounts. Her total votes were 1,92,909.

Another record is by Krishna Menon who has polled the highest number of votes–2,97,613.

NO INVALID VOTE

Kishanpur in Fatephur district was the one Assembly consitutency in Uttar Pradesh where no invalid vote was cast.

Three candidates were in the field and they together polled 39,276 votes. Kishanpur had an electorate of 83,895.

ELECTION OF NEW LEADER

LAL BAHADUR SASTRY TO MEDIATE

Bangalore, Mar. 6

The Congress High Command is stated to be very anxious to avoid an open contest between the two rival groups led by Chief Minister Jatti and MPCC Chief Nijalingappa for election of a new leader of the Congress Legislative Party. Union Home Minister Sri Lal Bahadur Sastry is expected to arrive here tomorrow to conduct the election of the new party leader. The party meeting scheduled to be held in the morning of the March 8 has been postponed to the afternoon to facilitate the High Command representative to have discussions with the party leaders.

The representative will assess on the spot, the claims made by both Mr. Jatti and Nijalingappa that they command majority support of members and help in resolving the difficulties and try to see that an unanimous election is made. He will have full authority to settle the issue. In the event of a contest becoming inevitable, the High Command representative would first take an informal poll and declare as winner whoever gets the majority.

The supporters of Sri Nijalingappa are considering whom they could sponsor if the High Command is firm in its stand that having been unseated, Sri Nijalingappa cannot lead the party.

84 Bus Routes In Mysore Division

15900 MILES PER DAY BY MSRTC

Mysore, Mar. 7

With the nationalisation of bus transport in Mysore District from March. 5. the total number of routes operated by the Mysore Division is 84 with a route mileage of 4,551. In addition, Hassan Division operates 3 routes and Bangalore division one route. Thus the total road mileage covered is 1,226. The additional service mileage on account of the scheme is 11,753 miles per day

The Mysore Division now operates 15,905 miles a day including the City Service. 122 buses are on road daily.

A divisional headquarters has been set up in the city.

Sri K. R. K. Murthy incharge of the new Divisional Office told newsmen yesterday that 100 new buses have been added and in order to operate the high frequency services, the former bus-stand for city services, has been converted into the mofussil stand.

He said about 400 employees of the displaced operators have been provided with employment in the State Road Transport Corporation.

When his attention was drawn to the fact that private buses are being run in the nationalised routes, he said that competent authorities would look into the matter. Lack of sufficient notice to private operators might be a reason for this, he said. The decision to take over these routes was taken only on March 3, he added.

A modern bus station with up-to-date waiting rooms with baths is under construction in the city at a cost of Rs. 3.5 lakhs.

Strictures On Mysore Varsity

ENGLISH READER APPOINTMENT INVALID

Bangalore, Mar. 8

The Mysore High Court yesterday quashed a resolution of the Board of Appointment of the Mysore University, selecting Sri H.H. Anne Gowda for appointment as Reader in English under the University Grants Commission Scheme.

The court held that Sri Anne Gowda was not qualified to be selected as he did not have the requisite qualifications.

Sri C. D. Govinda Rao, another applicant to the post had filed a writ petition.

The Court was clearly of the opinion that Sri Anne Gowda's contention that any of the University authorities, including the Board of Appointment, had the power to relax any of the qualifications was untenable in law and the assertion that any of those authorities did in fact make any such relaxation in his case was likewise unacceptable.

His Lordship Narayana Pai observed that Sri Anne Gowda did not possess one of the basic qualifications required for the appointment, viz., a high second class Master's degree. As to his teaching experience, the material placed on record was of a doubtful nature characterised by a clear tendency to mislead the court.

He also observed that the affidavit sworn to by Sri Thimmaraju, Gazetted Assistant in the Mysore University had employed language characterised at once by vagueness and prevaication amounting in certain respects to actual untruth. 'We do not understand how or why an authority like the University came to file into court an affidavit of this nature. The University, obviously, acting in the interest of Sri Anne Gowda, had permitted one of its staff members to produce in the court of what appeared to be statements of facts actually recorded in official records couched in language, which had a clear tendency to mislead the Court''.

Leader's Tussel

Bangalore, Mar. 8

Sri Lal Bahadur Shastri, Union Home Minister who arrived here yesterday afternoon to conduct the election of the leader of the Congress Legislature Party, had a series of talks with various leaders.

He told pressmen at midnight that he was trying for unanimity in electing the leader and the progress he had made in that direction was 50-50. He added that if his efforts of securing unanimity did not succeed "then some other method will have to be adopted".

Sri Shastri said that mere question of majority was not going to solve the issue and there were many factors to be taken into account.

He admitted that some of the supporters of Sri Nijalingappa had made it clear to him that Sri Nijalingappa alone would be supported by them.

Although the party meeting for the election of the leader was scheduled for 11 a.m. it will take place one or two hours later.

TARGETS NOT ACHIEVED

Most countries of Asia achieved real, though modest, production gains during the 1950s' but failed to fulfil expectations raised by the emphasis they placed on economic growth in their national policies, according to a United Nations report.

NEW LOOK

The third elections have succeeded in giving the Lok Sabha a new look for all the old faces that have returned to their respective places.

Out of 358 newly elected members of the Parliamentary Congress Party, over 150 are new. The party retired 125 out of the 375 sitting members in selecting candidates. another 50 have been retired by the electors. In the result, the ratio between the old and the new is 4 to 3.

The opposition looks newer still.

RURAL WORKS PROGRAMME

Using to the fullest possible extent the man-power resources of the country and ensuring a substantial expansion in employment opportunities is one of the principal aims of the Third Five Year Plan.

The National Development Council expressed the view that during the Third Plan, in addition to creating employment through the general development programme, programme designed to provide increased employment opportunities in the rural areas, particularly during the slack agricultural seasons should also be prepared.

In pursuance of this, the Third Five Year Plan has a special programme of works for utilising man-power.

The first series of 32 Pilot Projects was launched in the 1960-61 slack season, primarily to gain experience in the organisation and direction of the programme at the State, District and Block levels.

The Third Plan envisages a steady expansion of the programme beginning with a target of employment for one lakh persons through this programme in 1961-62 there will be a step-up to 4 to 5 lakh persons in 1962-63, 10 lakhs in 1963-64 and 25 lakhs in 1965-66.

Near'y 200 projects (13 for Mysore) will start working from the current slack season.

PARLIAMENTARY SECRETARIES IN MYSORE

NEW MINISTRY ON MONDAY

KANTHI's INDICATION

Mysore, March 9

Chief Minister Kanthi indicated here today that besides Cabinet Ministers and Deputy Ministers there might be Parliamentary Secretaries in Mysore.

The new Chief Minister told Pressmen at Jaladarshini that he is flying to Delhi tomorrow to have consultations with the High Command regarding the size and the personnel of his new Ministry. He said that he would be returning on Monday probably with the list The swearing-in of Ministers would be either on Monday or Tuesday at the latest

Sri Kanthi said that Mysore had suffered on account of groupism and 'I will try to raise above it and show gesture to all persons'.

Asked whether his unanimous election as leader indicated the end of groupism in Mysore, Sri Kanthi said "I still feel there is groupism'.

The Chief Minister said that he was holding discussions with various persons regarding the formation of the Ministry. Some have suggested that the Cabinet should not be smaller than the previous one and others have said that it should be a small one. Some of them have suggested the formation of a cadre of the Parliamentary Secretaries to train in the art of Government.

Asked about the personnel of the new Cabinet Sri Kanthi said that the idea was to have 'younger blood'.

In reply to a question whether there would be regional representation in his Cabinet Sri Kanthi said if it was possible it could be done. All districts could not be represented, he added.

The size and the personnel of his Cabinet would all depend 'on the attitude of the High Command', he said.

The Chief Minister assured the citizens that he would look into the question of Post-Graduate Courses in Medical College, Mysore.

He also promised to look into the matter of convertion of Mysore Municipality into a Corporation.

About the abnormal rise in food prices, Sri Kanthi said although it was an all India policy an attempt would be made to ease the situation and that could be done only through more production.

Rise in National Income

The national income of India was Rs. 12,690 crores in 1960-61 as compared to Rs. 10,480 crores in 1955-56

The per capita income was Rs. 292·5 in 1960-61

Ideal Jawa Motor-Cycles

ENTERING 2nd YEAR OF PRODUCTION

Mysore Mar. 12

The Ideal Jawa, a motorcycle manufaturing concern in private sector, started here with the collaboration of Czechoslovakia, has entered second year.

To mark the first anniversary, a function was held yesterday at the factory premises in V. V. Puram, under the presidentship of Mr. V. Kirsbaum, Commercial Counsellor for Czechoslovakia in India

After Tea, MrF. K. Irani, Managing Director welcoming the gathering, stated that 5,000 motorcycles were produced during the last 12 months

He said that the construction of three more factory buildings was progressing and they hoped to move into the news tructures by next month. To step up production, heavy machinery from their collaborators had already arrived. The manufacture of several components including chromium plating and silencers would be taken up. REDUCE DISTRICTS AND TALUKS

HIGH POWER COMMISSION FOR PLAN SUCCESS

ECONOMY BODY'S RECOMMENDATIONS

Bangalore, Mar. 12

The Resources and Economic Committee appointed by the Government with Sri A.G.Ramachandra Rao as Chairman, has suggested among other things the constitution of an independent High Power Commission for evaluation and review of plan targets and performances.

The report is said to contain about 350 recommendations covering various departments and State-owned industries.

One of the main recommendations is the re drawing of the administrative map on a national basis. It has suggested reduction of the present administrative divisions into three, 19 districts into 15 and 171 taluks into 120.

The committee has considered the tax structure of the State as wholly, inadequate and unrealistic and expressed the view that burden of the proposed additional taxation was not at all excessive and disproportionate to the capacity of the people in the State.

It has suggested the setting up of a trading corporation as central agency for the sale of products of all State-owned industries.

The Report will be signed on March 14 and submitted to the Goverament on March 17.

Stop Aggressive Policy

INDIA TELLS CHINA

PRASAD'S ADDRESS TO PARLIAMENT

Addressing the joint session of Parliament yesterday, President Rajendra Prasad said that India had asked China to reverse her aggressive policies and restore a climate of peace on basis of the strict observance of the five principles of Panch Sheela.

The President pointed out that India had repeatedly offered the Pakistan Government to sign a "no war" agreement. But she had sought a debate on the Kashmir issue again in the U. N. and not stopped aggressive activities across the cease-fire line.

He described the outcome of the General Elections as "a significant vote of confidence" in the Government's internal and external policies and "a renewed mandate to strive strenously and with speed for the establishment of a democratic socialist society".

More Money To States From Centre

Following the acceptance by the Centre of all the recommendations of the Third Finance Commission, all the States will benefit financially.

The States will get Rs. 35 crores more in the next financial year commencing from April, as a result of the increase from 60 to 62-213 percent of the States' shares of Income-tax.

They will get a special grant of Rs. 9 crores annually for improvement of their communications.

The annual grants-in aid to States have also been increased from Rs. 39.5 crores to Rs. 52 crores.

NO FUNDS FOR HASSAN-MANGALORE RAILWAY LINE

NO INCREASE IN FARES OR FREIGHT

RAILWAY BUDGET PRESENTED

The gross traffic receipts of the Indian Railway is estimated at Rs. 524.10 crores for 1962-63 as against Rs. 501.24 crores in the previous year.

Presenting the Railway Budget in the Lok Sabha yesterday, Minister Jagjivan Ram said that the appropriation to the depreciation revenue fund will be 67 crores and the dividend to the general revenue will be Rs. 69.35 crores. A surplus of Rs. 13. 16 crores will be credited to the development fund.

The Minister said as this amount will be very much short of the expenditure that will have to be incurred, unless the railway resources are augumented, a loan (Rs. 9.88 crores) from the General Revenues will have to be taken.

The gross budget estimate of ordinary working expenses in 1962-63 is placed at Rs. 399.21 crores, Rs. 14.39 crores more than the revised estimates of Rs. 384.82 crores for the current year. Taking into account a credit of recoveries adjusted in reduction of expenditure, the increase is Rs. 15.21 crores.

The Minister did not propose any increase in fares or frieght.

He said that the problem of accidents in the railways was receiving the attention of the Government and the Committee under the chairmanship of Dr. Kunzru was engaged at the task.

Sri Jagjivan Ram indicated that the question of increasing the provision of Rs. 1325 crores for the development of railways in the Third Plan was under consideration.

The estimate of passenger earnings in 1962-63 has been placed at Rs. 155 crores and Rs. 29 crores from other coaching traffic. An increase in goods traffic of roughly 15 million tons yielding Rs 22.50 crores has been provided.

The gross budget estimate of ordinary working expenses is placed at Rs. 399.21 crores or Rs. 14.39 crores more than the revised estimate of Rs. 384.82 crores for the current year.

A sum of Rs. 11.82 crores has been provided for labour welfare, besides Rs. 12.48 crores for staff quarters. Rs. 3 crores has been allotted for amenities to the passengers.

No Funds For M'lore-Hassan Line

A sum of Rs. 264.68 crores has been allotted for rolling stock, machinery, works, new lines and electrification projects. Token allotments have been made for Bangalore-Salem, Manamadurai-Virudhnagar meter gauge line on the Southern Railway. But no allottment has been made for Mangalore-Hassan railway line.

RS. 63.46 CRORE DEFICIT BUDGET

MORE FUNDS FOR DEFENCE

BUDGET PRESENTED TO LOK SABHA

The Union Finance Minister Morarji Desai yesterday presented a deficit budget of Rs. 63.46 crores.

The revenue for 1962-63 is estimated at Rs. 1305.87 crores and expenditure at Rs. 1369.33 crores.

The defence expenditure for next year would be Rs. 340.67 crores, an increase of Rs. 38.74 crores over the current year.

Internal market borrowing in the next financial year would be Rs.260crores and foreign aid was expected to be Rs. 455 crores.

Sri Desai said that a provision of Rs 1107 crores had been made in the next financial year for implementing the Third Plan.

The Finance Minister said that the new Parliament will take a decision on filling the budget gap of Rs. 63 46 crores. He indicated that there would be fresh taxation when the budget was introduced to the new Parliament.

Sri Morarji stated that despite the buoyancy of revenues, the overall deficit during the current financial year would be much bigger than anticipated. Therefore, he said everything possible must be done to enlarge the Centre's budgetary resources so as to ensure stability in the economy.

Despite the continuing upward trend in private investment, he said, a measure of stability had been restored to the general price level The general index of whole sale prices in recent weeks had been lower than a year ago.

MYSORE ASKS CENTRE

GOVERNOR'S ADDRESS TO NEW LEGISLATURE

Bangalore, Mar. 16

The Governor, Sri Jayachamaraja Wadiyar disclosed here yesterday that Mysore had approached the Central Government for the setting up of a tribunal under the Inter-States Water Disputes Act to establish her rights in the Krishna Water basin.

Addressing the joint session of the State Ligislature the Governor said that following the failure of settlement in the 1960 conference by the participating States, the Centre appointed the Krishna-Godavari Commission. But as that Commission was not competent to decide on the rights of the use of water by the various States, Mysore had sought for a tribunal.

He said that in the coming year, it was proposed to establish 1,000 new service co-operatives and also four pilot projects with ten joint farming societies under each project.

The Governor also mentioned that the work on the Mangalore All Weather Port Project, costing Rs. 13 5 crores, approved by the Centre would commence shortly.

He said that under the Centrally sponsored schemes, it was proposed to take up the nationalisation of text books by the State Educational Research Bureau, starting from the primary stage.

Speaking about the prohibition policy, the Governor made it clear that it would be extended to the remaining districts in due course

CENTRAL SUBSIDY FOR PROHIBITION

Minister Datar informed the Lok Sabha that the question of giving subsidy to the Mysore Government to offset the loss of excise revenue arising from the introduction of Prohibition in Mysore and Mandya districts was under consideration.

He said that the Central Government had received phased programme for the introduction of complete Prohibition by the end of the Third Plan only from Union Territories of Delhi and Tripura.

Success Of Geneva Conference

NEHRU'S HOPE

Prime Minister Nehru yesterday expressed the hope that the 18-nation Disarmament Conference now being held in Geneva, would lead to some progress.

He told the Rajya Sabha that there is some reason for hope because all the people are begining to realise more and more the consequences of cold war.

Warning against any failure at the conference, "if it fails it will not be easy to go back to it", Sri Nehru said: "Risks have to be taken. The greatest risk of all is not to have disarmament and not to have any agreement. Calculated risks will have to be taken and I think if once the corner is turned, progress towards disarmament might well be fairly rapid".

Adopt Modern Techniques

APPEAL TO KUMBARAS

Mysore, Mar. 17

Inaugurating the second State Conference of Kumbaras, here, at the Townhall, this morning, Sri R.S. Hukkerikar, member of the All-India Khadi Board appealed to the people engaged in village industries to adjust themselves to modern conditions and produce articles which the public wanted.

He said that they had to imbibe the modern techniques of production. Co operative methods would greatly help in the enlargement of their avocation activities ensuing better living conditions. He asked them to make best use of the facilities provided by the Government and the Khadi and Village Industries Board.

Sri H. Siddaveerappa, Chairman of the State Khadi Board pleaded for their united efforts for improving their living conditions.

Earlier, Sri R. Ramiah welcoming the gathering said that thousands of Kumbaras were in a most deplorable condition sinked in utter poverty. Although Government had come forward for their assistance, he regretted that due to various rules and regulations and "red-tapism", these uneducated Kumbaras were unable to avail any of the facilities. He urged the Government to liberalise the rules and thus help these poverty-ridden people.

Vacate Aggression Before Negotiations

INDIA'S FIRM REPLY TO CHINA

India had informed China that for any peaceful settlement between the two countries, the "necessary foundation has to be laid, in the first instance, by the peaceful withdrawal of Chinese forces from territories which have traditionally been a part of India".

The Government of India in its latest letter to China, has stated that "such action by China would re-establish faith in international law and respect for the traditional boundary between the two countries and go a long way in restoring the trditional friendship between the peoples of India and China and so assist in the maintenance of peace in Asia and the world".

India has taken strong exception to the Chinese threat of aggression against the MacMohan Line, in reply to India's protest against Chinese aggression in the eastern sector and stated that "if the threat materialises and Chinase forces attempt to cross the MacMohan Line, the Government of India would regard it as a further instance of aggression and take such action as may be necessary to meet this further aggression".

China has taken up the attitude of accusing India of aggression and, in a seeming gesture of generosity, offered to enter into negotiations to settle the border dispute.

India, on the other hand, has made it unequivocally clear that there is no boundary question at all, barring certain minor adjustments here and there

7-YEAR-OLD ALGERIAN WAR ENDS

CEASE-FIRE FROM TODAY

The seven-year-old Algerian war ended yesterday when French and Algerian negotiators agreed on a cease-fire from today.

The Algerian war started on Nov. 1, 1954, with 30 simultaneous assassinations throughout Algeria and an uprising by 3,000 insurgent troops in the Aures mountains in eastern Algeria.

It cost the lives of 141,000 Muslim insurgent combatants and 17,250 French troops up to the end of 1961.

These figures do not include civilian casualties, which rose to more than 500 deaths a month in Algerian towns.

Algerian nationalist leaders claim that more than one million Muslims have been killed since the war.

As cease-fire talks neared, the extremist secret army organisation (OAS) announced that it had set up a "shadow" Government which would aim at keeping Algeria French.

Tributes To Prasad

Prime Minister Nehru yesterday paid tributes to President Rajendra Prasad who would shortly be relinquishing his office.

He said in the Lok Sabha: "I have no doubt that every member here and others outside will feel deeply grateful to the President and will rejoice at the fact that we have had during these initial ten years of our Republic and a little before, his wise guidance and his personality which gave dignity to our Constitution.

"As time goes on, the old captains and generals pass away. Naturally, all of us feel his gap and the country itself faces a situation in somewhat different context, not only because the problems are different but because of the fact that, thus far, many of those who had guided the destinies of India were associated with the struggle for freedom, which gave them a peculiar competence to deal with matters-competence in the sense that they bridged the gap of the pre Independence period and period after Independence and bridged the gap in the minds to people and when that gap no longer remains and when the story of our Independence is matter of history and to be read in books, the context will naturally be different. No one could fill that gap today, more than our President".

Breathes There The Man . . .

One of the "thriving industries" in India, is to run down the country, not what the Government has done but what the people had done.

It is not right to run down our people Our people have their weaknesses and their good points. I think still that they are a fine people. I have faith in those people and it is because I am proud of them that I have faith in the future of this country.

We are marching step by step. Painful steps. But we have been marching and not going back. Those who are against this are like the conservatives of the Swatantra or the Jan Sangha which is 200 years behind times having a different concept of human progress

7-YEAR-OLD ALGERIAN WAR ENDS

CEASE-FIRE FROM TODAY

The seven-year-old Algerian war ended yesterday when French and Algerian negotiators agreed on a cease-fire from today.

The Algerian war started on Nov. 1, 1954, with 30 simultaneous assassinations throughout Algeria and an uprising by 3,000 insurgent troops in the Aures mountains in eastern Algeria.

It cost the lives of 141,000 Muslim insurgent combatants and 17,250 French troops up to the end of 1961.

These figures do not include civilian casualties, which rose to more than 500 deaths a month in Algerian towns.

Algerian nationalist leaders claim that more than one million Muslims have been killed since the war.

As cease-fire talks neared. the extremist secret army organisation (OAS) announced that it had set up a "shadow" Government which would aim at keeping Algeria French.

DRAVIDANAD DEMAND CONDEMNED

Prime Minister Nehru yesterday strongly condemned the DMK demanding separation from India and said: "This is fundamentally wrong thing to which every Indian must object and stoutly object".

He told the Lok Sabha that "there are some things which cannot be accepted. Here if it is war, it will be war but it will not be accepted".

It was unfortunate, he said, that some other parties encouraged the DMK.

Monitoring Posts In Neutral Nations

INDIA'S PROPOSAL TO DISARMAMENT CONFERENCE

India yesterday suggested to the 17-Nation Disarmament Conference that existing nuclear detection system could be supplemented by a series of monitoring stations in uncommitted countries.

India's Defence Minister Krishna Menon stated that whatever may be the ultimate form of the disarmament treaty, pending that there should be no nuclear tests.

He said that the Indian Government's view was that a programme of disarmament mut smove speedily, for if it moved slowly there would be suspicion.

Sri Menon pointed out that nuclear nations amounted in total population to only 500 millions. But all were potential victims of any nuclear weapons that might be used in a large-scale nuclear conflict.

It was no longer possible, he said, for any country to advance its trade, commerce or interests through war, for through war nowdays could only come destruction.

He also announced that the Government proposed to take up the Dodhole (Suvarnavati) project in Chamarajanagar taluk.

LISBON DETENUS IN GOA

Prime Minister Nehru told the Rajya Sabha yesterday that the former Governor-General of Goa and the Portuguese soldiers and other personnel in detention had been informed that they could leave for Portugal whenever they liked.

This was because Portugal's approach to the Indian suggestion to take away the 3,500 Portuguese internees from Goa had been remarkably slow, as if they do not want them back, he said.

TRIPLE BENEFIT SCHEME TO TEACHERS

Bangalore. Mar. 21

The Government of Mysore will take an early decision in favour of the triple benefit scheme for teachers working in aided primary and secondary schools in the State.

The triple benefit scheme recommended byDr.Lakshmanaswamy Mudaliar Committee envisages the benefits of pension, provident fund and insurance to teachers

The provident scheme is already in force. When the pension scheme is introduced, nearly 25,000 teachers of aided schools will be benifitted.

MLA ALLERGY TO ENGLISH

A newly elected member of the Madhya Pradesh Legislative Assembly, Sri Gulabchand Tamot (Socialist) has refused to accept the Election Commission's official certificate that he had been elected to the Assembly, because it was printed in English.

He stated that he would not accept the certificate unless it was given to him in an Indian language.

No Jatti Group In Mysore Cabinet

Bangalore. Mar. 21

The formation of a broad-based Ministry by inclusion of Sri Jatti and his supporters are ruled out at present

Chief Minister Kanthi's talks with Sri Jatti regarding the inclusion of latter's group has failed.

Sri Jatti is stated to have claimed six seats in the Cabinet. But he was told later that the time was not ripe now to broad-base the Ministry in view of the vehement opposition from the larger section of Nijalingappa's group.

The Chief Minister might announce three Ministers and six Deputy Ministers this evening.

Among the Ministers mentioned are Ramakrishna Hegde, K. Puttaswamy and D Devraj Urs. Among the Deputy Ministers are Kondaji Bassappa, S.V. Patil, Alur Hanumanthappa, K. Prabhakar, Mallikarjunappa and Dayananda Sagar.

REVISED PAY FOR TEACHERS

Bangalore, Mar. 21

The State Government had ordered payment of advance grants to aided secondary schools for implementing the revised pay scales for teachers.

If that was not done, he said, he would boycott the Assembly proceedings and offer satyagraha at the Assembly gate thereby preventing the Governor to enter the house on the opening day.

EMPLOYMENT TO WOMEN

The Conference of State Social Welfare Advisory Board Chairmen, which concluded its three-day session at Delhi considered the measures to accelerate the establishment of production units under the socio-economic programme to relieve unemployment or under-employment among women. Besides setting up handloom, handicrafts, coir spinning and other Centres as before, it suggested that additional units ancillary to larger industries, should be set up speedily in conjunction with the public and private sectors.

The Conference also considered desirable that the rural family planning clinics, should be linked with the Welfare Extension Project Centres of the Central Board in order that they might effectively fulfil their purpose and to avoid duplication.

The Board appreciated the satisfactory performance of the newly-formed Mahila Mandals in running the Centres of the Welfare Extension Projects transferred to them. About 600 Mahila Mandals and voluntary institutions has been entrusted till now with managing over 1600 centres in the rural areas.

Measures to start new condensed courses for the education of women in the age group 20-30 were also considered. It was agreed the training of 25, 000 more women under this scheme should be taken up during the Third Plan.

HEADWAY IN PRIMARY EDUCATION

A substantial expansion in primary education in most of the States was the keynote of the year 1961-62 in the education field.

It was the general experience that enrolment targets for primary education were exceeded in practically every State.

The salaries of primary teachers had been improved in Mysore, Assam, Madhya Pradesh, Orissa, Rajasthan, Uttar Pradesh and West Bengal.

An important event of the year was the setting up of an autonomous organisation, the National Council of Education Research and Training, which would establish a National Institute of Education and also set up four Regional Training Colleges to train teachers in the practical streams of the multi-purpose schools

In the field higher education the significant schemes operated under direct guidance of the Ministry included correspondence courses and evening colleges, a general education programme in selected Universities and the publication of foreign standard works at cheap rates.

A scheme of educational and vocational guidance for secondary eduation had been formulated under which the existing twelve State Bureaux would be strengthened and one bureau each would be opened in the remaining three States.

Sino-Indian Border Dispute

NO MEETING WITH CHOU IN NEAR FUTURE: NEHRU

Prime Minister Nehru stated yesterday that he did not rule out arbitration to settle the Sino-Indian border dispute. But he made it clear that he had not been thinking on those lines, nor had there been any third party suggestion in that respect on the horizon.

He was asked to comment on Sri Jayaprakash Narayan's suggestion for a settlement of the Sino-Indian border dispute by referring to arbitration.

Sri Nehru said: 'These questions are seldom arbitrable. But I would not rule it out if circumstances are proper and both parties are agreed and suitable arbitrator is appointed Normally it is not done-- sovereignity and all that is there".

The Prime Minister clarified Government's stand in the light of the latest exchange of correspondence with Peking and said a new treaty over Tibet would not be worth the while when the old one had not been fulfilled.

Sri Nehru said that there had been no talks of his meeting Mr. Chou En-lai in the near future. Any future talks, at whatever level, would have to be based on the reports of the officials, although the Chinese Government had not even considered or published them in their country.

SCIENTIFIC RESEARCH

A significant increase in the activities and expansion in all fields of scientific research and cultural affairs was noticed in 1961-62 according to a Report of the Union Ministry of Scientific Research and Cultural Affairs.

For development of modern Indian languages, a provision of Rs. 15 lakhs had been made for Central assistance on projects of publications in various Indian languages.

The Ministry introduced a scheme to assist theatre organisations to put themselves on a sound financial footing. Besides, grants amounting to Rs. 1,50,000 were sanctioned to 20 theatre groups for production of Tagore plays.

Under the scheme of assistance to eminent writers and artists in indigent circumstances, 313 persons had so far been given assistance by way of monthly allowances or lump sum grants.

The total number of National Laboratories and Institutes had increased to 27. Manufacture of six products for which processes were developed by the National Laboratories were leased to Industry.

The CSIR had also sponsored 486 research projects.

In order to give encouragement to younger scientists the Council had decided that normally no scientist would serve on more than ten committees and the half the delegates deputed abroad should be scientists below forty.

During the year the total admission capacity of all technical institutions in the country had expanded to about 15,250 for degree courses and 27,360 for diploma courses.

Large-Sized Ministries

NEHRU'S DISAPPROVAL

Prime Minister Nehru yesterday disapproved the large size of State Ministries and said that the suggestion for broad-based Ministries did not mean that the number should be growing.

He told pressmen that the Congress High Command had said that the Cabinets should be broad-based. This did not mean that all dissident groups should be represented but where there were two important groups, they should be represented That did not mean that the number should be growing

Asked whether "this contagion" would spread to the Centre also. Sri Nehru said that in regard to the Centre, one had to deal with many factors "The work in the Centre is very much wider. It has to deal with many more subjects than the States"

WOMEN'S PLEA

Mysore, Mar 23

The Echo meeting of the Trivandrum Session of the the All-India Women's Conference was held here on Wednesday. Smt. Kameswaramma Kuppaswamy, President of the MysoreBranch who attended the conference giving a review said that the Conference had decided that it should concentrate on family planning work for the coming two years. It discussed the Third Five Year Plan and appealed to women that they should participate and work to realise the targets of the Plan regarding Women's Education, Socio-Economic Programmes and Child Welfare.

The meeting congratulated Smt. Yashodaramma Dasappa on her being appointed as the first Lady Minister.

Another resolution requested the Government of Mysore to take immediate steps to convert the Mysore City Municipality into a Corporation and set apart 20 per cent of the seats for women in the Corporation.

5 KILLED IN POLICE FIRING

Police opened fire yesterday to disperse two sections of workers who had clashed in colliery town of Kothagudum in Anhhra Pradesh.

According to unofficial sources, three persons were killed in the clash and five others feared to have died as a result of police firing.

Prohibition To Be Staggered

Bangalore. Mar. 23

In his budget speech, Chief Minister Kanthi referred to the prohibition policy and said that further implementation would be staggered.

He said that 16 out of 19 districts had gone dry and the districts still wet were Raichur, Gulbarga and Bangalore. In the light of the award of the Third Finance Commission and keeping in view of our financial position, further extension of Prohibition had necessarily to be staggered, he added.

TRIPLE BENEFIT FOR TEACHERS

Bangalore, Mar. 23

The Government of Mysore proposed to introduce a triple benefit scheme for teachers in aided schools, including those managed by local bodies and schools boards.

Chief Minister Kanthi disclosing this when presenting the budget to the Assembly yesterday said that a special officer would be appointed to work out the details.

3-CRORE DEFICIT BUDGET FOR MYSORE

6-CRORE LOAN FOR CAPITAL OUTLAY

STATE BUDGET PRESENTED

Bangalore, March 23

Chief Minister Kanthi yesterday presented to the Legislative Assembly a Rs. 322.63-lakh deficit budget for 1962–63. The Budget anticipated a revenue of Rs. 9970.86 lakhs and expenditure of Rs. 10,293.49 lakhs.

He said the revenue included finance grants available from the award of the Third Finance Commission.

For meeting the capital outlay budgeted for 1962-63, it was proposed to raise a public loan of Rs. 6 crores.

NO FRESH TAXES

While the Chief Minister did not propose any new taxation fixed at Rs. 42 crores for the entire Third Plan period, he said that in due course he would place measures to increase the State's resources.

Sri Kanthi referred to the valuable suggestions of the Resources and Economy Committee and said that the Government would place before the House in due course the measures to increase the resources.

Regarding the execution of the Plan programme the Chief Minister pointed out that our performances were up to the mark. As against an outlay of Rs. 145 crores, the expenditure incurred was Rs. 142 29 crores, besides Centrally sponsored schemes amounting to Rs 7.81 crores.

Out of the capital budget of Rs 4323 43 lakhs provided for 1962–63, Rs 2747 21 lakhs had been alone earmarked for irrigation and electricity.

DISBURSEMENT OF LOANS

The total disbursement of loans and advances by the State Government during the year is expected to reach Rs. 1275.97 lakhs as against the budgeted figure of Rs. 823.26 lakhs. The increase is due to additional funds provided for loans for construction of 15,000 irrigation wells taken up during the previous year and also for flood relief operations.

DEBT BURDEN

At the end of 1960-61 the State's debt position was Rs. 38.68 crores from public debt, Rs. 90.61 from the Central Government, other loans Rs. 8.64; Total Rs. 137.93 crores

INTERMEDIARIES ON LAND ABOLISHED

Intermediaries on land have been almost entirely abolished throughout the country, declares the Report of the Department of Agriculture of the Ministry of Food & Agriculture for 1961-62. Out of Rs. 670 crores to be paid as compensation to ex-intermediaries, Rs. 164 crores have been paid so far.

Legislation has been enacted in most States for security of tenure and ownership for tenants as for regulation of rent. During the year, legislation imposing a ceiling on agricultural holdings was passed by the State Legislatures of Mysore, Bihar, Gujarat, Madras and Maharashtra.

For 1961-62, the Centre has allocated to the States Rs. 47.79 crores as grants and loans for schemes in the agricultural sector of State Plans. In addition, Rs. 25.20 crores will be given to the States as short term loans for the procurement and distribution of fertilisers and improved seeds.

It is proposed to bring under minor irrigation about 12 8 million acres during the Second Plan.

A project has been approved for a pre-investment survey of forest resources and for planting fast growing species. The survey will cost Rs. 127 lakhs and the plantation programme Rs. 275 lakhs. A scheme has also been worked out for the establishment of Central and Regional Logging Training Centres at an estimated cost of Rs. 30 lakhs.

Edited, Printed and Published by G.L. Swamy at Samachar Press, J.M. Palace Road, Mysore.

AWARDS FOR TEACHERS

Bangalore, Mar. 23

Chief Minister Kanthi disclosed here that the State Government has decided to institute State Awards for teachers in schools on the pattern of National Awards.

He said there would be 15 annual awards, each of the value of Rs. 300. Of these, five would be for teachers of high and higher secondary schools and 10 for primary school teachers.

AYUB MEETING NEHRU ?

President Ayub Khan of Pakistan yesterday suggested preparatory talks by officials or Ministers on Kashmir before he visited Delhi to discuss the differences with PrimeMinister Nehru.

PEARL BUCK IN DELHI

Mrs. Pearl Buck, the noted American novelist and Nobel laureate in literature who arrived in Delhi yesterday stated that she proposed to write a few short stories on the Tibetan refugees. She added that she was now working on a novel based on Korean history.

Mrs Buck said that she had visited India 30 years ago. She had come to India now as she had not seen the country after Independence. Another purpose was to explore the possibility of making a motion picture in India on a story written by an Indian author.

She did not think she was competent to produce a book on India. In spite of her close contact with India and Indian affairs, she said she did not think she had the requisite deep experience to write on India.

RIVER BOARDS

The Government of India has written to the State Governments for the establishment of nine river boards for the Mahanadi, Narmada, Tapi, Mahi, Krishna-Godavari, Sutlej, Beas and Ravi, Yamuna, Cauvery and Ajoy basins.

This is being done with a view to controlling and regulating the supplies of the inter-State rivers for optimum utilisation, and dealing effictively with the problems in respect of irrigation, hydel-power generation flood-control, soil conservation.

Reviewing the activities of the Union Ministry of Irrigation & Power during the current financial year, the report indicates that 76 per cent of the irrigation potential, available at outlets, was irrigated in 1960-61, as compared with 72 per cent in 1959-60. In terms of actual figures the potential at channel outlets was 13 million acres, the gross and net areas irrigated being respectively 10 and 9 million acres in 1960-61.

The total irrigation potential, remaining to be utilised at the end of the Second Plan, was about three million acres. During the Third Plan, an additional irrigation potential of about 16 2 million acres is expected to be created.

The installed generating capacity in the country increased from 3.4 million kw. to 5 7 million kw. In 1961-62, an additional generating capacity of 5,95,000 kw. is likely to be commissioned.

NATIONAL INTEGRATION THROUGH SOUL-FORCE

VICE-CHANCELLOR'S PLEA

Mysore, Mar. 24

Sri N. A. Nikam, Vice-Chancellor inaugurating a Seminar on Problems of National Integration, here yesterday, stated that it was through freedom alone that an enduring integration of a nation's life was possible. The imposition of an ideology or dictatorship on a people might integrate them in a mechanical and superficial way but history had shown that reactionary forces would start, sooner or later, in such a society, he added.

The three-day seminar is organised under the joint auspices of the Indian Committee for Cultural Freedom and the University of Mysore.

Sri Karnik, Secretary of the Indian Committee for Cultural Freedom welcomed the gathering.

The Vice-Chancellor pointed out that the struggle for freedom which integrated India by the unity of its mighty purpose and by the cohesive power of the moral leadership of a great man appeared to have changed after its Independence, into a divisive force, where every little part or interest multiplied by a hundred fold and was tending to revive old rivalries of the historical past, and creating newer conflicts, such as "groupisms".

Sri Nikam said that national intergration was not mearly the problem of tolerance. A tolerance which passively looked on and left the state of affairs what they were was not a good one. It was not also the revival of the old nationalism of the 19th century. The integration of a nation was primarily a moral awakening which a nation should do something and gave them the vigour of a rejuvenated life. An important aspect of the problem of national integration, he said, was the re-discovery, under a new context, of the Noble Middle Path (avoiding the evils of extremes) which led the nation to its salvation through its own efforts.

The problem of national integration, Sri Nikam said, assumed different aspects and called for different solutions in different spheres and situations. In the sphere of practical reason, which ought to govern practical politics, the problem imposed on them the obligation of reaching a rational compromise on issues of national importance in the internal and external affairs of a nation.

In a country such as ours, he said, with a very long historical past, historical memories tended to reappear themselves creating tensions and conflicts. So they had to inspire a new life in the nation not withstanding the divisive memories of a historical past. Therefore, as a part of the problem of national integration there should be rewriting of history in which they ought to discover the unrecorded history (success of soul-force) of our national life, he said.

"As a nation of philosophers, we have held all the possible divergent views that any one could hold about the nature of reality. But in the sphere of realisation or 'Sadhana' all the divergent schools of philosophy appear to have united to evolve a common philosophy of 'Sadhana'. Therefore both in our history and in our philosophy and in our leadership, there are insights that we can derive in our efforts to bring about national integration now. Our task should not be so difficult as it would seem to be", he concluded

Prof. A.B.Shah proposed a vote of thanks.

URGE FOR CORPORATION

Mysore, Mar. 24

Sri A. Krishnamurthy Rao has tabled a resolution fos the Municipal Council to be held on March 30 stating that "it is rather painful that Hubli-Dharwar had been converted into a Corporation while the request of a major Municipality like Mysore has been kept by and urges the Government even now to direct issue of early orders with regard to the conversion into a Corporation".

SOVIET-US OUTER SPACE CO-OPERATION

The Railways have agreed to deploy over 1,000 wagons more per day during 1962 in order to relieve the transport bottle-neck and the consequent crisis in coal supply to industries.

Population Explosion

The world is suffering from a population explosion. Today it is already 2,750 millions and increasing by nearly 50 millions a year--about 140,000 every 24 hours, 100 every minute.

The population explosion is very unevenly distributed. The highest increase is in the under developed countries with the lowest standard of living, notably in Asia and Latin America.

About three-quarters of the inhabitants of Asia are under-fed At the moment the increase of Asian food-production just about covers the increase in mouths to be fed--but only at a quite inadequate level. Any increase in human multiplication-rate will make the nutritional level still more inadequate.

LISBON SOLDIERS TO CAMP OUTSIDE GOA

Prime Minister Nehru told the Lok Sabha yesterday that if there was delay in the repatriation of the Portuguese soldiers by Lisbon, they would be removed to a camp outside Goa

He said that the Portuguese has now sought to tie-up the repatriation of Lisbon soldiers and civilians from Goa, Daman and Diu with the return of thousands of Indian merchants and others in Mozambique and Angola. The Government of India did not want such a tie-up. The Portuguese soldiers could go back and "we want nothing in exchange", he added.

Journalists' Colony

CITY NEWSMEN'S PLEA

Mysore, Mar. 26

The General Body Meeting of the Journalists' Association was held here yesterday under the presidentship of Sri Agaram Rangiah.

Sri N. N. Sastry, Secretary, presented the anual report.

The meeting resolved to request the City Improvement Trust Board and the Government to allot free-sites in a centrally-situated place in the city for the formation of a Journalists' Colony.

It also urged the State Government to take immediate action for providing a new van to the Mysore Divisional Information Office instead of the present "old and rickety" van, and also a telphone to the Journalists' Association.

The following office-bearers were elected: Sri Agaram Rangiah (President), Sri A. Ramanna (Vice-President), Sri N. N. Sastry (Secretary), Messrs. K. Ramanna, H.V. Subbaramiah, M. N. Thimmiah, Rukmuddin Salak and T.P. Kodandarama Pillay (Members).

Sri Agaram Rangiah later entertained the members to Lunch at the Indra Bhavan.

ENGLISH AS MEDIUM IN VARSITIES

INTEGRATION SEMINAR'S PLEA

Mysore, Mar. 26

The three-day Seminar on Problems of National Integration, which concluded here yesterday, stressed the need for continuing English as the medium of instruction at the University stage.

The Seminar stated that as education could play an important part in promoting national integration, it should be given a very high priority in our national effort. However, national intergration should not be an explicit purpose of education and it should rather be the fruit of a good, all round education.

The Seminar pointed out that the University being the apex of the entire educational system, it should promote the spirit of free and critical inquiry. As such, the University education should be looked after by a central agency like the University Grants Commission rather than by the State or the Union Government.

The Seminar felt that in order that the intellectuals, who provided leadership in any social system, should not be split up into a number of groups incapable of easy, continuous communication with one another, there should be a common language among them. Since, English was a common language now, it should continue as the medium of instruction at the University stage.

It felt that the inter-State disputes should not be allowed to drag on and solutions should be implemented without delay and hesitation. Failing settlement they should be referred to arbitration

The Seminar stated that the working of local institutions at the village level should not be vitiated by party politics It suggested that as an experimental measure members of the panchayats in one taluk of each district should be selected by a consensus of local community.

The Seminar wanted that every citizen to take the following pledge:

"I pledge allegiance to the Republic of India, one nation indivisibie, with liberty, justice and equality of opportunity to all".

The Seminar was organised under the joint auspices of the Indian Committee for Cultural Freedom, Bombay and the University of Mysore.

NO OCCUPATION OF W. BENGAL AREA BY PAKISTAN

LOK SABHA TOLD

The Lok Sabha was assured yesterday that no part of Indian territory in West Bengal was in the possession of East Pakistani armed personnel, as reported eariler.

Deputy Minister Smt. Lakshmi Menon stated that on Mar. 11 some villagers of the Indian side (West Dinajpur in West Bengal) were engaged in removing earth from their own land which was objected to by villagers on the Pakistani side of the border. The latter contended that it was Pakistani territory from which the Indian villagers removing earth. But the Indian police authorities persuaded the Pakistani villagers to go away from Indian territory.

Defence Minister Krishna Menon gave a further reassurance that our army corps were there and there was no need for anxiety of any forcible occupation of the territory by the Pakistanis.

Dignity Of Labour

U.S. EXPERT'S PLEA TO INDIAN WORKERS

Mysore, Mar. 30

Mr. U. G. Eklund of the U S. Technical Co-operation Mission in India stated here today that in India a sense of dignity of labour was lacking.

He told newsmen that the workers should feel that they belonged to the company in which they were serving and proud of their jobs.

He said that it was not the money that was all important but there were other things to ensure the operation of the plant a smooth one.

About the industrial peace, Mr. Eklund said that it could not be secured by mere increase in wages. But there were things as the arts of management and dealings with the labour. He felt that wages could not be based on the cost of living index, but it had to depend on production.

In his opinion, there should not be any multiple labour unions, which would tend only to the disruption of the industry. There should be one union for one industry.

The U. S expert expressed happiness over the rapid industrialisation in India.

Sri N. N. Sastry, Secretary of the Journalists' Association proposed a vote of thanks

Sri F. K. Irani, President of the Mysore District Productivity Council also thanked Mr. Eklund for visiting the city.

AGRICULTURAL IMPLEMENTS

The bulk of the agricultural implements and allied farm equipment required for Indian agriculture is now being produced inside the country. Excepting for agricultural tractors there is no sizable import programme. There is near self-sufficiency in the production of power-driven pumps and diesel engines.

The Third Plan requirements of power driven pumps is estimated to be 1,50 000 pumps. Fourteen new producing units have been already licenced which together with existing units would raise installed capacity to 1,47.901 pumps per annum.

It was estimated that there were about 20,000 tractors in use in the country at the beginning of the Second Plan This number increased to about 35,000 by the end of the Second Plan. Most of the requirements in tractors is still being met by imports.

Students Cheated

A case of how some students, anxious to better the educational qualification, were cheated by some bogus educational institutions has been detected in Indore.

The cheats took advantages of the rules of the Madhya Pradesh secondary education board which allows candidates from all parts of the country to appear privately for the Board's examinations, if examination forms were forwarded by the principals of the secondary schools of their respective States. Two institutes at Ahmedabad and Hyderabad made the students believe that all the required formalities would be completed and Rs. 100 to 150 were charged, although the examination fee was only Rs. 45.

Sweeping Remarks Against Officials

COMMISSIONER RESENTS

Mysore, Mar. 31

Hot words were exchanged between a member and the Commissioner, at the meeting of the City Municipal Council, last evening.

Sri A. Krishnamurthy Rao alleged that no action was being taken by the authorities in regard to petitions. He said there was neglect of duty and asked " what sort of officials are they when they cannot implement the resolutions and recommendations of the Managing and Works Committees".

He further alleged that there were instances where officials had neglected their duties and passed "irresponsible remarks". "We can bring censure motion against them", the member said.

The Commissioner interrupting said: "This sort of talk about the officials is bad and it will injure the feelings". He was very sorry about remarks of the member.

He appealed to the President not to allow such remarks to be passed by members.

Both the member and the Commissioner then exchanged hot words

Sri Vedantha Hemmige raised a point of order that the remarks made by Sri Rao was a direct charge against the executive officers and they should not be allowed.

Sri Srikanta Sharma said that there was no point of order as the councillors had the right to point out the various lapses or failures of the officers.

Sri Doddathammiah, another Congress member regretted that such a sweeping remarks against the officials should not have been made.

President Kempe Gowda ruled out the point of order. However he made it clear that he had often asked Sri Krishnamurthy Rao not to pass such sweeping remarks. If there were any failure of duty by the officers, they could be brought to his notice.

Forge Integration

CALL TO WRITERS

The seminar on the role of the writer in promoting national integration held at Delhi opined that the lack of a common national purpose, as in the days of the freedom struggle, was the main cause of the fissiparous tendencies in the country.

It felt that this deficiency should be filled by setting before the nation an inspiration.

Vice-President Radhakrishnan inaugurating said that a large purpose should be created which would bind the people together making them feel that they belonged to one great whole.

He said that caste had ceased to be a social evil, but had be come a political evil and an administrative evil. The danger to our country was not from outside but it was from within. They had to fight them if our country was to grow into a modern civilised nation.

He called upon the writers to help in the promotion of national integration by spreading noble ideas and "sane thinking" through their writings.

To Be Mum : City Father's Protest

Mysore, Apr. 4

A city father refused to put any interpellations as a protest against the 'infringement on the right of the Councillor'.

At the meeting of the Municipal Council yesterday, Sri S. Sanjiviah raised a point of order asking why only a part has been admitted in his interpellations and demanded that the concerned file be placed on the table.

The President refused to place the file on the table.

Sri T.V. Srinivasa Rao pointed out that the member had a right to ask for the concerned file. The President over-ruled the points-of-order raised by the members.

CIVILIAN GOVT. BACK IN SYRIA

The Syrian army which took over the Government on last Wednesday handed back power to the civilian Government yesterday.

President Nazeem El Kudzi had been reinstated and that the Constituent Assembly was resuming its functions.

It is reported that the army agreed to return to barracks and the seven Colonels who staged the coup agreed to resign and go into voluntary exile. This was as per an agreement between the President and the representatives of all sections of the Syrian armed forces.

Mysore Corporation

CITY FATHERS' PLEA

Mysore, Apr. 4

The adjourned meeting of the City Municipal Council yesterday reiterated its earlier request urging the Government to take immediate steps for the conversion of the Municipality into a Corporation.

Sri A. Krishnamurthy Rao moving the resolution stated that it was rather painful that the Hubli-Dharwar Municipality had already been made into a Corporation while the request of a major Municipality like Mysore, the second largest in the State, had not been conceded.

TRAGIC DEATH

Mysore, Apr. 4

Bhagwanta Rao (58), an employee in the Lakshmipuram Post Office died under tragic circumstances last evening.

It is reported that while he was nearing the New Statue Square at 7 p.m. he stumbled on a stone and died immediately on the spot

NO MAJOR CHANGES IN BORDERS

Bangalore, Apr. 4

Chief Minister Kanthi reiterated in the Assembly yesterday the stand of the State Government that there should be no major adjustments in regard to Mysore-Maharashtra borders, and that there could only be minor adjustments.

ADJOURNMENT MOTION FAILS

Mysore. Apr. 4

At the Municipal Council yesterday a motion moved by Sri Srikanta Sharma to adjourn the House to 5-30 p.m. to discuss the Commissioner's action sought to be taken in respect of evication of Guzari merchants, fell through.

Sri B. Narayana Swamy raised a point of order stating that it was not an urgent matter of importance for giving priority over the scheduled subjects.

The President upheld the point of order.

Sri M. N. Thimmiah withdrew his motion felicitating the Governor of Mysore for having been re-appointed, as some Councillors raised objection that it had not been included in the agenda.

PRIMARY SCHOOLS

Bangalore, Apr. 4

The question of handing over primary schools to Taluk Boards could not be opposed as they had to keep in mind the policy of democratic decentralisation stated Chief Minister Kanthi in the Assembly.

He said that every village with a population of 300 had been provided with a primary school and they had also a primary school within a radius of a mile.

Nehru Re-elected Leader

WARNS AGAINST DISRUPTIVE FORCES

Prime Minister Nehru was unanimously re-elected Leader of the Congress Parliamentary Party, yesterday.

He did not attend the meeting owing to illness

In a message to the members of the party, Sri Nehru warned against the weakening influence of caste in political working and said that casteism and other disruptive influences should be combated.

He urged on the members that in the endeavouring to carry out the policies and programmes of the party in Parliament or elsewhere they should function "with decorum, always trying to gain the understanding and goodwill on even those who oppose us". He asked them to work as "a closely knit, disciplined group taking counsel with each other and profitting by the joint consultations and fulfil our pledges to our people".

Sri Nehru is expected to finalise his new Cabinet by the end of this week.

April 9 has been tentatively fixed for the swearing-in of the new Cabinet.

The new Parliament will meet on Apr. 16.

Automatic Scooter

A British motor-cycle firm has produccd a fully automatic scooter.

A lightweight machine of 100 c.c., the "Tina"— as scooter is called— incorporates several safety features, the most important being the completely automatic tsansmission which enables the driver to concentrate entirely on traffic conditions without the distraction of clutch and gear operations. The only controls are the throttle and brake. After the engine is started, the automatic transmission takes over and the machine smoothly gathers speed. The transmission unit then automatically adjusts itself to road conditions.

Carrying two adults, the "Tina" will reach a maximum speed of 40 miles an hour. Fuel consumption is about 100 miles per gallon.

PLANNING BOARDS IN STATES

The Planning Commission has suggested the establishment of planning boards for each State.

These boards, set up on the lines of the Planning Commission, could assist the State Governments in the formulation of the main policies and solution of the basic problem of implementation.

They could have the Chief Ministers as their chairmen. Besides Finance Ministers, they could have two or three full-time members.

Starting New Industries

KANNADIGAS APATHY DEPLORED

Mysore, Apr. 6

Industries Minister Mallappa deplored the apathy of Kannadigas in exploring the rich raw materials in the State and said he did not know why private entrepreneurs (excepting outsiders) had not come forward in establishing new industries.

Presiding over the Institute Day of Sri Chamarajendra Technical Institute here on Wednesday, the Minister said that the Government would be willing to assist private entrepreneurs.

He was glad to note that after the lady members of the Advisory Council had taken over the management of the Showroom, the sales had gone up and they deserved all praise for making the Showroom more attractive.

Sri Mallappa regretted that scholarship given to students at the Institute was ridiculously low and "it is better we do not pay even this much".

He suggested that the articles manufactured at the Institute should not be too costly as it was at present. They should manufacture goods which the common man could afford to buy.

Earlier, Sri Siddalingappa, JointDirector of Industries detailed the activities of the Institute and said 450 students were undergoing training in various crafts. Sri H. Malliah, Superintendent welcomed the gathering.

P & T WORKERS' RALLY

REGULATION OF MONEY-LENDERS

The President has given assent to the Mysore Money-Lenders Bill and the Mysore Pawnbrokers Bill, both of 1961.

The first legislation introduces a unified law on the subject in the entire State of Mysore with provisions to regulate and control the money-lending transactions effectively and afford adequate protection to innocent debtors.

Money-lenders are to be licensed and will be required to keep and furnish prescribed accounts. Courts have also been empowered to direct payment of the amount decreed, by instalments.

The main provisions of the Pawnbrokers Bill are similar to that of the Money-Lenders Bill with two additional clauses relating to the issue of a pawn-ticket to the pawner in the prescribed form and to the sale of pledged articles.

P. G. MEDICAL COURSE IN MYSORE

HEALTH MINISTER'S ASSURANCE

Mysore, Apr. 10

Health Minister, Dr. Nagappa Alva assured here yesterday that post-graduate courses would be started in Mysore Medical College, either both in medicine and surgery, or at least in one of the two subjects.

He was addressing the students and staff of the Medical College.

Dr. J. J. Dharmaraj, Dean of theCollege welcoming said that the foremost issue was the P. G course in Mysore. He regretted that the Government should have reversed their decision for reasons which were not justified. One of the reason, it was stated, was that Bangalore Medical College had the facility of the Indian Institute of Science. The Dean wondered how an Institute mainly engaged in physics and engineering could be of any help to Medical students. Here in Mysore, there was the Central Food Research Institute, which was rendering great service in research and a great source of help to medical students. It was wrong to state that there were no adequate facilities in Mysore. He said "we don't want to have new diseases just to start P. G. courses".

He also pleaded for a building for an auditorium, reading room, dining hall and canteen and shifting of the present exhibition buildings as it was in the hospital zone.

Dr. Alva said that he was happy to see that this College was coming up very well. He was fully convinced that this college could be a good teaching institution for post-graduate courses.

The Minister admitted that the students had reason to be agitated over the shifting of P. G. course to Bangalore. But he deprecated their recourse to strikes. This was not what was expected from medical students.

Referring to the decision of the Government in reversing their previous order, Dr. Alva said that it might be due to financial and other considerations. But he added that "any decision taken by Government should be regular and it should not be disturbed".

As regards recognition of the MBBS degree, the Minister promised that he would see that permanent recognition was received as early as possible.

The Minister said that he would try his best to advance medical education in the State and given a lead to the other States in this matter.

He called upon the medical students to develop character and dicipline and respect the elders and teachers.

He also counselled them patience and assured that he would do everything possible to make them happy and see that the growth of their College was least affected.

First Loyalty

Mysore, Apr. 10

Revenue Minister Krishnappa disclosed here yesterday that Prime Minister Nehru was surprised when he told him that he was leaving Delhi to accept the Ministership in Mysore

Sri Nehru asked Sri Krishnappa why he was plumping for a State where there was so much quarrel in the Ministry making and the organisation.

Sri Krishnappa's reply was that Mysore being his home State, it was beckoning. Also he could not resist the pressure from senior Congressmen like Sri Nijalingappa.

However he promised that he would do his best to end this qurrel.

He was speaking at a party held in honour of Ministers, at the Government House.

INDIAN SALT FOR JAP

India will supply Japan five lakh tons of salt per year.

Race For Power

Mysore, Apr. 10

Smt. Yeshodara Dasappa, Social Welfare Minister today regretted that there was race for power rather than race for sacrifice. She added that once they got power, they wanted to stick to it, whether they were competent or not or whether they were doing any good or not.

In her opinion, a Minister should always carry a resignation letter all the time and once he felt that he was not doing any good, he should quit.

Revenue Minister Krishnappa said that in Mysore they had developed "fine arts of ministry making and ministry marring".

Agriculture Minister Rachiah said that Ministers should be prepared to face criticisms and rectify their mistakes.

He also wanted that newspapers should be run on co-operative basis to eliminate holding of papers by a few.

The Ministers were speaking at a "Meet the Press" programme at the Journalists' Association, here this morning.

Sri Agaram Rangiah, President welcomed them. Sri N.N. Sastry, Secretary proposed vote of thanks.

DANGEROUS SITUATION

Sri Jayaprakash Narayan, the Sarvodaya leader warned yesterday that a "dangerous situation may develop by 1967 when Prime Minister Nehru may not be there to give the lead to the country".

He said that Sri Nehru should have given up the Prime Ministership between 1957 and 1962 to take up the leadership of the people like Mahatma Gandhi. This would have made it easier for him to select his successor during his life-time.

The Sarvodaya leader said that forces inimical to the growth of democracy had already raised their heads in the country and they might become violent by 1967 when the Prime Minister might not be physically fit to prevent the rise of these forces.

This, he added, might prepare the ground for any dictator to take over power.

No Expansion of Mysore Ministry Now

Bangalore, Apr. 12

Congress President Sanjiva Reddy made it clear yesterday that there was no question of expansion of the Mysore Ministry now. He said, that it could be considered two or three months later.

Sri Reddy said that the present Mysore Cabinet was not small and the present team could carry on the administration. Therefore, there was no urgency in regard to any expansion of the Cabinet. His impression was that the Kanthi Cabinet was quite a 'compact and a good team'

Answering a question whether a defeated candidate could be allowed to contest a by-election, Sri Reddy said that there was no bar or prohibition on any defeated candidate to contest in direct elections. All that the High Command wanted was they should not return to the Legislature through the Council. As such Sri Nijalingappa was not barred seeking re-election to the Assembly.

Sri Reddy made it clear that the idea of the High Command was not to encourage groups when it suggested broad-based ministries. When a ministry was formed and some good people were not there, he did not mean that suggestion or advice to include them would mean that groups were encouraged.

The Congress Chief also made it clear that there was no question of any one imposing any individual to be included in the Ministry. What all the High Command did was to give its advice and it was for the leader of the party to make his final choice.

KRISHNA WATER DISPUTE

Bangalore, Apr. 12

The Chief Minister of Andhra Pradesh, Sri Sanjiva Reddy suggested here yesterday that the Centre must convene a conference of representatives of all the concerned States to solve the Krishna-Godavari water dispute.

He told Pressmen that there was no question of referring the issue for arbitration. "We have our elders at the Centre whose advice we should all accept".

Meanwhile, he did not want that projects included in the Plan, whether in Mysore, Andhra, Maharashtra or elsewhere to be stopped on account of narrow considerations. No one should try to stop the progress of the country.

VISVESVARAYA PASSES AWAY

Bangalore, Apr. 14

Bharataratna Dr. M. Visvesvaraya, the eminent Engineer–Statesman, died today at 6-15 a.m. here at his residence, at 101-years and 6 months. He was ailing and bed-ridden for the past few months.

The eminent centenarian has raised the status of the country by his meritorious service, particularly in the industrial field. Even at the advanced age, he kept up his motto "work hard" and was active, thinking always of the advancement of the country. Though physically disabled his mental power was alert.

Mysore owes a great deal to Dr. M. V. for making it not only a 'Model State' but industrially advanced State in the country.

He was responsible for starting Mysore Iron and Steel Works, at Bhadravathi, Soap and Sandalwood Oil Factories and the Chamarajendra Technical Institute at Mysore. The great Krishnarajasagar Dam, which has brought prosperity to many people was designed and constructed by this great Engineer and Statesman.

Born on Sept 14, 1861 at Mokshagundam Village in Chickballapur Taluk, Dr Visvesvaraya was graduated from the Central College, Bangalore and studied Engineering at Poona. He joined Bombay Engineering service and retired in 1909. In the same year, he was appointed Chief Engineering of Mysore State. Between 1914-18 he served as Dewan of Mysore. During these years, he executed his amazing feats of engineering skill and fully exploited the natural resources of the State and made epoch-making improvements in all departments.

Dr. M.V. was the pioneer in the field of indudustrial reform, was appointed Chairman of the Bombay Irrigation Enquiry Committee. In 1925 he became Chairman of the Indian Economic Enquiry Committee. He was the Founder-President of the All India Manufacturers' Association.

In 1956 he was awarded 'Bharataratna' by the President of India.

He was the author of many books, notable being, 'Planned Economy for India' and 'Reconstructing India'.

City Mourns

Mysore, Apr. 14

The Citizens of Mysore shed tears when they heard the sudden passing away of the grand old man, Dr. M. Visvesvaraya.

In memory of the great man, shops and establishments in the city were closed down.

At a special meeting of the Municipal Council held this afternoon, a resolution was adopted expressing great sorrow at the demise of Dr Visvesvaraya.

The staff and workers association of the Jawa Motor Cycle Factory offered their respects to the late Dr. Visvesvarya by stopping the work for two minutes.

NO FRESH TAXES

CIVIC BUDGET PRESENTED

Mysore. Apr. 14

The budget estimates for 1962-63 was presented by the Commissioner, Sri B. S. Nanjunda Gowda, at a special meeting of the Municipal Council held on Thursday.

The anticipated Receipts and Expenditure are Rs. 1, 14, 29, 230 and Rs. 1, 24, 17, 366 respectively.

The year opened with a balance of Rs. 10, 46. 420 and closed with Rs. 58, 284.

The heavy opening balance is attributed to the unexpected arrears of entertainment tax of Rs. 2. 65 lakhs, loans and grants for slum clearance scheme etc.

The Commissioner said the striking feature of the budget estimates was its accommodation for items of amenities to be sanctioned by the Council from time to time, despite the heavy burden imposed by the payment of revised scales of pay for Class IV employees.

Though there was constant increase in the expenditure from year to year he said, the receipts remained the same.

The Commissioner said, it was high time the Council took a bold step and increased the rates of various taxes and also levy professional tax. The conversion of the Municipalityinto a Corporation was being urged, might prove to be a great handicap without sufficient financial stability.

He suggested the enhancement of house tax by one per cent, lighting tax by half per cent and water tax by 2 per cent and raise the basis of rental value of houses from 10 months to 12. He also showed savings to the tune of Rs. 58, 284 by way of retrenchment of superfluous establishments.

The President, Sri Kempe Gowda told the Council that the Manging Committee had rejected the proposals of the Commissioner for enhancing certain taxes.

GOVERNOR'S TRIBUTE

Madeshwara Hill

TO BE TOURIST CENTRE

Mysore, Apr. 16

Madeshwaraswamy Hills, the famous pilgrim centre in Kollegal taluk, will shortly be made into a tourist centre.

Situated at an altitude of 2800 feet and amidst picturesque surroundings in the forest, the Madeshwara temple attracts lakhs of pilgrims from Mysore and Madras States, particularly on Mahashivaratri.

The Home Minister, Sri R.M. Patil who visited the temple along with a party of Pressmen on Friday stated that this pilgrim centre would be made into an ideal tourist centre soon.

He added that the schemes for provision of protected water supply and supply of power would be expedited.

The 20-mile road to the Hills which was hazardous for vehicular traffic, is now being made into a pucca road at a cost of Rs. 15 lakhs. The Minister instructed the PWD to expedite the work on the road. He also instructed the Forest Department to plant flower trees on the hills to make it more attractive.

Sri Patil said that the Central Government had formed a national highway on the other side of the Palar river which forms the boundary between Madras and Mysore. He stressed the need for the extension of the same highway on the Mysore side also connecting Madeshwara hills which is only 11 miles from the Palar river. This would provide a direct link between Mysore City and Salem and Coimbatore, thus cutting short a distance of 150 miles. At present there is no direct link between Mysore and Salem. The Minister said, the extension of this national highway would help the growth of commerce and trade in the area.

PEKING'S PLEA REJECTED

The Government of India has sent a reply to the Chinese Government reiterating its stand that the Sino-Indian boundary dispute cannot be separated from trade and cultural relations between India and Tibet.

Rejecting Peking's request for talks on a revised trade agreement on Tibet, India has pointed out that the very basis of that treaty, respect for each other's territorial integrity and sovereignty, has been destroyed by the illegal Chinese occupation of large chunks of Indian territory along the 2,500-mile northern border.

AGRO-INDUSTRIAL DEVELOPMENT

The Planning Commission has advised the State Governments to draw up soon schemes for agro-industrial development with a view to increasing employment potential and per capita income in the country to a " desired extent".

It has stressed the ncessity for full utilisation of Rs. 225 crores provided for the purpose outside the States' Plan during the Third Plan period.

PLEA FOR THERMAL PLANT

Bangalore, Apr. 18

Faced with an active power shortage in the State and more specially in the industrial city of Bangalore the State Government is renewing its plea with the Centre for a package thermal power generating plant for Bangalore..

The package plant will cost Rs. 120 lakhs of which the foreign exchange content will be Rs. 90 lakhs.

Public Works Minister Veerendra Patil said Mysore, with an estimated power potential of over 4 million Kws. was now having a firm capacity of 1,60,000 Kw. and an installed capacity of 2,38,000 Kw. It is estimated that the demand would raise upto about 9 lakh Kw. by the end of the Third Plan.

He said that the Rs. 40-crore Kalinadi project, which had been included in the Third Plan, was expected to generate 5 90 lakh Kw.

BIRUR-TALAGUPPA RAIL LINK

Bangalore, Apr. 18

The Indian Railway Board is contemplating to recede the terminus of the Birur-Talaguppa rail link from Talaguppa to Sagar.

The line between Sagar and Talaguppa is stated to be uneconomical as most of the tourists visiting Jog Falls are alighting at Sagar only.

The Mysore Government is against this move and has urged for extension of the line to Sirsi and Siddapur in North Kanara district.

Nepal Calumny Against India

An official Nepalese document released yesterday has accused India of aiding rebels for their hostile expeditions to Nepal.

The document said: " the latest statement of Sri Nehru that India wants to see her type of Government in Nepal is not only revolting to all conscientious Nepalese but also demolishes the foundation on which her basic beliefs, values and virtues rest".

Charging India with violation of international law, the document stated that the IndianGovernment "cannot shirk their international responsibility under the shield of their sovereignty" and added that international disputes "can be amicably settled not from the position of strength or from the posture of a big brother, but by the sincere dedication to the rule of law and legal machinery".

Delhi was surprised at the release of official document on the eve of King Mahendra's visit to India.

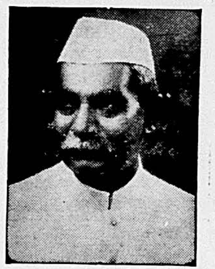
SOCIALIST SOCIETY IN COUNTRY

PRASAD REITERATES GOVT'S OBJECTIVE

FAREWELL ADDRESS TO PARLIAMENT

The President, Dr. Rajendra Prasad yesterday reiterated the Government's objective and purpose of following a firm policy to establish a democratic and socialist society in the country.



In his farewell address to the new Parliament, the President wished "all of you and our parliamentary institutions progress in strength and stability, inspire our people to more and more democratic endeavour and assist in the process of the growth of peace and international cooperation".

Dr. Prasad said that he cherished the highest regard for and confident hopes in parliamentary institutions and ways.

The President said that the Government would take effective steps to attain the goal of socialist society and said: "thus alone will national progress and increase in productivity be synonymous with social justice and dynamic progress will be peaceful and our country will march with firmness and speed".

Referring to India's role in peace-making at Geneva, he said that though no appreciable progress had been made, India would endeavour her best for the successful outcome of the disarmament conference.

Describing the food situation in the country as "quite satisfactory", the President said that agricultural production was steadily moving up. Industrial production, he said, had maintained an upward trend despite power shortages in some areas.

MEDICAL SCHOOLS TO GO

Mysore Chief Minister Kanthi announced at Davanagere that medical schools in the State would be closed down from the next academic year, as experts' opinion was againtt granting of medical diplomas.

NO ADJ. MOTION ON OPENING DAY

A new convention by which adjournment motions will not be moved on the opening day of Parliament was approved by the Lok Sabha yesterday.

NCC TO ALL COLLLGES

The Union Defence Minister Krishna Menon announced yesterday that the Government had decided to extend the National Cadet Corps training to all the country.

He regretted that the target fixed for the expansion of this popular youth movement has not been touched.

NAGA HOSTILES' CAMP IN BURMA

The Naga hostiles have opened some camps inside Burmese territory from where they are operating, stated Col Puri, Chief Secretary of Nagaland.

He said that hostile activities had gone down all over Nagaland and there had been no incident on the Kohina-Dimapur road for about six months.

TEACHERS' PAY

The All-India Council for Seconday Education has strongly urged that the question of improving teachers' salaries and dearness allowance as also equalising the emoluments of teachers in Government and non-Government secondary schools, should be taken up on an urgent basis as a Centrally sponsored scheme.

GIRL KILLED IN CRACKER EXPLOSION

Mysore, Apr. 19

Naseeda Sa, a 13-year-old girl of Mandi Mohalla was killed in a cracker explosion at her house on Tuesday.

It is reported that the father of the deceased was engaged in unauthorisedly manufacturing of crackers, when a cracker exploded causing injury to two of his daughters besides blowing off the house.

FIXATION OF MAXIMUM RENT VALID

The Supreme Court yesterday upheld the constitutional validity of Section 6 (2) of the Mysore Tenancy Act, 1962, fixing the rate of maximum rent payable by the tenants of certain specified lands.

A writ petition was filed by Sri Raghutilaka Thirtha Sripadangalavaru Swamiji and other landlords in the Mysore High Court challenging the validity of the above section on the ground that they created discrimination between landlords and infringed the fundamental rights. The High Court had rejected these contentions.

NO INTERFERENCE IN NEPAL'S AFFAIRS

The President, Dr. Rajendra Prasad yesterday assured King Mahendra of Nepal that the Government of India had not the slightest wish to interfere in the internal affairs of Nepal.

He said: "We attach great importance to the maintenance of close and cordial relations with the Government and people of Nepal. It is our wish that Nepal should progress according to its own genious and traditions".

The President was speaking at a banquet given in honour of the King.

King Mahendra in his reply requested "all friendly nations not to give expression to comments on Nepalese affairs on an unfriendly tone and language without properly understanding them".

He expressed confidence that the "prospective or imaginary wedge, sought to be driven by some elements lacking in understanding and a sense of irresponsibility between the two countries, can be easily dislodged by means of mutually affectionate smypathetic and open-hearted conversations".

SQUIRREL-GANG

Picking the pockets with the help of squirrels is the latest innovation in crime at Agra.

The members of the "squirrel-gang" let loose some tamed squirrels on some unwary pedestrians in crowded areas. While they fumble to shake off the animals, the owners of the animals rid them of the contents of their pockets.

The Agra police have so far arrested two members of the gang.

MARINE ENGINES

The Union Government propose to import 300 marine diesel engines of different capacities to the value of Rs. 30 lakhs from Japan during 1962-63 under the Third Plan scheme of mechanisation of the fishing industry.

RAIL FARES INCREASED

SEASON TICKETS AND FREIGHT RATES ALSO GO UP

RAILWAY BUDGET PRESENTED

The increase in railway passenger fares and frieghts fron July 1 was announced by Sri Swaran Singh, Union Railway Minister, yesterday, when he presented the budget estimates for 1962-63, in the Lok Sabha.

While the passenger fares in the First Class will go up by 15 per cent, in the Second and Third classes the fares will go up by 10 per cent. Season ticket fares will also go up by 5 per cent.

The basic freight rate for all goods traffic excepting railway materials, postal, military and export manganese ore will be increased by 50 nP per tonne for distance up to 40 kilometres and by Re. 1 per tonne beyond 80 kilometres.

For foodgrains, however, the increase of Re. 1 per tonne will apply only beyond 160 kilometres. The existing supplementary charge of 5 per cent will be levied as hitherto.

The new proposals are expected to yield an additional revenue of Rs. 21.26 crores during the year.

The estimated gross traffic receipts were now placed at Rs. 545.36 crores and the estimated working expenses at Rs 356.30 crores, including payment on account of increased dearness allowance. This would leave a surplus of Rs. 23.22 crores.

ACTING GOVERNOR

Bangalore, Apr. 20

Sri Mangaldas Pakvasa was sworn in as the acting Governor of Mysore, yesterday by Justice Sri Hombe Gowda.

He will officiate for the Governor Sri Jayachamaraja Wadiyar, who will be leaving Bangalore on Apr. 22 for a 11-week tour abroad.

AYUB NOT VISITING INDIA

President Ayub Khan of Pakistan has informed the Indian High Commissioner that his visiting India at present would not be worthwhile.

Slavery Still In Mysore

The system of jeethe or debt bondage is still prevalent in Mysore State and that several children are victims of this slavery. The places where this system is still in vogue are the interior parts of the State, Chickmagalur and Mysore, Hassan and South Kanara districts.

The Government of Mysore have informed the same to the Centre.

The State Government had issued orders in 1959 to warn the persons concerned that this practice was illegal and punishable under the law. Orders were again issued last year and the officers were asked to assess the effect of the steps taken by the Government. After the receipt of the report, suitable action would be taken.

WOMAN DY. CHAIRMAN FOR RAJYA SABHA

Mrs. Violet Alva, former Deputy Minister was unanimously elected Deputy Chairman of the Rajya Sabha, yesterday.

No Jeopardy For Indian Troops

SAYS DEFENCE MINISTER

The Union Defence Minister, Sri Krishna Menon declared at Madras yesterday that he would not be party to any step " which will expose our troops to unnecessary jeopardy".

He added: "Unless we have weapons, unless action is of a character that will enhance the security of our country, neither this Government nor any other Government can take the responsibility for such action".

India, he said, had gone through 15 years of independence "under a state of turbulence from our neighbours, first ten years from one and now from two. We will not, in any circumstances, take the initiative in any action that means war or tumult. But if force is used against us, we shall resist it in whatever way we like, whatever way we can".

The Defence Minister said that India's 5,800-mile land frontier and 3,800-mile sea board could not be protected by any persons or weapons being placed at every ten yards. It could be protected only by the solidarity of its people and by its industrial and economic prosperity. It was only a country that was internally strong that was respected abroad.

C'WEALTH PREMIERS' CONFERENCE

The Conference of Commonwealth Prime Ministers would open in London on Sept. 10.

The Conference would discuss the Britain's application to join the Common Market.

TRINING COLLEGE FOR WOMEN NCC OFFICERS

The Union Government is considering a proposal to start a women's training college for training officers to command women units of the National Cadet Corps, stated Sri Krishna Menon, the Union Defence Minister.

The Government was very anxious, he said, that more women should join the NCC and the proposal to start a women's college at Bombay was a sequel to this.

Sri Menon said to meet the shortage of personnel in the armed services, the Government had decided to increase the number of recruits to the Military Academy, Dehra Dun, to 200 a year.

MORE FUNDS FOR LOCAL BODIES

CITY FATHERS' APPEAL TO STATE AND CENTRE

Mysore, Apr. 21

At the adjourned Civic budget meeting held yesterday, Sri Aziz Sait said that the plea for the conversion of Mysore City Municipality into a Corporation might be thought wise before taking up the matter once again with the State Government.

With the conversion into a Corporation, he said the status of the Municipality will rise. It will also result in the increase of taxes. But the council has failed in providing civic emenities. The council should ask the Government first to take up the Chamarajanagar-Satyamangalam railway. Unless and untill the railway line is taken up, the position of Mysore will not improve. More industries in Mysore must also be established. With the problems of unemployment and various other problems, there is no use in mere raising the status of the Council, he said.

He wanted to know why they wanted to remove officers, when, with the conversion, there will be need for more executive officers. He questioned: "If you don't want the executive officers, how can you have a Corporation?".

Sri Aziz Sait also wanted either the abolition of the Vice-President's post or powers to be delegated to him so that he might be servicable to the rate-payers.

Sri M.N. Thimmiah said that it was not a progressive budget. He wanted that house tax should be levied at a higher rate He alleged that there was leakage in octroi collections. As regards market rent, a special committee should be formed to plug the loopholes The Municipal swimming pool was a big white elephant and it should be handed over to the university

Sri B. Narayanaswamy said in order to have a financial stability, they should revise their present rates The Municipal budget should be an integrated one, linked with the State and Central budget. They should get a share from them.

He said the State Government was paying more than 50 per cent of vehicle tax to the Bangalore Corporation but Mysore city Municipality was getting only a meagre amount.

There was a good deal of leakage in the collection of taxes and they should not allow their revenue to go down.

He regretted that local bodies were made to suffer as sufficient funds were not forthcoming ftom the State and Centre.

TWO FATAL DIPHTHERIA CASES

Mysore, April 21

Two fatal cases due to Diphtheria were reported in the city during the fortnight ending April 15, according to a report from the Municipal Health Officer.

TEACHERS TRAINING COLLEGE IN MYSORE

Mysore, April 23

Chief Minister Kanthi disclosed here yesterday that a regional teachers training college would be started in Mysore. The State Government had bought land costing Rs. 5.75 lakhs. He was declaring open an open air theatre constructed at a cost of Rs. 12,500 at D. Banumaiah's High School.

A Bill was also being made ready to bring about uniform rules and regulations for both Mysore and Karnatak Universities. He also said that Hebbal, near Bangalore, would soon have a rural university with agriculture as the only teaching faculty. The Ford Foundation would give an assistance of Rs. 2.5 crores and the State Government contributing Rs. 1.25 crores.

The Chief Minister referring to the plea for developing Mysore City said, that the Government was anxious to do it, but the people should come forward to make use of the schemes of the Government and start industries, for which the Government was always ready to provide assistance.

Sri Kanthi commended the Banumiah's educational Institution authroities for their work in the field of education. He said, Sri B. V. Banumiah, the Principal, was largely responsible for the early implementation of the triple benefit scheme.

Sri Nijalingappa, MPCC Chief, presiding lamented that the industrial growth of State and Mysore City had been greatlyretarted by the shortage of power. The Government had been doing their best to remove the impediments. He stressed the role of theatres in the cultural development of the society and for bringing to the fore the hidden talents of the youth.

Ealier, Sri D. B. Visvambariah welcomed the gathering and Sri Sriranagaraju, Deputy Director of Public Instruction proposed a vote of thanks.

NIJALINGAPPA'S ADVISE TO OFFICERS

Mysore, April 23

Chief Minister Kanthi today declared open the new building of the Land Mortagage Co operative Society at Krishnarajnagar, 26 miles from here.

Sri K. S. Gowdiah MLA welcomed the gathering.

The Chief Minister complimented the Society for its excellent record of work and said that it was highly creditable that the rate of collection of dues was 95 per cent and it had won first place in the State.

Sri Kanthi admitted that co-operative movement had not developed so much in Karnataka as was in old Mysore. In Hyderabad-Karnataka the movement was yet in infancy. The Government had now proposed to start a Co-operative Training Centre in Hyderabad-Karnataka so as to give a fillip to the co-operative movement. Unless the people who were in the movement had the spirit of service, co-operatives would not succeed.

The Chief Minister referring to the Kambadakada and Harangi projects, made it clear that the present ministry had not changed the decision of the previous Government taken on May 1, 1961, which was that the construction of an Anicut at Kambadakada to irrigate 25000 acres and of a reservoir on Cauvery at Lakshmipuram and a small dam at Harangi should be investigated.

Sri S Nijalingappa, President MPCC, who presided stressed the need for developing co-operatives in agriculture for proper marketing and fair return for farm products.

The PCC Chief deprecated the people's agitation or quarrel for a scheme to be located in certain place alone. He said that Mysore would have had a major harbour about 6 or 7 years back but for the quarrel among the Mangalore and other people.

Sri Nijalinappa also suggested that officials should not be made to toe with the Ministers' opinion. They should be encouraged to express their opinion without any fear. At the same time, he wanted that Ministers should act with humility and encourage officers to express their opinion freely.

Sri D. Devarajurs unveiled the portriats of late Sri B. Siddalinga Setty and messrs. Gundu Rao, Veeranna, who had rendered great service for the progress of the Land Mortagage Society.

Sri Anatharamaiah proposed a vote of thanks.

PCC CHIEF'S PLEA

Mysore. Apr. 23

Sri S. Nijalingappa, President of Pradesh Congress made a fervant appeal to all sections of people to join the Congress. It was the only organisation that was working for the upliftment of the poor and the labour class.

He was speaking last night here at the Beedi Mazdoor Association when it presented an address to the PCC Chief.

Sri Nijalingappa suggested that Beedi workers should start a Beedi Manufacturing Co-operative Society for which he assured the Government s help.

He said that he knew beedi workers were the victims of T B. He suggetted that doctors should take up this matter and find out the reasons and also remedies.

The PCC Chief said that he could name several persons who were trading in the name of Congress and earned lakhs of rupees. He was so angry against them that he wanted to debar them from the organisation. But he was glad that there were many persons in the Congress whohad lost everything and had almost become paupers. It was on account of them that the organisation existed.

Chief Minister Kanthi who presided assured all reasonable help from the Government to beedi workers.

Merger Of Goa With Maharastra

UNJUSTIFIED, SAYS MPCC CHIEF

Mysore, Apr. 24

Sri S. Nijalingappa, President, Mysore Pradesh Congress stated here yesterday that it was 'unfortunate and unbecoming' of anyone to lay claim over Goa. Even as far as back as 1952, the Pradesh Congress had decided that although culturally, historically and geographically Goa should belong to Mysore, the decision of merger should be left to the people of Goa. He said what the Central Government had done at present to Goa was a proper step and it should not be disrupted. The contention that Konkani was spoken by a majority in Goa could not be a reason for merger of Goa with Maharashtra as Konkani was a distinct language and was nothing to do with Marathi. He added that it was for the people of Goa to settle their future set-up.

Sri Nijalingappa made this statement to pressmen when his attention was drawn to a resolution of the Marathi Journalists' Convention that Goa should be merged with Maharastra.

CITY FATHERS AGAINST MORE TAXATION

Mysore, Apr. 25

Sri H. Kempe Gowda told the Municipal Council meeting yesterday that he was certain that the Mysore Municipality would be converted into a Corporation this year alone. The fear of some members, that the conversion into a Corporation would result in more taxes was wrong, he said. He was replying to the budget debate.

Speaking about the taxes he said, that though no taxes had been suggested in this year's budget new taxes had to be levied at least in the coming years to provide more amenities. A committee would be appointed to consider the suggestions for levying fresh taxes and whether citizens could afford to pay increased taxes. The levy of octroi on some more articles could also be considered favourably, he said.

Speaking about the development works he said that the Municipality was on a strong foundation. They had solved the water problem and the underground drainage.

Several members who spoke on the budget pleaded for more amenities to the public, without any further enhancement of taxes, but by economising the expenditure.

Sri M. K. Lingaiah said that unemployment in the city was increasing. He wanted no retrenchment of officials, but to start industries and inclusion of all villages within a radious of ten miles into the municipal limits including Krishnarajsagar.

Sri Kengegowda wanted immediate cenversion of the Municipality into a Corporation, extension of the limits of the City and proper town planning in the area between Mysore and Belgola He pleaded for conversion of the Bangalore and Mysore rail line into a broad gauge.

Sri Jogi Siddiah pleaded for more attention by the sectional officers to the needs of the public.

Sri Somasundara Sharma who spoke on the budget said that the temporary establishments should be discontinued by making them permanent, as they were working for nearly 10 years. As the public were already overburdened by taxes, there should be no more enhancement of taxes, he pleaded.

Sri Sanjeevaiah wanted underground connections to all the houses in the city and collect cess for that purpose He wanted construction of more dwelling houses by the Municipality, and not to tax the public and impose taxes on the Palace, which had been exempted at present.

Nehru's Appeal To Nuclear Powers

Prime Minister Nehru has appealed to the nuclear Powers to refrain from carrying out any nuclear tests and 'give a full chance to the Geneva disarmament conference to come to an agreement.'

Speaking in Lok Sabha yesterday, the Prime Minister said that any resumption of nuclear tests would surely have a bad effect on the conference and make any agreement excedingly unlikely at least in the near future. More over the tests might lead to a progressive deterioration in the atmosphere and actual conflict.

In the meanwhile the United States is going ahead with its preparations for resumed atmospheric nuclear testing. The first shot is likely to go off within 48 hours. The U. S. President has stipulated that the tests would take place late in April unless the Russians agree in the meantime to a nuclear test ban treaty. But an agreement on the ban of the nuclear test is said to be still out of sight.

MYSORE SLEEPERS FOR S. RLYS.

Bangalore, Apr. 27

The Southern Railways have agreed to buy as many sleepers as the Mysore Government could supply.

The Chief Conservator of Forests, Sri Kaikini stated that in the last few years the forest department had increased the supply substantially, but the main difficulty was lack of skilled labour to handle timber. They were trying to recruit and train as many labourers as possible. He said the revenue to the State exchequer from the sleepers had increased from Rs. 6 25 lakhs in 1958-59 to Rs. 10.38 lakhs in 1961 62.

PROFESSIONAL TAX IN CITY

TO COME INTO FORCE FROM THIS YEAR

Mysore, Apr. 27

The special meeting of the City Muncipal Council yesterday resolved to introduce Professional tax from this year.

Persons having an incomed of Rs. 3,600 per annum will be required to pay the Professional Tax.

The decision to introduce the tax was not new and it had been decided by the Council in 1959 itself.

The Council made a token provision of a credit of Rs. 2,000 under the Professional tax in the budget.

President Kempe Gowda stated that the only formality they had to observe now was to frame rules and bye-laws, necessary to levy the tax.

Messrs. B. Narayana Swamy, T. V. Srinivasa Rao and Somasnndara Sharma welcoming the decision said many officials and others who were earning huge sums were utilising all the amenities in the city but were not paying anything for that. So it was but right that they should be taxed.

Sri Govindiah, an Opposition member walked out in protest against the new levy.

Paper Leakage Racket In Lucknow Varsity

Four clerks of the Lucknow University will shortly face trial for conspiring to leak out question papers of various University examinations and manipulating answer books for enhancing the marks

The investigations have revealed a widespread racket in the University which had continued for the last ten years.

It was found that the main culprit of the conspiracy was a former peon of the Registrar's office, who had been promoted as a clerk. He along with others had obtained duplicate keys of the almirah in which the question papers and answer books were kept.

A substantially large number of candidates are suspected to have got admission in the Lucknow Medical College through unfair means.

INDIA'S SOVEREIGNTY ON KASHMIR

U.N. NO RIGHT TO DISCUSS

- KRISHNA MENON

India's Defence Minister Krishna Menon declared yesterday at Bombay that the United Nations Security Council had no right to discuss the question of India's soverignty over the State of Jammu and Kashmir which was as much a State of the Indian Union as Maharashtra.

He said: "There is no question of our sovereignty being in dispute. So long as there are people in this country with national consciousness, we shall never permit the Security Council to decide on a question of our sovereignty".

Sri Menon made it clear that no proposal would come forward from the Indian side and that "We will accept no resolution on Kashmir for putting this and that personnel here".

He told a public meeting that "We shall stand on our firm decision that the Union is one and united and no power on earth can disturb that unity".

Sri Menon left Bombay last night to New York to attend the Security Council debate on Kashmir which will commence today.

NUCLEAR TESTS FRUSTRATE GENEVA TALKS

DISARMAMENT VITAL, SAYS NEHRU

Prime Minister Nehru yesterday expressed his deep concern over the continued testing of nuclear bombs and said that the "terrible distrust" of each other on the part of great powers, as indicated by these tests, frustrated the Geneva disarmament talks.

Addressing the New Congress Parliamentary Party, he stressed that disarmament was the most vital question today and all people wanting peaceful world must be greatly exercised over the nuclear tests which would be very harmful to the coming generations.

Sri Nehru deplored the continuance of nuclear tests particularly when the Geneva talks on disarmament were already marked by an atmosphere of mutual distrust. Once the tests were started, the situation became all the more terrible and the Geneva talks would fade into nothing. He regretted that there had been competition between the major powers, the U.S. and the Soviet Union, in this matter.

Power Ration In Mysore

Bangalore, May 1

Faced with an acute power shortage in the State, the Government of Mysore might be forced to consider the proposals to ration power to existing lighting consumers.

Public Works Minisrte Veerendra Patil told pressmen that as against a firm capacity of all power generating stations in the State of 1,40,000 k.w., the peak load during evenings came to about 1,70,000 k.w.

The State was also foregoing 12,000 to 18,000 k.w. due to failure of Pelton wheel buckets at Jog It would take 18 months to replace them.

SAGAR-TALAGUPPA RAIL LINE

The Union Railway Minister had assured the Mysore Government that he would not take any hasty decision on the proposal to dismantle the Sagar-Talaguppa railway line.

The 9.43 mile rail link is considered as uneconomical by the Central Government.

Public Works Minister Veerendra Patil who visited Delhi requested the Union Government to extend the line to Bhatkal.

RISE IN FOODGRAIN PRICE AND TUITION FEES

CITY FATHERS' CONCERN

Mysore, May 1

At the monthly meeting of the Municipal Council held yesterday several members experessed their concern over the abnormal rise in the price of rice and also proposed increase of tuition fees by the Mysore University.

Messrs. M. N. Thimmaiah, Chowdiah. Sriram Shetty, Govindiah and B.K. Puttaiah pleaded for sale of rice at two seers per rupee through the fair price depots and also continued supply of rice. They criticised the Government for allowing the banks to advance loans to merchants against foodgrains stock.

Messrs Vedantha Hemmige and B. G. Das opposed the proposed increase of tuition fees in the colleges at a time when people were already overburdened with increased taxes.

Mr. Srirama Shetty said that it was regrettable that railway fares and freight should have been increased and also levy on cotton fabrics.

He urged that immediate attention should be paid to remove the nuisance of leprosy beggars in the city.

Sri M.K Lingiah criticised the half hearted policy of Government in implementing prohibition. He said prohibition had given rise to illicit distillation.

Mr. Govindiah wanted that Government should start neera centres for providing employment to ex-tappers.

Mr. T. V. Srinivasa Rao referred to unsatisfactory conditions in the K. R. Hospital and alleged that corruption was rampant there.

He also criticised the fixation of city bus fares like 11, 17 and 21 nP and said this caused considerable inconvenience both to the public and the conductor.

Mr Rao wanted that small newspapers in the city should be encouraged by giving more advertisements.

Mrs. Soundaramma regretted that Government had not taken any action regarding the Council's request for starting a music college in Mysore.

Mr. B. N. Kenge Gowda suggested that more city buses should be run during peak hours.

Mr. Srikanta Sharma urged for immediate establishment of a dairy farm in the city.

Mr. Chikkathammiah wanted co-operative societies for running neera centres.

Messrs. M. N. Thimmiah and Govindiah stated that proper enumeration had not been done in the preparation of new voters' list and hoped that it would be rectified soon.

Pak Aggression In Kashmir

INDIA WILL MEET, SAYS NEHRU

Prime Minister Nehru declared yesterday that India was quite prepared to meet any aggression by Pakistan in Kashmir, or in any other part of the country, whether by tribesmen or others.

He was commenting on Sri Mohammad Zafrulah Khan's statement before the Security Council that if the Kashmir problem was not solved there was a possibility of tribesmen again invading Kashmir or Big Powers coming into the vortex.

Sri Nehru told the Rajya Sabha that "this argument by threats is not going to have the slightest effect on any decisions we are going to take".

Addressing the New Congress Parliamentary Party, he stressed that disarmament was the most vital question today and all people wanting peaceful world must be greatly exercised over the nuclear tests which would be very harmful to the coming generations.

Sri Nehru deplored the continuance of nuclear tests particularly when the Geneva talks on disarmament were already marked by an atmosphere of mutual distrust. Once the tests were started, the situation became all the more terrible and the Geneva talks would fade into nothing. He regretted that there had been competition between the major powers, the U.S. and the Soviet Union, in this matter.

Power Ration In Mysore

Bangalore, May 1

Faced with an acute power shortage in the State, the Government of Mysore might be forced to consider the proposals to ration power to existing lighting consumers.

Public Works Minisrte Veerendra Patil told pressmen that as against a firm capacity of all power generating stations in the State of 1,40,000 k.w., the peak load during evenings came to about 1,70,000 k.w.

The State was also foregoing 12,000 to 18,000 k.w. due to failure of Pelton wheel buckets at Jog It would take 18 months to replace them.

SAGAR-TALAGUPPA RAIL LINE

The Union Railway Minister had assured the Mysore Government that he would not take any hasty decision on the proposal to dismantle the Sagar-Talaguppa railway line.

The 9.43 mile rail link is considered as uneconomical by the Central Government.

Public Works Minister Veerendra Patil who visited Delhi requested the Union Government to extend the line to Bhatkal.

RISE IN FOODGRAIN PRICE AND TUITION FEES

CITY FATHERS' CONCERN

Mysore, May 1

At the monthly meeting of the Municipal Council held yesterday several members experessed their concern over the abnormal rise in the price of rice and also proposed increase of tuition fees by the Mysore University.

Messrs. M. N. Thimmaiah, Chowdiah, Sriram Shetty, Govindiah and B.K. Puttaiah pleaded for sale of rice at two seers per rupee through the fair price depots and also continued supply of rice. They criticised the Government for allowing the banks to advance loans to merchants against foodgrains stock.

Messrs Vedantha Hemmige and B. G. Das opposed the proposed increase of tuition fees in the colleges at a time when people were already overburdened with increased taxes.

Mr. Srirama Shetty said that it was regrettable that railway fares and freight should have been increased and also levy on cotton fabrics.

He urged that immediate attention should be paid to remove the nuisance of leprosy beggars in the city.

Sri M.K Lingiah criticised the half hearted policy of Government in implementing prohibition. He said prohibition had given rise to illicit distillation.

Mr. Govindiah wanted that Government should start neera centres for providing employment to ex-tappers.

Mr. T. V. Srinivasa Rao referred to unsatisfactory conditions in the K. R. Hospital and alleged that corruption was rampant there.

He also criticised the fixation of city bus fares like 11, 17 and 21 nP and said this caused considerable inconvenience both to the public and the conductor.

Mr Rao wanted that small newspapers in the city should be encouraged by giving more advertisements.

Mrs. Soundaramma regretted that Government had not taken any action regarding the Council's request for starting a music college in Mysore.

Mr. B. N. Kenge Gowda suggested that more city buses should be run during peak hours.

Mr. Srikanta Sharma urged for immediate establishment of a dairy farm in the city.

Mr. Chikkathammiah wanted co-operative societies for running neera centres.

Messrs. M. N. Thimmiah and Govindiah stated that proper enumeration had not been done in the preparation of new voters' list and hoped that it would be rectified soon.

Pak Aggression In Kashmir

INDIA WILL MEET, SAYS NEHRU

Prime Minister Nehru declared yesterday that India was quite prepared to meet any aggression by Pakistan in Kashmir, or in any other part of the country, whether by tribesmen or others.

He was commenting on Sri Mohammad Zafrulah Khan's statement before the Security Council that if the Kashmir problem was not solved there was a possibility of tribesmen again invading Kashmir or Big Powers coming into the vortex.

Sri Nehru told the Rajya Sabha that "this argument by threats is not going to have the slightest effect on any decisions we are going to take".

Fall In English Teaching Standards

NIKAM'S CONCERN

Mysore, May 2

Prof. N.A. Nikam, Vice-Chancellor of the Mysore University yesterday expressed deep concern over the fall in standards of English teaching in the country and said that there was no real teaching done these days in Schools and Colleges, especially in the languages

He was inaugurating a six-week Summer Course in English Teaching sponsored by the Central Institute of English, Hyderabad, at the Maharaja's College.

The Vice-Chancellor said that the present day lecturers " only talk in class rooms and do not teach. They are masters of art but are yet to master the art of teaching and what is going on was the murder of teaching".

He said whether English remained as the medium of instruction or not it was bound to continue as a principal language taught in the schools and colleges He impressed upon the Indian teachers of English, who were replacing Englishmen to rise to the occasion and consider it as their duty to teach English as perfectly as the Englishmen or better.

Prof. V.K. Gokak, Director of the Institute, welcoming said that the Institute was established three and a-half-years ago with the joint aid of the Union Government, Ford Foundation and the British Council to "stop fast deterioration of English teachng standards". It had so far trained 600 teachers.

Dr. B. M. Lott proposed a vote of thanks.

DIABETIC CLINIC AT K.R. HOSPITAL

SPONSORED BY CFTRI

Mysore May 2

A Diabetic Clinic has been opened at the K. R. Hospital from today. It will be open for free consultation and advise on every Wednesday at 5 p.m. The Hospital will also provide limited facilities for treatment as in-patients.

The programme has been sponsored by the Central Food Technological Research Institute as a part of an enquiry relating to protein-rich foods, with the help of the American National Institute of Health from PL-480 funds.

The object of the programme, is to apply a system of diet treatment, including nutritious protein foods, on which research had been done by the Institute. The results obtained had shown that the protein, in particular. helped to control the blood sugar level and with such a diet therapy, requirement of insulin could be steadily reduced to a minimum.

A press note issued by the Institute says that at the present time only a limited number of beds are available and patients will be chosen after careful preliminary screening.

POLITICAL OPINION NO BAR TO GOVT. SERVICE

The Lok Sabha was told by Minister Datar that no person was to be considered unfit for Government service solely because of political opinion but those who are considered likely to abuse the confidence placed in them by virtue of their appointment might not be employed.

Once in Government, an employee was prohibited under rules from becoming a member of or associating with any political party or political organisation.

MENTAL HEALTH INSTITUTE

The Union Health Minister Sushila Nayar told the Lok Sabha yesterday that the Mysore Government have been requested to consider the question of reverting to the original arrangement for the efficient working of the All-India Institute of Mental Health.

The original arrangement was that Director of the Institute should be the ex-officio Medical Superintendent of the Mental Hospital. The Mysore Government in 1960 appointed a full-time Superintendent for the Mental Hospital.

FOOTWEAR TRAINING COURSE

Mysore, May 3

A six-week training course for footwear manufacturing was inaugurated here on Tuesday by Sri G. N. Murthy, Deputy Director of Small Industries Service Institute.

He said that in this technological world it was essential that our workers should be trained in modern techniques of production. Accordingly, the Government of India was organising training courses to workers in different crafts.

S.P. Singaram, Asst. Director welcoming stated that in India 100 million pairs of footwear were being produced per annum and had plans to increase it to 150 million by the end the Third Plan. The country was earning a foreign exchange to the extent of Rs. 2.5 crores per year.

Sri B.S. Venkatasubbiah, Field Officer, proposed a vote of thanks.

PAK'S CASE ON KASHMIR BASED ON LIES

Prime Minister Nehru mentioned in the Lok Sabha yesterday about Pakistan's inimical attitude and behaviour towards India right from the beginning and said that Pakistan was emulating the example of Hitler who had said that by going on repeating untruth or a lie it would produce some results. "It is difficult for us to catch up with Pakistan with this kind of behaviour".

Sri Nehru said few international problems can be based on such a lack of truth as Pakistan's case is in regard to Kashmir, right from the beginning.

JOURNALISTS TO VISIT U. K.

Mysore, May 3

Sri Nadig Krishnamurthy, head of the department of Jonrnalism, Maharaja's College, Mysore is one of the four Indian journalists to visit United Kingdom on the invitation of the British Government.

NO COMPROMISE: INDIA TELLS CHINA

India in its latest note to the Chinese Government has asked Peking to withdraw from Indian territory and create "the essential conditions for peaceful negotiations so that the boundary question is settled and a peaceful and co-operative relations are re-established between the two countries.

WORKERS' EDUCATION

Over 22,000 industrial workers in various parts of the country have received training in trade union methods and philosophy under the three-tire country wide scheme of workers education. Additionally, nearly 10,000 workers are now undergoing training at various centres.

ELECTION TO COUNCIL

Mysore, May 3

The Mysre South-West Gradutes' Constituency will go to poll on June 3 in the biennial elections to the State Legislative Council.

The last day for nominations is May 9 and withdrawals May 14.

CORRUPTION LEAST IN INDIA

Prime Minister Nehru stated yesterday that corruption was least in India and added broadly speaking, the administration in India was one of the least corrupt in the world.

Referring to complaints about concentration of wealth, Sri Nehru said this was to some extent inevitable when a poor country started producing. The more competent and hardworking made more money. To blame them would be to put a premium on lack of work and stupidity. Those who work hard should be encouraged. At the same time, they should not be allowed to profit too much by it so as to become harmful to society The aim should be to have a society with less and less of the acquisitive element.

Sri Nehru asserted that compared to some of the more advanced countries, corruption in administration in India was the least. Corruption no doubt existed in a large measure. In a poverty stricken country like India there was a greater tendency in the lower rungs to indulge in petty acts of corruption. In other countries it existed on a large scale. There were large public thefts and the rich people did them.

CIVIC ELECTIONS

Mysore, May 3

The candidates wishing to contest the Municipal elections in June on behalf of Bharatiya Jan Sangha are informed that they should send their applications with Rs. 25 to the Jan Sangha office within May 20.

ANCIENT FINDINGS IN T. NARASIPUR

The archaeological findings in T. Narasipur in Mysore District are expected to be completed shortly. Financial assistance to the extent of Rs. 2,750 has been given in 1961-62 for the excavation work by the Central Government.

This information was given to the Lok Sabha by Deputy Minister Das.

PEKING'S PROTEST

The Chinese Government had lodged a protest with the India Government about the intrusions by Indian troops into the Sinkiang region, establishment of a new Indian military post, continued provocative activities and menace to the security of Chinese frontier posts.

FALL IN SMALL SAVINGS

Small Savings collections in the country recorded a fall of nearly Rs.40 crores on the target figure of Rs. 120 crores for the year 1961-62.

INDIA'S POPULATION

India ranks second in the world population, next only to China. With an area of little more than 2 per cent of the total land area of the world India has to support 14 per cent of the world population.

If the death rate in India could be lowered to that of the U. S. A. the present birth rate, unchecked, may result, in a single century, population five times the present figure.

In 1901 the total population of India was 225 million. The 1961 Census figure is 438 million. The increase during the last ten years has been 21.49 per cent. The anticipated figure in 1976 is 625 million.

The Planning Commission has stressed the need for stabilising the growth of population through family planning.

V.P. TRAINING CENTRES

The Government of Mysore have sanctioned the opening of four centres for the training of presidents, secretaries and the non-official members of the Taluk Boards and Village Panchayats at Nanjangud, Dharwar, Gulbarga and Vishwanedam near Bangalore.

Edited, Printed and Published by G.L. Swamy at Samachar Press, J.M. Palace Road, Mysore.

CENTER TAKING OVER KGF MINES

The Union Finance Minister Morarji Desai told the Rajya Sabha yesterday that the Mysore Government was agreeable to the Centre taking over the Kolar Gold Fields and there was no conflict in this matter between two Governments.

The State Government, he said, had agreed in principle that the mines should be transfered to the administrative control of the Union Government, so that the cost of production of gold could be a direct charge on the Central Government.

Sri Desai said that India could not pay a price for gold more than the international parity price whice was about half the market price in India. If the Centre paid the international parity price, the Mysore Government would incur very heavy loss.

NEHRU TO VISIT GOA

Prime Minister Nehru is visiting Goa shortly.

The Military Governor who is at present administering Goa, Daman and Diu, will shortly be replaced by a Lt. Governor after the Portuguese detenus had left Goa.

MASANI DEFEATED

M R. Masani, General Secretary of the Swatantra Party was defeated in the election for Lok Sabha from the Chamba constituency by a Congress candidate by over 20,000 votes.

INDIA STRONG TO DEFEND THE BORDER

Prime Minister Nehru declared yesterday that India was in a stronger position now than before in regard to defence of the northern border.

Sri Nehru said: " We do not want, we dislike exceedingly, a war with China, but that is not within our control. Therefore, we have to prepare for all contingencies".

There was no improvement and no material change in the border situation since last October, he said.

" In spite of our strained relations with China", the Prime Minister said, " nobody wants the Chinese people to starve and not enough to eat and create explosive situations".

India Prepared To Meet Threats

NEHRU TELLS CHINA

Prime Minister Nehru declared yesterday that India would continue to hold her posts on the Sino-Indian border and would not give up any of them. " We propose to remain where we are and not move because of Chinese threats".

The Chinese Government have threatened to resume patrolling along the entire Sino-Indian boundary and to defend themselves in case India did not vacate two posts in the Ladakh region.

Sri Nehru told the Lok Sabha that the Chinese had contended that they had given up patrolling. As a matter of fact, they had not given up patrolling at any time.

He added: ' We did not give up patrolling in our own area and we have been patrolling to some extent and we have established some checkposts further in".

He also declared in the Rajya Sabha that if the Chinese Government took the steps they had threatened to take on the border " we shall be prepared for them".

RUSSIA SNUBS PAK ON KASHMIR

BASELESS CHARGE AGAINST INDIA

The Soviet Union told the Security Council yesterday that Kashmir was an integral part of India, and the Soviet Union would not tolerate or countenance any proposals for upsetting that fact of life. The question of Kashmir as one of the States of Republic of India had been disposed of by the people of Kashmir themselves.

The Soviet delegate, Mr. Platon Morozov said that there was no foundation for accusing India of creating a threat of peace and security on the Kashmir problem He said that Mr. ZafrullaKhan had said that if the situation in Kashmir boiled up again it would not be confined to that stage. "Every word is a threat to use armed force and not only in the Kashmir region", he said.

Any objective analysis of the wealth of documents available could not denay that the compromise measure of a plebiscite could have been carried out 14 years ago only after the withdrawal of the Pakistani troops.

The conditions in accordance with which Pakistani troops should have been withdrawn were not carried out The question of holding a plebiscite lapsed, as it was predictated upon conditions which were never fulfilled, he said.

NO PLEBISCITE IN KASHMIR

NO EQUAL STATUS FOR AN AGGRESSOR

—SAYS KRISHNA MENON

India's Defence Minister Krishna Menon yesterday declared in the U.N. Security Council that there was no longer any question of a plebiscite in Kashmir.

He said that India would never agree to Pakistan being given equal status with her in regard to the Kashmir question and Pakistan was the aggressor, who had no right to be there.

He described the so-called Azad Kashmir as a colonial area under Pakistan and charged that both Pakistan and China followed a policy of expansionism at the cost of their neighbours.

Sri Menon assured the Council that India would not use force by upsetting the peace of that region, but made it clear that there could be no negotiation with Pakistan on the basis of the cease-fire line and that Pakistan must vacate her aggression in Kashmir.

The Indian delegate said that there were two aggressors, Pakistan and China, whose position was identical. "They seem sometimes to play with each other in order to embarass us".

He said so far as India's frontiers were concerned, dangerous material existed that could not be ignored. At the same time, he accused Pakistan of trying to 'fish in troubled waters created by India's border differences with China.

CORRUPTION AND INEFFICIENCY CHARGE BASELESS

BETTER FACILITIES AT K. R. HOSPITAL

—SAYS DEAN

Mysore, May 7

A cardiac clinic will be shortly opened here in the Krishnarajendra Hospital to deal exclusively with heart diseases.

The diabetic clinic sponsored by the CFTRI at the K.R. Hospital has become so popular that one day free consultation and advise on Wednesdays will be extended to one more day.

Dr. J. J. Dharmaraj, Dean of the Hospital explained to the Pressmen on Saturday the various steps taken to improve the working of the hospital.

He characterised the allegations of corruption and inefficiency made by a Councillor at the Municipal Council recently as baseless and exaggerated. He said that he had not received any written or oral complaint about corruption in the hospital If any one has any complaint to make he could straight away come to his room or approach the Vice-Dean or the R.M.O., without any hindrance. If any specific case of corruption was brought to his notice, he would take immediate action, the Dean said.

He appealed for public co-operation and if constructive suggestions came forth, he would be too willing to accept them. With a limited number of doctors and nurses they had been endeavouring to cope up with the increasing number of patients (1,300 out-patients and 600 in-patients daily) and they needed public co-operation in this behalf.

Dr. Dharmaraj said the casuality out-patent department had been reorganised and was functioning round the clock. The compounding room which was usually over-crowded had been provided with more windows, besides opening separate windows for supply of tablets and ointments. The strength of the doctors in the injuction ward had been raised from 1 to 3 to avoid overcrowding.

A separate X-ray unit had been provided for out-patient department, besides opening small laboratory in each ward.

To remove private practice in the hospital, separate rooms provided to the doctors had been removed and only a common room had been provided.

Regarding the supply of milk to the patients, he said the quality of milk supplied sometime ago was so bad that in as many as 35 occations it was found to be highly adulterated. The contractor was prosecuted and fined.

Referring to complaints of malemedical college students being allowed to examine women patients, the Dean said the hospital being a teaching institution, the students had to be allowed. This was done in the presence of a lady doctor or a female nurse

Dr. Dharmaraj felt that if more Government dispensaries were opened in the several parts of the city, the overcrowding in the K.R. Hospital could be minimised.

C. D. PROGRAMME

The quick spread of Panchayati Raj and an extension of Community Development to 83 per cent of India's villages, are the highlights of the achievements of the Department of Community Development for the year 1961-62.

The outstanding feature during the past year has been the general acceptance of the concept of Panchayati Raj and the steps taken to implement it. It is now in force in eight States and covers 65 per cent of the rural population.

There are 4270 blocks including 681 pre-extension blocks in the country. By October this year, it is proposed to allot all the pre extension blocks.

Nearly 7½ lakhs of adults were made literate. The number of adult literacy centres also rose from 36,133 in 1959-60 to 43,294 in 1960-61. Similar increase was recorded in the membership of youths and farmers clubs from 8,36,900 in 1959-60 to 8,95,700 in 1960-61.

During the period, nearly 35,000 Panchayat Secretaries and 2½ lakhs of panches were trained. Similarly 60,000 Block Development Committee members were trained during the current financial year thus making a total of nearly 75,000.

SYMBOL OF INDIA:

PEOPLE'S FAREWELL TRIBUTE TO PRASAD

Thousands of people of Delhi yesterday bade a feeling and respectful farewell to President Rajendra Prasad, on the eve of his retirement.

At a mass rally held on the Ramlila grounds, Vice-President Radhakrishnan and Prime Minister Nehru paid glowing tributes to Dr. Prasad and described him as the "symbol of India".

The Vice President put a Kashmiri shahitoosh shawl round Prasad's shoulders and presented him with a sandalwood casket engraved with pictures of development projects.

Another gift was a framed map of India in ivory and ebony showing relief rivers, mountains and State boundaries on a background of "Bharat Mata".

Dr. Rajendra Prasad in his reply said he was overwhelmed by the love and affection shown to him and "I bow my head in gratitude to you".

He said that with his retirement a few days hence another chapter of his life was coming to a close. "from Rashtrapathi Bhavan I will go back to my small ashram in Patna. Some people say that it speaks of humility and greatness. But I have no such claims to make", he added.

With his retirement, said Dr. prasad, the third chapter of his life was ending. The first, he said, began with his early life in his village and the time studying in Calcutta. His meeting with Mahatma Gandhi in Patna marked the beginning of the second chapter of his life which closed with the attainment of independence.

Rajen Babu hoped that he had no doubt that the future of India would be great. "But a great India, I am sure, will be an India, humble and wedded to the ideal of peace".

RADHAKRISHNAN ELECTED PRESIDENT

PHILOSOPHER-STATESMAN ASSUMES OFFICE TOMORROW

Dr. Sarvapalli Radhakrishnan was yesterday declared elected President of the Indian Union in succession to Dr. Rajendra Prasad.

The 74-year-old Philosopher-statesman of international repute who enters the Rashtrapati Bhavan after serving as Vice-President for 12 years, will assume his new office tomorrow.

The educationist, scholar, philosopher and humanist, Dr. Radhakishnan, was educated in the Madras Christian College. From the Presidency College in Madras to Oxford University, the teaching assign ments he had are many and varied. His nine-year tenure as Vice-Chancellor of Banaras University gave the University a name and stature. He was Spalding Professor of eastern religion and ethics at Oxford. He had also served the Mysore University as Professor of Philosophy in Mysore Maharaja's College.

Simple but magnificent in his turban, long cream-coloured buttoned-up coat and dhoti, Dr. Radhakrishnan easilyimpresses anyone as an intellectual par excellence though he never consciously gives out his erudition in an interview or an address. Words come pouring out, dressing the thoughts elegantly and his greatest quality is one of putting the person at ease. His memory is proverbial and he always remembers the place and the occasion when he came across a particular person.

His international record is unique as he led the Indian delegation to the UNESCO from 1946 to 1950 without a break and was elected its President in 1952. He also headed in India the University Commission which produced a report of tremendous import to the educational future of the country.

His term as Indian Ambassador to Moscow was fruitful. He was the first foreign envoy to have been invited by Stalin.

CO-OP. COURSE IN VARSTIES

The Union Government had requested the universities to consider the possibility of introducing co-operation as a subject of study in the degree and post-graduate courses.

The universities have also been requested to organise co-operative consumer stores to give a practical bias to students about co-operation.

Kannada As Official Language

C.M.'s ASSURANCE

Bangalore, May 12

Chief Minister Kanthi told the Assembly yesterday that the Government would take early decision to expedite introduction of Kannada as the official language of the State.

He said that Government was considering whether action should be taken under article 345 of the Constitution to draft an official language Bill.

The State Government, he said, had already introduced Kannada as official language in seven departments of the six districts.

About 94 more Kannada typewriters would be bought shortlp, he said.

FAREWELL BROADCAST

Goa Affairs Cause Concern In Mysore

PRESSURE FOR MERGER WITH MAHARASHTRA

Bangalore, May 12

Chief Minister Kanthi has drawn the attention of Prime Minister Nehru to the feelings of resentment voiced by all sections in the State in regard to the recent developments in Goa which were prejudicial to the interests of Karnataka.

He has urged the Centre to put an end to pro-Maharashtrian propaganda inside Goa.

Sri Kanthi has pointed out the subtle move set afoot in the former Portuguese enclaves to bring pressure and influence on the local population to force the meger of these areas with Maharashtra.

He has also pointed out that top officials in the present regime in Goa, particularly, Sri G. K. Handoo, Special Adviser to the Military Governor was aiding and abetting pro-Maharashtrian propaganda.

A few Mysore officers who held responsible posts in Goa had been sent back even without the State Government being consulted in the regard.

The State Government had expressed their anxiey at the recent unhappy events in Goa. The residents of Goa were being subjected to pulls and pressures by pro-Maharashtrians so that they eventually opted to Maharashtra.

Tributes To Radhakrishnan

Vice-President Radhakrishnan yesterday bade farewell to the Rajya Sabha of which he was the Chairman for 10 years since its inception.

Touching tributes were paid on the occasion by Prime Minister Nehru and members who described him as a person of "wisdom, statesmanship, kindness and charm".

Sri Nehru hoped that as President of the Nation, Dr. Radhakrishnan, by his charm, would mould the nation into a large, coherent family and thus bring about national integration.

Dr. Radhakrishnan said that the resumption of nucle.- tests by the two great powe.. posed considerable threat to the future of humanity.

This competition in crime would end in eventual disaster. He therefore, called for a psychological and moral evaluation and assured that he would do his best to this end.

KRISHNA-GODAVARI WATER DISPUTE

The Lok Sabha was told by Minister Alagesan that a conference of concerned States will be convened to resolve the Krishna-Godavari water dispute after the report of the Gulhati Commission on the utilisation of the waters of the two rivers was received and examined.

MORE TROUBLE AFTER PAK OFFICIAL'S VISIT

Prime Minister Nehru told the Lok Sabha yesterday that there was recrudescence of trouble at the Malda area after the visit of the Pakistani Deputy High Commissioner.

The West Bengal Government, he said, had reported to the Centre the behaviour of the Deputy High Commissioner during the visit was not quite in accordance with diplomatic procedures. His visit was not conductive to the restoration of order and normalcy in Malda or removing tensions. On the contrary, the visit had the reverse effect.

Dr. Radhakrishnan, on assumption of his office as President, stated yesterday that the ideals of freedom, equality and justice are not possessions to be defended but goals to be reached.

He said: "We have lapsed from them and suffered in consequence. In a mood of humility and national repentance, we should strive to correct our past mistakes, remove the indignities which we have on our fellowmen and march forward. We cannot move into the future by walking backwards".

The President said: "It is the people's goodwill and effection for me, more than any work of mine, that has placed me in this important position. May I say in all humility, that I shall endeavour to do my best, to deserve in some modest measure, the great faith of my people and devote the few years left to me to their service Service is prayer. We worship the creator by working for a new creation, a new society.

"A nation is not a juxtaposition of individuals. It is society based on acommunion of minds, a union of hearts. The great everlasting things that matter for a nation, specially our nation, are the peaks of wisdom, love and sacrifice. As long as we carry in our hearts the image of these great peaks whose foundations are not shaken, though the earth may rock and sway, our future is safe."

Obey The Call Of Compassion

PRESIDENT'S CALL TO DIPLOMATS

President Radhakrishnan told the diplomats in New Delhi that "our aim in the world should be that we do not exaggerate, do not misrepresent, do not indulge in propaganda, but listen to the voice of truth and obey the call of compassion, by doing which the world will become one and we shall all be proud of what we have achieved."

He said that they should be large minded enough to know that the happiness of other people contributed to our own happiness. What made other people happy should make us also happy

The President stated that "Man is a mixture of elements-so much of nobility in him, yet so much of littleness' so much of magnanimity, yet too much of meanness, so much of greatness and yet so much of smallness. We are all mixture of these elements. In other words, each one of us has in him certain element of a diabolic character and certain element of a divine nature. We must strengthen the higher element of our nature and weaken-because we cannot cure them altogether, the other elements which we also share. It is this dual character of human beings that is responsible for so much that is happening in the world."

Dr. Radhakrishnan said: "World is meant to be a partnership. It is meant to be a friendly universe. We are born to love, not to hate. We are born to help one another, not to destroy one another The human loves one another. It is by indoctrination that we seduce man from his natural generosity of spirit of sympathy and fellowship into devious methods."

'Let us greet to the world as partnership and nations as friendly partners in that one world", he added.

CIVIC FATHERS GREET PRESIDENT

Mysore, May 17

The City Municipal Council, on Monday, unanimously adopted a resolution, congratulating the newly elected President, Dr. Radhakrishnan and the Vice-President, Dr. Zakir Hussain.

The Council also praised the services of Dr. Rajendra Prasad.

SOCIAL SCIENCE IN P. U. C.

Sir,- Social Science under Part IV has been removed from the P. U. C. in the Karnatak University. But this part has been still retained in the Mysore University inspite of opposition from the public. When the regulations and rules of Mysore and Karnatak Universities have to be uniform it would be a great injustice to old Mysore students to have to pass Part IV in P. U. C. and then enter the First degree class while their counter parts in the Karnatak University have no such bar. I trust that the Mysore University would pass their P. U. C. students in Part IV liberally this year and scrape this part from the beginning of this academic year itself.

UNIFORM BASIS FOR EDUCATION

MYSORE GOVERNOR'S PLEA

Bangalore May 18

Mysore acting Governor Sri Mangaldas Pakvasa strongly pleaded for the evolution of a uniform basis for education in the country.

The Governor was inaugurating the 20th Mysore Educational Conference here yesterday.

Sri J. B. Mallaradhya, former DPI and MLC presided. The conference was attended by delegates from all over the State, mostly from the ranks of teachers.

The Governor said that one of the vital problems that was giving room for anxiety in the nation was the problem of education, which had become a big puzzle It was beset with many handicaps. The colossal issue before the educationists was the question of imparting education to 80 per cent of the population who were illiterate. In this gigantic task, there was need for close collaboration between the Government, educational bodies and the people for achieving the desired results.

Sri J. B. Mallaradhya in his speech urged the introduction of 'quality control in education, in primary, secondary and teaching training institutions He pleaded for setting up of special schools in each district where the teacher pupil ratio would be such as to give the teacher and the taught opportunities to come into closer contacts more frequently. These schools in some places may take the shape of residential schools with hostel facilities.

He demanded immediate steps to arrest the spread of the 'menace' of the system of private tuition, which was operating to adversely affecting the teaching in schools, which themselves had been growing like mushrooms. He appealed to theGovernment to reorient pre-primary education on the lines indicated by the special committee.

Sri Mallaradhya strongly disapproved the Government policy of handing over primary education to the local bodies, and also pleaded for a thorough overhauling of the inspectorate and revision of the system of examination.

Export Of Indian Spices

RESEARCH BODY CONSTITUTED

Mysore, May 18

Inaugurating a symposium on "Role of Spices in the national economy of the country", today at the CFTRI, Sri C.R. Krishnaswamy, Chairman of the Spices Export Promotion Council, disclosed that the Council had constituted a Technical Development Committee under the chairmanship of Dr.Subrahmanyan, Director of CFTRI, to go into the question of expansion of export promotion of spices.

He said that spices had been known to man since the earliest times and a little over a third of world trade was handled by India. The value of Indian exports of spices accounted to about 2.5 per cent.

Dr V. Subramanyan, Director of CFTRI welcoming the gathering said that spice therapy was long known and with increasing amount of scientific evidence, there was a strong case for regular use of spices and also concentrated products prepared out of them, not only in our daily dietary, but also as processed preparations both for the control and protection against certain diseases, and also for preservation of better health.

INDIA'S SOVEREIGNTY CAN'T BE QUESTIONED

SAYS DEFENCE MINISTER

Union Defence Minister Krishna Menon declared at Delhi yesterday that if India was forced into a position of having to resist incursion of Pakistan on any part of the country. then we have to deal with it as an invasion of the whole of India.

'If the Security Council passes a resolution which is a violation of our sovereignty or attempts to impose upon us. under the guise of U.N. Charter. any condition which infringes (that sovereignty) this country will take no part in it', he added.

The Minister was speaking at a meeting on 'Kashmir and U.N.'

Sri Menon warned that the cease-fire line in Kashmir would no longer exist, if any attempt was made to create the so-called "Azad Kashmir" a separate State, so that it could get arms from any country.

The Minister emphatically said 'the security of our country. I say without any kind of cynicism, cannot be limited by any quibbles of international law'.

PROTEST DAY ON JUNE 8

AGAINST UNJUST TAXES

COMMUNIST PARTY'S DECISION

Mysore, May 21

The Karnataka Provincial Council of the Communist Party of India, which concluded its three-day session here yesterday, called upon the party units to observe June 8 as " protest day" against the unjust taxes.

The Council viewed with grave concern the heavy burden of new taxes levied by the Central Government and the proposed additional taxes by the State Government. These new taxes had resulted in the rise in prices of all commodities. On the top of this, the State Government had now planned to increase the bus fares and college fees.

The Council characterised the recent nominations by the Governor to the Legislative Council as " shameless eabus of power for party ends". These nominations, claiming to represent the special interests, were unconstitutional. The Council regretted that the actingGovernor "had fallen a prey to the manoeuvre of the ruling clique".

The Council after reviewing the election report, stated the fact that five members of the party had been elected to the Assembly as against one last time. showed that the people of the State had expressed increased confidence in the party. The weakening of the Congress by a reduced majority both in terms of votes and seats was a clear demonstration of the people's dissatisfaction against the Congress rule.

It came to the conclusion that while fighting the reactionary forces like the Swatantra aPrty, it was also necessary to fight against the "anti-peoples' policies" of the Government.

The Council also discussed organisationl measures to improve its work in trade unions and kisan sabha and decided to strengthen them.

At a public meeting held last evening at the Town-hall maidan, Sri N. L. Upadhyaya and others explained the decisions taken by the Council.

Violation Of Law Of Land

BY CHINESE EMBASSY IN INDIA

Certain material published by the Chinese Embassy in Delhi in their bulletin "China Today" was flagrant violation of the law of the land, stated Minister Lakshmi Menon in the Lok Sabha yesterday.

She said that the publication of such matter was "abuse" of the hospitality of this country and a violation of diplomatic ethics. The Government proposed to take drastic action in the matter, she added.

Smt. Menon said that there were established conventions about the rights of foreign missions to carry on propaganda in the receiving State. The Government of India, by and large, took a liberal view of such publications, even when these were critical of them. However, in this case, the publication questioned the territorial integrity of India, thus flagrantly violating the law of the land and more particularly the Criminal Law Amendment Act of 1961.

MODIFY CONGRESS UNITS AT LOWER LEVELS

The All-India Congress Committee in a circular to the Pradesh Congress Committees has asked them to give thought to the problem of "modifying the arrangement of our committee at lower levels".

It stated that "there is a specific suggestion that we should have regular committees at the village level and mandal committees should be co-terminus with the Panchayat Samities or their equivalent. These suggestions are worth inquiring into".

The circular also asked PCCs to give 'careful thought" to the problem of indiscipline in the organisation. The executive cure lay not in punishing a few individuals--this of course had to be done in some cases-- but in going more deeply into the causes that produce a lack of regard for the basic decencies of an organisation.

INDUSTRIAL SUBURB IN MYSORE SOUTH

Rs. 80-LAKH SCHEME BY TRUST BOARD

Mysore, May 2^{3}

A Rs. 80-lakh scheme for the formation of industrial suburb and construction of model houses has been drawn up and sent for approval to the Government by the Mysore City Improvement Trust Board.

This was disclosed by its Chairman, Sri B. Narayanaswamy when he participated in the "Meet the Press', programme, at the Journalists' Association, last evening.

He said that the industrial suburb would be located at Mysore South and the layouts for model houses would be at the west of Sanatorium, Bannimantap and Karanjikere.

He said that the Bamboo bazar in Manontody road would be shifted to a better place.

He also announced that during 1962-63, 200 more houses would be constructed by the Board.

Sri Narayanaswamy admitted that the activities of the Board had not been sufficiently publicised and assured that he would take steps for closer contact between the Press and the Board.

He also assured that the Board would try to allot houses to journalists.

When his attention was drawn to the difficulties experienced by poor people when their houses were acquired the Chairman promised to see that the difficulties were minimised. As per the Government order, the owners whose houses were acquired were entitled for a suitable site or house and this would be implemented, he added.

Sri Narayanaswamy paid handsome tribute to his predecessor Sri Linganna for his valuable service in expanding Board's activities.

Mysore Dt. Board Building

OWNERSHIP QUESTION

Mysore, May 23

The Mysore District Development Council, yesterday discussed at length the question of ownership of the erstwhile Mysore District Board building in the city.

Sri Nasiruddin Ahmed, Deputy Commissioner and President of the Council explained that the Government had ordered that the liabilities and assets of the erstwhile District Boards to be distributed to the Taluk Boards. But in the case of Bangalore and Mysore District Board buildings, it was stated that the assets would be vested with the Government and the value of such assets distributed among the Taluk Boards on the basis of population.

Chamarajanagar-Nanjangud Rly. Line

CENTRE ASKED TO TAKE OVER

Mysore, May 23

The District Development Council which met here yesterday resolved to request the Central Government to take over Nanjangud-Chamarajanagar railway line and pay back the assets to the Council.

The 20-mile railway line was constructed by the erstwhile Mysore District Board in 1929-30 in extension to the Mysore Nanjangud line. The Board had invested Rs. 13 lakhs for the construction of the line.

After deducting maintenance and operational expenditure, the Board was given 25 per cent of the profits earned on the line by the railways, the profits being Rs.60,000 per annum.

The Council while approving the expenditure of Rs. 41,000 on the works undertaken on the line, expressed i's willingness to part with the railway line.

The members contended that the ownership of the building collectively vested in the Taluk Boards and the District Development Council who are the successors to the District Boards.

The Council decided to inform the Government that the building legally belonged to the Mysore District Development Council.

NO BAN ON STRIKE BY UNION GOVT. MEN

SCHEME FOR AMICABLE SETTLEMENT

The Government of India have abandoned the idea of making the strike of the employees of the Government illegal through an Act of Parliament.

The Government have drawn up a scheme for the amicable settlement of disputes between the Central Government and its employees, industial as well as non-industrial.

The scheme, which excludes Class I and most categories of Class II service from its operation, provides for joint consultation and compulsory arbitration on a non-statutory basis, subject to the condition that the employees organisations abjure the right to strike.

It is proposed to set up a two-tier system of consultation with a joint national council functioning at the top and departmental councils at the base.

MANGALORE PORT

The Lok Sabha was informed by Minister Raj Bahadur that two special field divisions, one each for Mangalore and Tuticorin have been formed directly under the Government of India to carry out investigations for deciding the layout of the ports, to be developed as all-weather major ports.

The Minister also stated that the Railway Ministry had been instructed by the Planning Commission to go ahead with the field work for the construction of Mangalore-Hassan rail link.

SHARAVATHY HYDEL PROJECT

The first unit of the Sharavathy Hydro-Electric Project is expected to be commissioned by the end of 1963 instead of 1962 as originally scheduled.

He was participating in the College Day celebrations of the Government College of Indian Medicine, here at the Exhibition Buildings.

Sri G. V. Hallikere, MLC presided.

Sri N. Lakshminarayan, Principal welcomed the gathering.

Sri C H. Kontikal read a report of the activities of the Association, while Sri Krishne Urs presented the sports report.

The Minister regretted that there was no uniform system of education in Ayurveda in our country. They must think on the line of an All India policy. In this connection, Dr. Alva said that he would be meeting the Union Health Minister, Dr. Sushila Nair, who is visiting Bangalore on May 27 and discuss about bringing a unifron system of education.

He said that unless the Ayurveda system adjusted and alligned itself with the changing times, it could not progress. The modern medicine had been developing at such a rapid stride, that it was unthinkable to do anything without it. Here he blamed some of the Ayurvedic pandits for this sorry state of affairs as they had not seen the changing times.

The Minister promised that their demand to practice in modern medicine would be examined sympathetically.

FOOD POSITION SATISFACTORY

PROTECTION TO FARMERS

—SAYS PATIL

The Union Food Minister Patil announced in the Lok Sabha yesterday that the food position in the country was " never so satisfactory as it was today"

He added that the granaries were full and if anyone tried to create any shortage or push up the price, Government would disgorge its stock on the market.

Sri Patil assured the farmers that Government would see that they got remunerative prices for their produce whether they were foodgrains or cash crops.

He appealed to the farmers to resort to intensive cultivation so that the yield per acre was increased. From the Government side, he promised to supply them fertilisers and other implements. He said that the Government would see that the target of one million tons of fertilisers by the end of the Third Plan was achieved. Meanwhile, it would import sufficient fertilisers.

U. S. ASTRONAUT CIRCLES EARTH THRICE

CARPENTER LANDS IN SEA SAFE

The United States Astronaut Malcolm Scott Carpenter orbited the earth three times in his Aurora Seven Space ship before landing in the ocean on 11.30 p. m. on Wednesday.

Carpenter, who landed 200 miles away from the determined point, was, after a frantic search, reported to have been sighted on life raft, alongside his space capsule.

Carpenter sailed cleanly into orbit at 6-15 p.m. in his space ship. Three and a half minutes after lift-off, 37-year-old spaceman reported back: "my status is good and I am in excellent condition".

The 'spaceman lost' drama began when contact with the capsule failed as it hurled into the earth's atmosphere at white hot speeds after a triple orbit.

From all directions, planes and ships rushed for Carpenter's rescue.

He was picked up by a helicopter at Cape Canaveral.

AWAKENING THE MASSES: ROLE OF THE PRESS

NIJALINGAPPA'S PLEA

Mysore, May 28

Inaugurating the second Mysore District Journalists' Conference yesterday at Kollegal, Sri S. Nijalingappa, President of the Mysore Pradesh Congress Committee said that the Press in the country had a great responsibility in awakening the masses who were ignorant in regard to relationship with the society.

He said that no where in the world there was so much freedom of the Press as in India. But liberty did not mean license and the newspapers should not misuse the freedom of Press bestowed by the Constitution. He suggested that the newspapers should themselves have a code of conduct to deal with yellow journalism.

The PCC Chief said that it was the responsibility of the Press to see that the news published was true and verified.

The Government should welcome any criticism made by the Press instead of trying to antogonise them, he said

Sri Nijalingappa said that there was a move to publish newspapers in all languages under co-operative basis to place before the public a detailed working of socialistic pattern of society, which the monopolists did not accord in their papers.

He also said that there should be district newspapers. The small newspaper deserved all encouragement, he added.

Sri Agaram Rangiah, in his Presidential address pleaded for more encouragement to small papers in the State. He also wanted the Government to make arrangements for simultaneous publication of press releases both at Bangalore and Mysore.

He appealed for generous donations for their silver-jubilee building in Mysore city.

Earlier, Sri V. Srinivasaiengar, Chairman of the Reception Committee welcomed the gathering.

Sri N N Sastry, Secretary presented the annual report.

Sri Chikkamarigowda proposed a vote of thanks.

Sri B. Narayanaswamy, Chairman CITB, and Municipal Councillors Messrs Somasundara Sharma and Sreerama Shetty and Telugu Professor Subbaramappa were among those who attended the Conference from Mysore.

Important among the resolutions adopted were: urging the Central and State Governments to create a journalists' constituency in the legislatures; due representation in the proposed Press Councils; urging the State Government to allot sites for journalists in the districts; study-tour in project and development areas; the AIR Bangalore to broadcast Press opinions and enlarge the scope of regional news service.

The conference expressed sorrow at the demise of Dr. M. Visvesvaraya.

Appointments In University

CLARIFICATION SOUGHT FOR NEW COMMUNAL G. O.

Mysore, May 28

The Vice-Chancellor, Prof. Nikam informed the Senate on Saturday that the Board of Appointments had approved 16 professors and 33 readers and out of which six were challenged before the court of law.

He also stated that 301 temporary lecturers (local candidates) were appointed since 1957 and at present there were 25 temporary lecturers working in the University after transfer of some colleges to the Government.

Here he disclosed that the University had sought the clarification of the Chancellor whether the new communal Government Order should be followed with regard to appointments of varsity teaching staff.

Tuition Fees In Varsity Raised

Mysore, May 28

The Senate of the Mysore University, yesterday, gave assent to the Syndicate's decision to enhance the tuition fees in the university colleges from this academic year on the basis of the revised fees as those in the Government colleges.

The only change is in the first degree courses of B.A., B. Com and B. Sc., the revised fees of Varsity colleges being Rs. 183 as against Rs. 144 in Government colleges.

The other items which are not found in Govt. colleges are as follows:

M. Ed. Rs. 256 (originally Rs. 120). M. Com. 256 (144), M. A. in Indology 256 (144), Doctorates in Arts 200 (120) and Diploma in languages 100 (54).

Messrs T. S. Rajagopalaiengar, N Srinivasa Murthy and D. M. Rudriah opposed the enhancement of tuition fees.

PG Medicos For Villages

Bangalore, May 28

The Union Health Minister, Dr. Sushila Nayar stated here yesterday that the best way to get over the shortage of medical personnel in rural areas on an urgent basis, pending the training of more doctors, was to link up post-graduate training in medicine with rural health programmes.

She said the student doing his post-graduate training should be asked to go to the rural areas during the second year of his training and come back to his studies at the base during the final year, when he could pass his examination.

During this period, his education need not be hindered, if professors and heads of departments in medical colleges were pursuaded to join their wards in their village sojourns, once a fortnight, so that the resident students could prepare case histories and the treatment provided to the rural population for exchange of ideas with their superiors.

Medical Schools To Go

Bangalore, May 28

The medical schools in the State should be abolished, was the consensus of opinion of the high level conference of the Union and State Health Ministers held here yesterday.

The future of 250 students who were now studying in Shimoga and Bijapur medical schools will be decided soon.

The Union Health Minister, Dr. Sushila Nayar stated that the medical schools should go. She said diploma holders were " neither fish nor foul ". But her anxiety was that the students should not be made guinea pigs in any change of policy.

BUSH COATS IN ANCIENT DAYS

Bush coats and slacks were in use during the Chola dynasty. Fabrics resembling the modern rayons were also produced in those days, according to disclosure made at the tailors' conference held at Madras.

RURAL EMPLOYMENT

800 pilot projects in 400 selected areas for utilising rural manpower would be in operation by 1963. A sum of Rs. 20 lakhs would be spent and 2 5 million people would be provided rural employment, stated the Deputy Planning Minister Pattabhiraman in the Lok Sabha.

India's Plan In Jeopardy

AID INDIA CLUB FAILS TO RAISE FUNDS

India's economic development and the country's Third Plan, has been placed in grave jeopardy, following the failure of the 'Aid India Club' to raise adequate foreign exchange to meet the requirements of the Plan.

After a one-day meeting, the World Bank adjourned for several weeks, so that the non-American members might increase their contributions.

The World Bank stated that it was hoped that the gap of 200 million dollars would be made good both by the existing and new members.

Increase Of Armed Forces

The Government of India are planning to increase the strength of the Armed Forces in the current year despite financial stringency, in view of aggressive designs on India both by China and Pakistan.

The expansion of the Army, Navy and Air Force as well as the Territorial Army is estimated to cost over Rs. 29 crores more in 1962-63 than in the previous year.

The National Cadet Corps will also be expanded. The Third Plan targets for the expansion of the NCC are: NCC senior division 75,000; Junior division 200,000, ACC 375,000 and Rifles 150,000.

Better Deal For Agri. Dept.

TO ACHIEVE FOOD TARGETS

Bangalore, May 30

Unless the Agricultural Department was given its due importance and resurrected from the second-line position, it would be futile to imagine that the food production targets during the Third Plan would be fulfilled, stated Sri M. Mallaraje Urs, Director of Agriculture, here yesterday.

He said that it was strange that in a State where 80 per cent of the population indulged in agriculture occupation, the department should be the victim of neglect.

With the fine quality of soil and the excellent human material now available, it would be folly not to bestow sufficient attention on them and harness them to the good of the State, he added.

He was speaking at the State Agricultural Conference held at Hebal.

NEW CHINESE POST IN INDIAN TERRITORY

RED TROOPS FORTYFYING THE AREA

The Chinese have established a new post ten miles south-east of Spanggur on Indian territoy.

The Government of India have lodged a strong protest with the Government of China for the further violation of Indian territory and an act of grave provocation.

In a reply on May 21 to the Chinese Government alleging intrusion and provocation by Indian troops in the western sector of the Sino-Indian boundary, the Government of India have stated that the "Chinese troops are digging in at the new post and are constructing fortifications. In the face of the aggressive activities being systematically pursued by Chinese forces on Indian territory, it is incongruous for China to bring up charges against India of aggravating tension and creating incidents of bloodshed".

HOUSING SCHEMES

Over Rs. 139 crores have been spent so far on various housing schemes formulated by the Union Ministry of Housing.

Against this investment, over 2,22,000 houses have been completed, while 1,42,448 houses are at various stages of construction.

A sum of Rs. 142 crores has been provided for housing and urban development schemes in the Third Plan against Rs 84 crores in the Second and Rs. 38.50 crores in the First Plan.

PRODUCTION OF MATCHES

At the beginning of the Second Plan installed capacity was about 35.3 million gross boxes. This increased to 45.3 million gross boxes by 1960-61. The number of factories and establishments also increased from 234 to 439 during theSecond Plan. The Third Plan does not envisage any additional capacity for this industry as the present capacity of 45.3 million gross boxes is considered sufficient to achieve a production target of 42 million gross boxes by the end of the Third Plan period.

Backward Class

ECONOMIC CRITERIA SUGGESTED

The Union Government proposes to adopt the economic criteria for defining "other backward classes" in the country.

The Centre has also communicated to the States its decision not to draw up an all India lists of backward classes, other than the existing lists of scheduled castes and scheduled tribes.

The Union Home Minister, in a communication to the States has stated it was "neither desirable nor feasible to draw up a separate list of backward classes. The most crying need in our country at present is to bring about greater social cohesion and a more complete emotinal integration among different sections of the population. There is the grave danger that stratification of the population into different classes may further foster divisive tendencies and run counter to the national objective of establishing a casteless and classless society".

Better Amenities Provided

CITY FATHERS' CLAIM

Mysore, June 1

Sri H. Kempe Gowda, Municipal President yesterday claimed that the City Municipality during last four and a-half-years, had done very good work in providing amenities to the rate-payers.

He was reviewing the administration, at the Council meeting.

The Civic Chief listed among other things, the improved water supply, underground drainage and the construction of shops.

A special feature, he said, was that no new taxes were levied, inspite of the fact that taxation in Mysore city was the lowest in the country.

Another feature was providing houses to the permanent workers and scavengers of theMunicipality He hoped that within a few years, every worker would be provided with a house.

He also assured that Council would urge on the Trust Board to provide houses to journalists.

About slum clearance, he said, that the work was in progress in Sawoy Chowk and Devaraja Market area.

Sri T. V. Srinivasa Rao while admitting that they had done useful work,urged for bestowing more attention on health problem. More fair-price depots should be opened for supply of foodgrains.

Sri Srikanta Sharma complained that big remunerative sources had not been tapped.

Sri M. K. Lingiah pleaded for more industries for providing employment in the city.

Sri A. Krishnamurthy Rao regretted that some of their decisions had not been implemented, particularly street lights.

Sri Sreerama Shetty wanted a Municipal Colony for its workers.

Muslims' Clash Averted

Mysore, June 1

What would have been a major clash between two groups of the Muslim community in the city was averted yesterday by the timely intervention of the police.

Following differences of opinion over the restoration of a priest in a mosque in Mandi Mohalla, a group of Muslims stated to be followers of the priest, raided a beedi shop and a cycle shop belonging to opposite side. Soda bottles and other articles were taken away and one person was assaulted.

The police immediately rushed to the scene and restored order. Armed police pickets were posted in the area.

INDIA'S EQUIPMENT TO "MATCH ARMS ELSEWHERE"

NO IDEOLOGY IN BUYING MIG AIRCRAFT

—SAYS KRISHA MENON

Sri Krishna Menon, the Defence Minister declared in the Lok Sabha yesterday that India had no 'ideologies' in regard to securing equipment for her security and said that the primary consideration in these matters (buying MIG aircraft) was of "matching our arms with offensive arms elsewhere".

Referring to the criticism in Western countries against purchase of MIG aircraft from Russia, Sri Menon said: "We have not been so far, inspite of sweet talks, able to obtain from the West the know-how or knowledge in regard to these weapons and other technical equipment".

The Defence Minister declared that India sought to get what it could, at the right price over the counter and not two years hence, and with the ultimate prospect of manufacturing it in the country itself.

He said that the purchase of MIG aircraft had become a subject of political propaganda in some quarters in the world. India did not want to irritate anybody but at the same time it had to look to India's own security first and foremost.

MIG FIGHTERS

India's Defence Minister Krishna Menon yesterday described as totally unfounded the apprehensions of the United Kingdom that if India purchased MIG fighters from the Soviet Union, the military secrets that Britain had made available to this country might be exposed to the Soviet Union.

Sri Hem Barua asked in the Lok Sabha if the offer of the Soviet Union to supply MIG jets at half the cost quoted by Western manufacturers and in rupee currency could be interpreted as military aid as the Western circles had done.

Sri Menon said: It is not military aid. It is purchase of a commodity like any other commodity.

Orderliness Among Youths

ROLE OF NATIONAL CADET CORPS

Mysore, June 2

Prof. N. A. Nikam, Vice-Chancellor of the Mysore University yesterday stated that the National Cadet Corps training was an ideal one for bringing about orderliness among the boys and girls in our educational institutions.

He was presiding over the closing function of the 14-day NCC and Social Service camp at Oddarapalyam near Mysore.

About 750 cadets including 60 girls, from all over the colleges in the State participated in the camp.

Major Sharma, Camp Commandant welcomed the gathering.

The NCC, he said, would make the weak and passive people active and old. In his opinion, the NCC social service camps were the real centres for national integration.

SINO-PAK BORDER ALIGNMENT

INDIA'S FIRM PROTEST

India has lodged strong protests with China and Pakistan on their agreement for a re-delimitation of the boundary between Sinkiang province of China and Pak-held areas of Kashmir.

The Government of India have characterised the Chinese move as "interference with the sovereignty of India over the State of Jammu and Kashmir" and has warned that "any change, provisional or otherwise, in Jammu and Kashmir brought about by third parties will not be binding on India".

India has accused the Chinese of a complete volte-face in regard to Kashmir's accession to India which they had earlier categorically acknowledged as full and final.

It is clear, the New Delhi note stated, that the Government of China is in this matter, acting in furtherance of its aggressive designs and is seeking to exploit the troubled situation in Kashmir and India's differences with Pakistan for its advantage.

In a note to Pakistan, the Government of India have stated that India would never agree to any arrangements between Pakistan and China about a territory " which constitutes an inalienable part of the Indian Union". It warned Pakistan of the "grave consequences of their action".

Revive Cultural Fervour

HRE COMMISSIONS' RECOMMENDATIONS

The Hindu Religious Endowments Commission, headed by Dr. C.P Ramaswamy Iyer, in its report submitted to the Union Government on Thursday, has recommended measures, not only to streamline the working of the religious instiutions but also to revive the missionary fervour of Hindu culture.

The commission has opined that religious institutions were not only centres of worship but also centres of dissemination of Hindu culture. Besides the daily rituals which were part of routine, the temples and mutts were enjoined to bring home to the people the aspects of Hinduism as propounded by the acharyas and savants

The commission considered the question of the priests. Known in the South as archakas they are called pandas in the North. The commission noted the undesirable practices which have crept in mainly among the pandas through their importuning practices It has recommended that priests should be put on solid footing so that they do not tease and irritate the pilgrims in the process of getting material needs satisfied.

ENGLISH TO CONTINUE AS VARSITY MEDIUM

NO REGIONAL BIAS IN VARSITY ADMISSIONS

NATIONAL INTEGRATION COUNCIL'S PLEA

The National Integration Council, which concluded its session yesterday at Delhi, affirmed that pending the full development of Hindi as the medium of university education on all India basis. English should be the link in the transitional stage.

The Council considered that while generally speaking the replacement of English by regional languages as medium of university education was inevitable and should be actively pursued, every care should be taken by universities to ensure that the transition was made without jeopardising the quality of education.

The Council laid stress on the importance of teaching English as a compulsory subject whether in any transitional scheme of the adoption of regional language as medium of instruction or even after the replacement had been fully carried out at a future date.

It recommended that the standard of teaching both in Hindi and English should be improved and maintained at a high level in schools and colleges.

The Council also considered a draft code for the Press and recommended to the Union Government to set up a committee to confer with the different sections of the Press and to examine and formulate a Press Code with due regard to the Press Commission's recommendations.

According to the draft Press Code, the Press shall take all active steps to develop a feeling of unity, solidarity and cohesion in the hearts of the people and to create a sense of common citizenship and feeling of loyalty to the nation.

On the question of admission to universities and educational institutions, the Council noted that universities could and should exert a powerful unifying influece in the country and strongly recommended that admissions should not be denied on considerations of place of birth, residence caste or creed.

New Prize Bonds

Carry Premium

The new prize bonds to be introduced, in addition to prizes, would carry a premium.

The new bonds would be in two denominations, Rs. 100 and Rs. 10. instead of the existing Rs. 100 and Rs. 5.

Although there would be a reduction in the amount of prize money, due to offer of premium, it would allow the vast majority of holders, who have not won a prize, to earn a return on the investment. Considering that the premium would be tax-free and that there would be no limts to investment in these bonds, the premium would be at a lower rate.

The Union Deputy Finance Minister, Smt. Tarakeswari Sinha disclosing this, stated that instead of the present quarterly draws, there would be annual draws and this would enable the amount and the number of prizes to be increased considerably.

To eliminate the participation of unsold bonds in the prize draws, the bonds would be issued not in separate series as at present, but in a single series carrying running numbers.

Panchayat Elections On Non-Party Lines

AICC'S RESOLUTION

The All-India Congress Committee meeting at Delhi yesterday adopted a resolution that panchayat elections should be held on non-party lines.

Prime Minister Nehru speaking on the resolution said that "partyless Government" would result in undesirable and antisocial elements dominating society. But despite this, it was his view that holding panchayat elections on party lines on the village level was not proper. This would tend to create innumerable factions in the village and aggravate differences and villages would lose sight of the primary task of uplifting themselves.

Seed Programme In Mysore

TOP PRIORITY FOR RAIN-FED CROPS

The seed multiplication team of the Planning Commission has suggested that in Mysore State, the seed programme should be so phased that the rain-fed crops like millets groundnut and pulses which are the crops of the poorer classes of agriculturists, receive first priority.

The second priority should be given to cover the area not yet covered by already popular improved varieties in rice, jowar and ragi.

In Mysore, about 25 million acres are under crops, of which the most important food crops are jowar, ragi and rice and the commercial crops, cotton and groundnut. Improved varieties of seeds can play a very useful part in increased food production, as they raise the yield per acre by 10 to 20 per cent without extra cost.

Finger Cut Off By Robbers For A Ring

INCIDENT IN CITY

Mysore' June 7

A young man's fingers were chopped off by a group of robbers for the sake of a gold ring, near the Kukkarahalii tank here on Tuesday evening.

It is reported that Govindar julu Naidu, a tailor from Bangalore, whose marriage had been fixed, had come to the city to see his relatives. While coming from V. V. Puram to the city, he was accosted by a stranger with a request for a match. The stranger then began to search the pockets of Naidu and relieved him of Rs. 15. When he tried to resist, three others surrounded him and tried to snatch the ring from one of his fingers. As it did not come, the strangers dragged him to a nearby tree and placing the fingers on the roots of the tree, chopped off the fingers with a sickle and disappeared with the booty.

The victim has been admitted in K. R. Hospital where he s progressing.

STAY FOR CIVIC ELECTIONS IN MYSORE

HIGH COURT ADMITS WRIT PETITION

Bangalore, June 7

A writ petition for the stay of the ensuing elections to the Mysore City Municipal Council was admitted this afternoon at the High Court here by Sri Justice Somanatha Iyer and Sri Justice Ahmed Ali Khan.

Applications were presented by Messrs Gupta and Veerabhadrappa, two rate payers of the city, challenging the valedity of elections to be held on June 23, on the following grounds:

That the present Returning Officer having not been properly appointed as persona designata as per Sec. 242, subclass 3, of the Mysore City Municiplaities Act of 1933, was not the competant person to conduct the elections. All actions taken by him and all orders passed by him in the capacity of Returning Officer were null and void.

That Sec. 10 of the Municipalities Act which prescribed reservation of seats for Scheduled Castes had expired by the end of 1961 and that there was no sanction of authority to reserve seats for the Scheduled Castes in the ensuing elections. The calender of events therefor, and the election notification which provided on this basis of reservation of three seats for the Scheduled Castes was an action without statutory sanction and authority and rendered whole election void.

Their Lordships admitting the writ petition directed emergent notices being issued to the Government and Sri C. R. Balasubramanya, in-charge Municipal Commissioner, City Municipal Council, Mysore to appear on Monday, June 11, to prefer their objections to the application made by the petitioners for the stay of the election

MYSORE-MAHARASHTRA BORDER ISSUE

The Union Home Minister Shastri informed the Lok Sabha yesterday that he would take initiative in discussing the Mysore-Maharashtra border dispute with the Chief Ministers of the two States to facilitate a mutually acceptable solution.

In case such a solution was not found, something else had to be thought of. In that event, "I have some solution", he added but declined to divulge it.

PEAKING CHARGES BASELESS

The Government of India has described as entirely without foundation the Chinese allegation that India had violated 'Chinese territorial 'integrity at Longju, in the NEFA area.

The Indian note sent to Peking stated that the Chinese allegation that Indian troops intruded into Chinese territory was entirely false.

India has protested strongly against the aggressive activities on the part of the Chinese troops in Indian territory and said that "it should be clear to the Government of China that Longju is in Indian territory and that the Government of India will not allow any foreign aggression in Longju".

Further Import Cuts

TO SAVE FOREIGN EXCHANGE

The Union Finance Minister, Sri Morarji Desai announced in the Lok Sabha yesterday further cuts in all imports, whether Governement or private, stopping of journeys abroad by persons who have not been given any foreign exchange and restrictions on travel abroad by businessmen and by students with a view to conserve foreign exchange and to improve the country's balance of payments position.

Sri Desai said that though the country's gold reserves were much larger than the sterling balances of Rs. 100 crores, clearly our aim should be to avoid any net drawal on them over the year as a whole.

The Finance Minister said that one of the loopholes through which the country had been losing foreign exchange was the travel abroad by people for whom no foreign exchange had been released by the Government.

Sri Desai stated that the economy would gain in strength if the projects for which foreign exchange had already been assured were completed as quickly as possible. A very large number of plan projects which needed only small amounts of foreign exchange should also be executed expeditiously.

Revival Of College Unions

DISCUSSION IN THE SENATE

Mysore, June 11

The question of reviving the College Unions loomed large at the meeting of the Senate of the Mysore University, here on Saturday.

The Special Committee constituted by the University to go into the question of amending various statutes had recommended that a union or an association should be started in every college for promoting social and cultural activities among the students.

After much trouble and acts of indiscipline, Varsity Unions were abolished in 1953.

Dr. Hegde and Prof. Venkatachala Iyengar opposed the revival of the unions as they feared that it would be an open invitation to trouble in the university. It would become the hot bed of politics and indiscipline would increase.

Messrs. Lankappa, L. Srikantiah and N. Srinivasa Murthy stated that unless there was proper control over these unions by the University, they should not be started. The Syndicate should have overall control over the unions.

The Senate after prolonged discussion referred the matter back to the special committee for incorporating the necessary changes

Sri D. N. Rudriah, who moved a resolution for making the temporary teachers permanent withdrew as there was strong opposition by members that the Senate or the Syndicate had no powers to do so. However the Vice-Chancellor assured the member that the University was considering how best to regularise the appointments.

One of the important amendments to the statute approved by the Senate related to the deposit of capital fund by private colleges for affiliation. Accordingly, the arts colleges had to deposit Rs. 2 lakhs science colleges Rs. 3 lakhs and professional colleges Rs. 10 lakhs.

Another important amendment approved was that if there was any disagreement between the University and the Government regarding the grant of affiliation to a college, the final authority was to be the Senate.

TEXTILE MILL AT CHAMARAJANAGAR

Mysore, June 11

There was a proposal to set up a 12,000-spindle textile mill at Chamarajanagar, stated Sri T. Shamanna, Director of Industries and Commerce.

He also said that the Government proposed to equip the Belagola Fertiliser Factory with caustic soda and chloric acid plants at a cost of Rs. 2 crores, a sulphuric acid plant at Rs. 15 lakhs and super phosphate plant at Rs 25 lakhs.

ADAMANT ATTITUDE OF MAHARASHTRA

Bangalore June 11

The adamant attitude of the Maharashtra representatives not to budge even a little from the Pataskar formula for border disputes was the cause for the deadlock for the Mysore-Maharashtra Border Dispute Committee for submitting a report

The representatives of Maharashtra submitted their own report, while the Mysore report would be submitted by the end of this month.

Sri Mallimath one of the Mysore representatives told pressmen that Mysore did not subscribe to the Pataskar formula because of its unwieldiness and also because of the possible chain reaction it might let loose in the entire country. once the States started demanding fresh delimitation of territories Moreover, both the States Reorganisation Committee and Parliament had rejected the formula.

PROBE INTO WORK STOPPAGE

TO FIX RESPONSIBILITY

NO DIRECT ACTION, SAYS NANDA

The Government of India was going to probe in to every case of stoppage inproduction with a view to determining the responsibility and taking suitable action declared the Union Labour Minister Nanda.

Inaugurating the 13th session of the Indian National Trade Union Congress, yesterday at Calcutta, he said the workers were expected not to have recourse to stoppages in their town interst as well as in the larger interest of the country.

He asked the workers to avail themselves of all the facilities and opportunities which had been provided.

Sri Nanda said: "If some of you fiind that justice is not being meted out, and therefore you are compelled to take direct action, still do not stop work, but while continuing your work, send a telegram to the Labour Miniter of the State concerned, saying "We should be considerd on strike". It will mean an SOS to the Government to take measures as would be warranted in a strike".

The Labour Minister stated that during the last year the mandays lost were 42lakhs and the loss of production was Rs. 16 crores and wages Rs. 2 crores. Actually the damage extended much further and loss to the economy far greater because of the repercussions.

He said that any pressure for higher share would be at the expense of other sections who were no better off and if a large number pressed for their claims prices would rise and most people would be fairing worse in consequence.

It was possibe to increase production in the present circumstances without much investment, if peope worked harder, reduced wastages to the minimum and by suitable training.

NO STRIKES

Prime Minister Nehru in a message stated that "days of strikes and lockouts are over". He said that labour unions had to look after the interests of their members. But in doing so, they had also to remembe the largerr interest of the country. It was shortsightedness to forget the larger interest in order to gain some advantage for a group at the cost of the country.

He wanted evolution of a system where disputes were settled without strikes and lockouts and with justice to the people concerned.

STRENGTHENING CO-OP. SECTOR

The Government of India have decided on a number of steps to give concrete shape to the objective of enlargement and strengthening of the co-operative sector of the country's economy, emphasised in the Third Plan.

In the realm of food and agriculture, it is decided to establish on a co-operative basis most of the 55 dairy schemes. The milk co-operatives will concern themselves with collection, processing and distribution of milk and milk products.

As regards industry, it has been agreed that every attempt should be made to set up industrial estates (200 both in towns and rural parts) on a co-operative basis. Preference is to be given to industrial co-operative societies over individual entrepreneurs in these estates.

The scheme of house building for the low-income-group should be handled by co operative societies.

India's Offer To China

CONSISTENT, SAYS NEHRU

Prime Minister Nehru told the Lok Sabha yesterday that his offer to China for the withdrawal of the armed forces of the two countries on the border in accordance with the maps of the other country was "completely consistent" with the stand taken by India, all along on the border issue.

Asked whether in the event of the acceptance of the Indian offer by China, India would have to withdraw from a much larger area than China; the reply was not. The area of the "no man's land" as a result of mutual withdrawal would be approximately 11,300 sq. miles

Sri Hem Barun asked whether India would take drastic action like severing diplomatic relations because Chinese allegations and threats against India were mounting up.

Sri Nehru: The Member suggests that we should live up the charges made by China against us As far as I understand the Member, he wants to do something which justify the charges made against us.

CENTRAL TAX CONCESSIONS

CUT IN EXCISE DUTY ON TEXTILES & MEDICINES

The Union Finance Minister, Sri Morarji Desai announced yesterday in the Lok Sabha some reduction in the excise duty he had levied on certain categories of cotton and woollen textiles, medicines and indigenous newsprint

There will be tax relief in respect of processed textiles.

The excise duty on mercerised khadi and cotton yarn up to 40 counts, used by the handloom sector, has been withdrawn.

He also announced concessions in respect of fabrics produced by power-looms of mercerised and waterproofed fabrics in the coarser categories.

He said that the duty on indigenous newsprint will be reduced from 22 nP. to 5 nP. per kilogram.

Sri Morarji said that he had decided to reduce the rate of duty to 2.5 per cent ad valorem in respect of certain drugs like penicillin, streptomycine, quinine and insulin.

He proposed exemption from the processing duty for cloth certified to be genuine khadi by the All-India Khadi and Village Industries Commission even where such processsing was done by power.

The excise levy for mercerising and waterproofing cloth will be reduced from 25 nP. to 10 nP per square metre.

The net effect of the concessions in all excise duties is estimated at Rs. 1.16 crores.

MIGs Most Suited To India

—SAYS NEHRU

Prime Minister Nehru stated yesterday that while no final decision had been taken yet about the purchase of Soviet MIG aircraft, "we are inclined to think that the MIG jet is most suitable for India's needs."

He said: "We have felt for some considerable time our Air Force was relatively weak in machines, etc., more especially after some much later type of aircraft were given as aid to Pakistan by the USA". The MIG was a "stout, simple type, not a sophisticated, complicated one as others are" and it was relatively simple and good for rough wear.

Sri Nehru denied that any pressures had been brought on the Indian Government about the purchase of the MIGs by the United States or Britain, though there had been some enquiries from those two countries.

No regular offer was made by Soviet Union. It was the report of our Air Force officers that interested us in this because they spoke highly of it especially in regard to facilitating for manufacturing it in India, he added.

KASHMIR DEBATE

The Security Council yesterday adjourned its discussions of Kashmir until next Thursday, after hearing suggestion for a settlement of the question from the delegates of the United States, Britain, Kuomintang China and France.

The U.S. Chief delegate, Mr Adlai Stevenson urged the Council to consider setting up a high-level conference on the Kashmir question.

However, Sir Patrick Dean, British delegate declared categorically that this dispute "can only be settled by negotiations between the two parties. Neither the Security Council nor any other outside body is in a position to dictate a solution ".

The French delegate, Mr. Berard said that the sovereignity of the States could not be tampered with or a solution imposed on them. It was for Governments of Pakistan and India to settle on the terms of negotiations and decide the issue.

BAN ALL NUCLEAR TESTS

DELHI CONVENTION'S PLEA TO U. N.

President Radhakrishnan and former President Dr. Rajendra Prasad and Sri C. Rajagopalachari yesterday joined in making an appeal to the powers to stop all nuclear tests and to make the world a safe place to live in

Dr. Prasad inaugurating the Anti-Nuclear Arms Convention, sponsored by the Gandhi Peace Foundation at Delhi said that the straightest way to break through the vicious circle of fear and distrust which plagued humanity was that all nations should abjure the use of force altogether. If this was not found possible, he said then any one country should take courage in both hands and disarm unilaterally. "Such a nation would go down in history as the benefactor of mankind and the world will not allow it to fall a victim to aggression".

Sri Rajaji suggested that the convention should pass a resolution calling upon in the name of the people of its land and of the neighbouring people to bring the issue before the U. N. and make the U. N. decide that nuclear tests should be prohibited. Those who did not comply with the resolution should be expelled.

He said whatever might be the motive or necessity for nuclear tests the cold war powers had no right to disregard the right of the world to continue in good health and to imperil the future generations.

President Radhakrishnan deplored that man was losing faith in himself and suffered from a feeling of utter helplessness. Man's initiative and judgment seemed to have been lost.

He said that war as means of settling disputes had to be given up and the resources of the world utilised to create a better world. History must take a new direction if man's deepest desire for peace was to endure.

The President called upon the convention to appeal to the Governments and peoples of the world to move forward to human brotherhood.

8 ASSAM MLAs RESIGN

Eight of the 11 members of the Assam Legislative Assembly belonging to the All-Party Hill Leaders' Conference, which stands for a separate Hill State have tendered resignations from the Assembly.

The non-nuclear powers should move the General Assembly of the United Nations to adopt a resolution for banning all nuclear tests immediately and that economic boycott should be applied to nations failing to implement the resolution, were the measures proposed by the Anti-Nuclear Arms Convention.

It also suggested that a deputation of three eminent Indians authorised by the Government of India, should be sent to Moscow, London, Paris and Washington to meet the heads of States and to persuade them to give up testing of nuclear arms

Boys Roasted To Death

Two boys were roasted to death when red hot waste ore were dumped over them on a river bank in Hiwada in Japan.

It is stated that three boys went fishing in the night on the bank of Fujita river, situated near an electro-chemical plant. Their clothes got wet and they went near a waste ore dump to dry them. Warmed by the heat they grew drowsy and fell asleep. A dump car from the plant came and unloded waste lumps still buring hot on the sleeping boys, not seeing them in the darkness and not suspecting that anybody could be sleeping at such a place.

Unilateral Disarmament Not Easy

TEST BAN EASIER

—SAYS NEHRU

Prime Minister Nehru yesterday declared that neither India nor any other country in the world was in a state of readiness to accept non-violence as a creed and disarm unilaterally.

Addressing the anti-nuclear arms convention at Delhi, Sri Nehru said the people of India had not yet trained to accept non-violence as a creed. "I do not want to make them profess something and do something entirely opposite. That is hypocrisy and cowardice. There is grave danger in it", he added.

The Prime Minister appealed to the nuclear powers to stop the "horror and abomination" of nuclear tests, even unilaterally, as the "present step, the urgent step" towards the goal of total disarmament.

He said: "The time is limited. If you don't put an end to tests soon enough, it may be beyond your capacity, of human beings or nations to stop this rot. It is really a question of race between the good sense of humanity and fear of humanity".

About the prospect of reaching the ultimate goal of abolishing war and effecting disarmament, Sri Nehru said: "This crisis can only be resolved. I think, finally not by some nuclear tests being stopped but by something deeper. by the minds of men and hearts of men and spirits of men raising to somewhat higher levels I belive they will do it and humanity will rise by firm faith, because there is no other way and people will perish".

Unanimous Choice Of Nijalingappa

JATTI GROUP TO SUPPORT

Bangalore, June 20

Sri S. Nijalingappa will be elected unanimously as the leader of the Congress Legislature Party, at its meeting to be held tomorrow morning here.

He will be sworn-in as Chief Minister at 11-30 a.m. by the Governor.

The unanimous election is as a result of the decision taken by the Jatti group to support Sri Nijalingappa.

The three factors which weighed with Jatti group were: the need for harmonious working of the party; the oft-repeated appeal of Sri Nijalingappa for purity and clean administration and ending of groupism; and the advice of the Congress High Command.

Best Safeguards For India's Trade

SANDYS' ASSURANCE

Mr. Duncan Sandys, the British Commonwealth Secretary assured yesterday that his country was very mindful of the trading interests of India and would secure the best possible safeguards for them.

He told pressmen before flying to Pakistan, that there was no difference between Britain and India in regard to the objective of safeguarding India's trade and securing a reasonable growth in the years to come.

Mr. Sandys disagreed with Sri Nehru that the Commonwealth would be weakened in certain respects because of Britian's entry into the European Common Market. On the other hand, he felt that Britain and the Commonwealth would have increased influence in the political thinking of the ECM consisting of 250 million people which would be larger than the United States and the Soviet Union.

PEKING'S BASELESS CHARGE

Prime Minister Nehru told the Lok Sabha yesterday that China had accused India with further intrusions and provocations in the western sector of the Sino-Indian border.

The Chinese Government in their Note on May 28 had baselessly alleged that India had set up a military post and named that place as Hongshantou. Sri Nehru said there was no such place as Hongshantou on the map and the area referred to was in Indian territory.

CHINESE FRESH INTRUSIONS

5 MILITARY BASES IN INDIAN TERRITORY

The Government of India in their latest note to China on June 6 had lodged an emphatic protest for the fresh encroachments into Indian territory by Chinese intruders and urged China to put an end to such dangerous and illegitimate activities.

The Note said that since 1960-61 Chinese intruders had set up no less than five new military bases on Indian territory.

The Chinese troops were also daily intruding into Indian territory from different sectors of Ladakh, pushing forward on trucks and jeeps, blasting the mountainside with heavy explosives, constructing new military bases and extending military bases already set up.

India's note said that assertion of the Chinese Government that the location of new Chinese post and other areas of Ladakh had always been under the effective control of China was against the evidence of history. Neither the present nor any other regimes in China had ever exercised any authority in this region of India.

MYSORE FIRM ON BORDER STAND

REPORT OF 'SOLUTION' BY SHASTRI DENIED

C. M. WARNS AGAINST ANY AGITATION

Bangalore, June 22

Chief Minister Nijalingappa said here yesterday that the State Government was not aware of any 'solution' suggested by the Union Home Minister, Lal Bahadur Shastri, in regard to solving the Mysore-Maharashtra border problem.

He refuted suggestions from Maharashtrian sections that Sri Lal Bahadur had indicated his mind that Belgaum should go to Maharashtra. The crux of the problem was the issue relating to Belgaum city. It would not be given up by Mysore in favour of Maharashtra, he said.

The Chief Minister said that Mysore had made its position clear in this regard. The State Government was firm as ever in regard to its stand that there could be no major changes in border adjustments.

He explained that Mysore's peaceful approach should not be taken as a sign of weakness.

Sri Nijalingappa also warned that any agitational approach and false propaganda to force a decision would be severaly dealt with in accordance with law.

Drought-Hit Areas In Mysore, A.P. And Maharashtra

NEW PLAN BY CENTRE

A draft plan to develop certain chronic drought-affected areas of Mysore, Andhra Pradesh and Maharashtra has been prepared by the Union Ministry of Food and Agriculture.

It has been estimated that the area generally susceptible to scarcity conditions in Mysore, Andhra and Maharashtra is 97,780 square miles and the population affected is about 227 lakhs.

The main emphasis in the plan was on creating permanent assets to meet the agrarian problems of chronic scarcity areas over a long period of time

One of the means of building permanent assets, according to the plan, lies on constructing open wells and restoring minor irrigation tanks which lead directly to the creation of resources that can provide for gainful employment.

The Union Government has indicated that the working of this scheme on a pilot basis for three years in the first instance would help in gaining experience for a wider and comprehensive blue print to cover all the States in India and operate over a longer period.

MINISTERS NOT TO ATTEND PARTIES

Bangalore June 23

Sri Nijalingappa's new Ministry has decided not to accept invitation for parties.

Chief Minister Nijalingappa has requested private individuals not to put the Ministers to the necessity of saying "no" to the invitations.

INDIA WILL GUARD HER TERRITORY

India would continue to take necessary measures for the defence of her territory as well as for the vacation of the territory now under unlawful occupation by Chinese, declared Deputy Minister Dinesh Singh in the Lok Sabha.

He said India could not obviously abdicate its responsibility in regard to the border territory belonging to her.

NEW SECRETARIES

Sri C. R. Basappa and Sri Raghunath Singh, members of the Lok Sabha from Mysore and Uttar Pradesh respectively were yesterday elected Secretaries of the Congress Parliamentary Party.

Only Minor Border Adjustments

—NIJALINGAPPA

Chief Minister Nijalingappa stated yesterday that they had to concentrate on building the economy of the State and the border areas particularly, instead of frittering away their energies on border disputes.

He strongly refuted as baseless and false the allegations that Maharashtrians were not treated properly in Mysore. He regretted that agitation should be resorted to by a section to settle the border probiem.

The Chief Minister dismissed as untenable the claims of Maharashtra Ekikaran Samithi that areas in Belgaum, Karwar and Bidar districts should be transfered to Maharashtra. Mysore had better claim over Sholapur in Maharashtra than the claim of Maharashtra over Belgaum

He said it was possible for the Mysore and Maharashtra Governments to come to a settlement in regard to minor border adjustments. If that was not possible, the question should be dropped altogether.

MERIT SCHOLARSHIPS

Under the National Scholarships Scheme, the Union Government have allotted 105 scholarships to Mysore State for award to poor but meritorious students for higher studies.

NEFA AREA NOT VIOLATED BY CHINA

The Lok Sabha was assured by Prime Minister Nehru that there had been no occupation by the Chinese recently of any part of NEFA, "nor any indication of it, nor any talk, nor had anyone seen any such thing even in a dream".

He was replying on a calling attention by a member to a report published in a Bombay paper that Chinese soldiers had advanced in NEFA and occupied about 500 square miles of the area there.

Sri Nehru said: 'It is absolutely wrong. Nobody has come below the Mc-Mahon Line".

PM's CONCERN OVER CORRUPTION

Prime Minister Nehru has expressed concern over the growing incidence of corruption in the country.

In a letter to the General Secretary of Bharat Sadhu Samaj, Patna, Sri Nehru has said that efforts to stop corrupt practices in Government offices has met with success. But only official measures were not enough. Voluntary organisations like the Bharat Sevak Samaj and the Bharat Sadhu Samaj could do a lot in this matter.

6,000 Pound Paddy Crop

Farm yields can spiral up with due care of soil and crop, and without doing anything that is beyond the farmer's means.

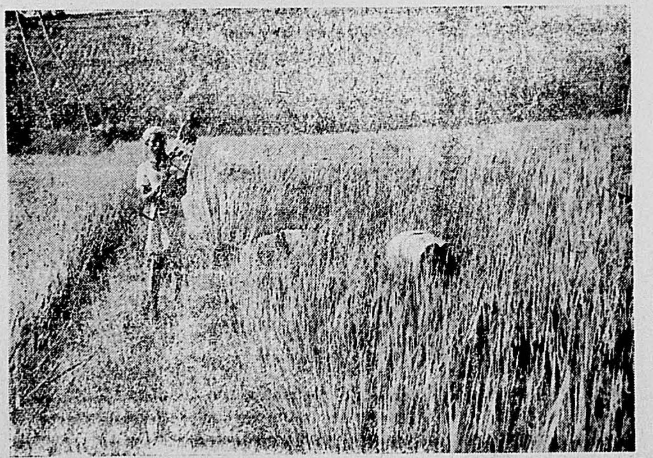
Sri R. Krishnan Nair is one such farmer who has been reaping heavy paddy harvests from the lateritic fields in Ullor Village in Kerala.

His five acres of paddy land, typical of the coastal soil, till five years back used to yield 1,500 pounds of paddy to the acre. Today, each field averages 6,000 pounds an acre.

To work the soil better, he uses an iron plough in the place of desi plough. The only other improved implement he uses is the Japanese hoe for weeding and stirring the soil between the paddy plant rows.

Planting in lines helps make weeding and stirring the soil with a rotary hoe very easy. It saves the labour cost too.

With this treatment, the soil has been giving him a uniformly high yielding paddy crop.



The weeder is a grert help in clean cultivation that leads to high yields

NO PLACE FOR COMMUNAL PREJUDICES

PRESIDENT'S ADVICE TO UNIVERSITIES

President Radhakrishnan stated yesterday that academic institutions should be kept free from political and communal principles and they should not dissipate their energies in minor squabbles and group conflicts.

Inaugurating the Punjab University, the President referred to the part to be played by teachers in shaping the minds and hearts of the youth of the country and said: "Teachers have a great deal to do with the shaping of the minds and hearts of our youth. This is so obvious that it does not need repetition but in spite of much repetition we do not seem to have a real understanding of the place of the teacher in the present context. We speak of national integration of peaceful approach to the problems that face us but these cannot be realised by mere preaching. We have to be educated to a realisation of it. We must check the spread of separatist activities. We should not lower the standard of rectitude. Teachers by their 'achara' or conduct should be an example for the students. Good conduct is produced only by a wise self-restraint. Nowhere does the superior mind disclose itself better than in self-restraint.

Dr. Radhakrishnan expressed the hope that the seat of learning would produce men and women who will live, love and create a co-operative Commonwealth.

WATER FAMINE IN CITY

Mysore, June 25

Mysore City is virtually in the grip of water famine for more than 30 hours due to the sudden bursting of the 24-inch water main which feeds drinking water to the city from Krishnarajasagar.

The unexpected stoppage of water, that too, on Sunday, caused untold difficulties to people. The housewives had to roam about in the city in search of wells for their water supply.

The water main, which burst on Saturday night, near Chamundi Coffee Curing Works was repaired after 36 hours and the water supply will be partilly restored at 4 p.m. today.

Complete service will be restored from tomorrow morning, it is officially stated.

It is the duty of the Municipality on such emergencies to make known the people about the stoppage of water through loudspeakers and not content with sending a notification to Newspapers, for most of them was a holiday.

Russia Vetoes Irish Resolution On Kashmir

The Soviet Union on Friday vetoed in the Secutiy Council a resolution moved by Ireland calling on India and Pakistan to open negotiations on the Kashmir issue.

Sri Krishna Menon, India's representative denounced the resolution and disclosed that India had specifically informed Irish Government that the resolution would be regarded by India as an unfriendly act.

Prime Minister Nehru told the Rajya Sabha on Saturday that it was India's misfortune that in regard to matters about which its people felt so passionately likeGoa andKashmir, these two great powers, the United Kingdom and the United States should almost invariably be against us.

Referring to the stand taken by Britain and America in supporting the resolution in the Security Council, Sri Nehru said "this created doubts in our minds about the goodwill of these countries towards India and, unfortunately, the work done for years, the work of creating that goodwill which we value so much, is washed out by a stroke of the pen or a vote given or a speech made".

MEDICAL SCHOOL STUDENTS TO JOIN COLLEGES

MYSORE VARSITY RELAXES MINIMUM MARKS RULE

Mysore, June 28

The Academic Council of the Mysore University yesterday paved the way for the students of the Medical Schools of Shimoga and Bijapur to join the Pre-Professional Course in Medical Colleges, by relaxing the rule of the minimum of 45 per cent marks for entry into pre-professional courses.

The State Government had intimated the University about the decision to abolish the Medical Schools and requesting for provision to relax the rule of 45 per cent minimum marks to enable the students of those schools to join the pre-professional course.

The Government had also requested permission to increase the intake of students from 150 to 200 in Bangalore and Mysore Medical Colleges and from 75 to 175 in the Bellary Medical College.

The Council while relaxing the rules reqested the Inspection Commission to examine the possibility of increasing the seats in the Pre Professional Classes in the Medical Colleges.

The Council further asked the Government to distribute these 249 students in all the five Medical Colleges in the State at Mysore, Bangalore, Hubli, Bellary and Manipal.

Messrs. H. Siddaveerappa, A.G. Ramachandra Rao, A. C. Deve Gowda, Prof. Ramesh and Ganji Veerappa supporting the resolution stated that the whole issue should be looked at from a humanitarian point of view as 249 students would be thrown out on the road if no provision was made for their future.

Prof. Nagappa and Mr. L. Srikantiya opposed the resolution on the ground that the relaxation of the rule would mean the deterioration in the standard.

DEARTH OF SENIOR OFFICIALS

Bangalore, June 28

The Government of Mysore proposed to take measures to meet the dearth of senior and experienced officials in the State. The shortage is due to retirement, deputation to Central Government and stoppage of direct recruitment for over a decade now.

One of the decisions was to recruit 20 Assistant Commissioners and 100 Tahsildars.

Another plan is to afford training facilities to officers for six months to one year.

Davangers Civic Chief's Election

STAY ORDER BY SUPREME COURT

The Supreme Court yesterday passed an order restraining the President of the Davangere Municipality, in Mysore State, from holding any meeting of the municipal councillors for the election of the next President and Vice-President, pending the hearing of an appeal by Sri Hanumantharao Shindhe, a councillor.

The Council had fixed Thursday for election of the new President and Vice-President

The petitioner had submitted that according to the Mysore Municipal Regulations of 1906 the office of the President or Vice-President of every municipality was co-extensive with the term of office of municipal councillors four years. Under these regulations, rules were framed in 1924. Later acting under the City Municipalities Act of 1933, the State Government limited the office of the President and Vice President to one year, while the 1924 rules still continued and not amended.

The Mysore High Court had rejected Sri Shindhe's petition.

Old Scheme Degree Holders

CONCESSION GRANTED

Mysore, June 28

The Academic Council of the Mysore University, yesterday, decided to extend for another five years the transitory provision enabling the students who had passed out of the two-year degree courses in B.A., B.Sc., and B. Com, to join the Masters Degree courses.

AFFILIATION TO C.NAGAR COLLEGE

Mysore, June 28

The Academic Council yesterday granted one year affiliation from 1962-63 to Chamarajanagar Intermediate College. Several members opposed the grant of affiliation as the management of the College had failed to improve the College since nine years

Prof. Nagappa said that at enoromous cost colleges were being stared in mofussil places and as such the University should make the students to study in their home-town colleges alone.

Messrs. A.G. Ramachandra Rao, M S. Ramaswamy and Siddaveerappa wondered how students could be compelled to join the mofusil colleges. The rush of students in city colleges was due to lack of facilities in mofussil colleges.

The Council elected Prof. T. Ramesh to the University Senate and Sri M. S. Ramaswamy to the State Secondary Education Board.

Levy Of Rs. 5-Crore New Taxes

TO MEET PLAN EXPENDITURE

The State Government is likely to raise an additional tax revenue of about Rs 5 crores during 1962-63 in order to be able to fulfil the Plan of Rs 49.3 crores during the current financial year.

The Centre would contribute for the current year's State Plan Rs. 29.7 crores, including an advance of Rs. 6.6 crores for the Sharavathi project. The rest is to be found by the State Government itself through tax and non-tax revenues.

The Plan outlay for last year was Rs. 38.5 crores and the total size of the Plan has been fixed at Rs 250 crores.

Council Seeks Extension

DIVIDED OPINION AMONG CONGRESS MEMBERS

Mysore, June 29

The Mysore City Municpal Council at a special meeting held yesterday passed a resolution moved by Sri B. N. Kenge Gowda and ten others requesting the Government to extend the term of the Council for another period of six months commencing from July 1.

After prolonged discussion of nearly four hours, the resolution was put to vote. 12 voted for, (8 of the Congress and 4 of the Opposition casting their vote in favour) and one Opposition member voted against. The other 10 members of the Congress including the President remained neutral.

Messrs. B. Narayanaswamy, Aziz Sait, H. Kempe Gowda and Smt. Soundaramma expressed the view that the State Government had appointed a special officer to conduct the elections at the earliest to elect a fresh council and thus had safeguarded the principles of democracy, instead of continuing the same council for another period of six months. They pleaded that it was not right on the part of Congress members to bring in such a resolution against the decision of their own Government.

Sri Vedantha Hemmige, the solitary member who opposed the resolution said that it was not proper to beg for extension of the same council.

Messrs. B. N. Kenge Gowda, A. Krishnamurthy Rao M. K. Lingiah and Sanjiviah (all Congress) who spoke supporting the resolution said that it was against democracy to appoint an officer to look into the administration that was conducted by a 32-member council. They said that the Government could have extended the term for six months more for which there was provision.

President H. Kempe Gowda made it clear that the Government had not superceded the Council but the term of the Council had ended

CO-ORDINATED PLAN FOR RIVER PROJECTS

Sri Bhimsen Sachar, Governor of Andhra Pradesh has told at Hyderabad yesterday that there should be a comprehensive and co-ordinated development of rivers and all such development plans should be river-wise and not State-wise.

The only objective should be the best utilisation of the waters available. The Riparian States can pool their resources to develop a string of projects on the rivers and collectively manage them and reap their benefits, he has suggested.

The other suggestions made by the Governor were the setting up of regional flood control commissions and resilting of rivers on a large scale so that rivers could carry more water.

Abolition Of Part IV In PUC Urged

Mysore, June, 30

The question of abolishing Part IV (General Science) in the PUC was referred to the joint Faculties of Arts and Science by the Academic Council, here on Thursday.

Sri B.V. Banumiah who moved the resolution said that the Board of Studies in General Education which had examined the issue, was in favour of abolishing the same, as it was a heavy load on students.

TEXT BOOKS

The Council agreed to the suggestion of the University Grants Commission for the prescription of the text-books current for a period of three years.

NO PRIVATE P.G. STUDY

The Council turned down the recommendation of the Central Advisory Board to permit HighSchool teachers to appear for the Masters Degree examinations in private.

Sri A.C. Deve Gowda, DPI, pointed out that many universities in India had already agreed to it. He said that to depute high school teachers for two-year master degree courses will entail considerable expenditure to the Government which it could not bear at present.

The DPI said that during the Third Plan the State Government had decided to upgrade about 400 high schools and it would require at least 1,000 teachers with post-graduate education.

Prof. Narasimhiah and others oppposed the private study as it would lower the standard.

CONDENSED B.E. COURSE

The Council gave assent to the constitution of a condensed course in Engineering for Diploma holders who will be allowed to join the fourth year of the five year degree course.

FAMILY PLANNING

The Council decided to include femily planning as a course of study in the social and preventive medicine for the M.B.B.S. examination.

It also decided to institute M.D. Degree course in Psychiatry in the Mental Institute at Bangalore and also Post Graduate Diploma Courses at Mysore and Bangalore Medical Colleges.

The institution of a course in Library Science was also accepted

Abolition Of Mid-Term Exam.

REFERRED TO SPECIAL BODY

Mysore. June 30

The Academic Council of the Mysore University on Thursday decided to constitute a special committee to examine the desirability of abolishing theSeptember examinations.

Sri L. Srikantiah who moved the resolution said that the mid-term examinations had disastrous effect on the students as it came in the way of seriousness of studies. It also came in the way of teachers who had to devote more time for examinations, rather than teaching.

Sri B. V. Banumiah said that although there was a need to abolish the mid-term examinations for the PUC and the First year examinations, it should be retained for final examinations.

PROMOTION TO SECOND YEAR DEGREE COURSE

Mysore, June 30

The Academic Council approved the special committee's report that the regulation issued by the Chancellor regarding the promotional exminations of the first year of the three-year degree course would come into effect from 1962-63 and not from 61-62 as notified by the Chancellor.

The regulation prescribed a minimum of 35 per cent of marks in all subjects for promotion to second year degree course.

The special committee considered that as regulation was published in the Gazette as late as February this year, it would be legally faulty to apply it to 61-62 as notified.

Council Term Ends

Mysore, July 2

The four-and-half-year term of the City Municipal Council ended here on Saturday, with its last sitting

Many of the Opposition members who participated in the debate criticised the ruling party members for having failed in providing more civic amenities to the rate-payers.

Messrs. T. V. Srinivasa Rao and Srikanta Sharma bitterly criticising the Government Order called it a 'mourning session of the Council.'

Sri Srikanta Sharma lamented that at a time when the Council was to celebrate its Centenary, they were unfortunate witnesses to the chain of continued democracy being broken.

To Sri B. K Puttiah's criticism that the Council had done nothing to enlarge civic amenties Sri Somasundara Sharma disagreed with him. He said taking opposition into confidence substantial work could have been turned out.

Sri Srikanta Sharma said that schemes like providing filtered water from KRS, Concreting of roads, underground drainage and the construction of stadium had been neglected.

Sri T. V. Srinivasa Rao felt that the amenities provided now were comparatively less compared to the growing size of the city and the increasing population.

Messrs. Vedantha Hemmige, M. N. Thimmiah and S.Govindiah also spoke criticising the attitude of the Congress party.

The Congress members Messrs. H. N. Muddiah, B. G. Das and Smt. Soundaramma spoke praising the municipality for its good work.

Later the President and members of the Council were entertained to tea by the municipal staff.

FULFILMENT OF THIRD PLAN

India's Finance Minister Morarji Desai, told at London yesterday that the Indian Government will not yield to any pressure in fulfilment of the Third Plan. If sufficient economic aid was not forthcoming, the Government would try various other methods and make new calculations to meet the demand for foreign exchange. If that did not happen, thePlan would be readjusted but there will be no yielding to pressure. The Third Plan will get through.

He said that there was no truth in the report that the Aid India Club had decided to suspend aid to India.

Sri Desai also said that the report that Common Market countries had reached an agreement to impose heavy tariffs and quota on Indian textiles could not be true.

REORIENTATION OF IMPORT PROGRAMME

A further pruning and reorientation of the import programme in order to accord priority to the production of goods of high essentiality have been urged by Sri T.T. Krishnamachari, Minister without portfolio, in his preliminary observations on the progress of the Third Plan to the Prime Minister, it is learnt.

Although imports had been already cut down substantially, there was still room for eliminating several items.

It was considered economically unwise at this juncture to depend on borrowed funds for servicing or maintaining existing industries. For these, the country should only look to its export earnings The import of any item, which had 'no large measure of capital content', should not be allowed.

Temporary Lecturers

GOVT.'S DECISION EXPLAINED

Bangalore, July 5

The Education Minister, Sri Kanthi yesterday explained in the State Assembly the reasons for the Government's decision to convert 20 per cent of the cadre strength of lecturers into tutors and demonstrators in Government colleges in the erstwhile Mysore area

He said that the cadre of tutors and demonstrators existed in the three colleges of the integrated areas of Mercara, Mangalore and Gulbarga.

The Minister said that young men without experience and selection were appointed as lecturers in ex-Mysore area and were put on a par with those senior lecturers. Whereas several tutors and demonstrators with post-graduate qualification and serving as such for the past five to eight years were still on lower scales of pay. This was definitely inequitable

When it had not been possible for Government to improve the condition of these persons, who fulfilled all the conditions, they had been entertaining raw graduates without advertisement and screening in the ex-Mysore area

Sri Kanthi was replying to a call-attention notice on the issue of temporary lecturers who have been appointed as tutors and demonstrators and who had raised a controversy that they were now being degraded.

Importance Of Mysore City

MINISTER'S ASSURANCE

Mysore, July 5

As a man hailing from Myrore City, it was his duty and responsibility to see that the status of Mysore city was further improved, stated Sri K. Puttaswamy, Minister for Municipal Administration, here yesterday.

Sri Puttaswamy, who arrived here yesterday, after becoming the Minister, was speaking at a function arranged in his honour.

The Minister said that he did not subscribe to the view that a city's imporance was interlinked with its development in the industrial sphere. In his opinion, the basis for the growth of a city was its development in moral and educational sphere He was happy to say that Mysore city could boast of such progress

The Minister, however, reminded the people and the authorities that it was not enough to feel satisfied that the city was a beautiful one. There were very many slums in the city which had to be removed.

7 DROWNED IN RIVER

Seven persons were drowned in the Chudaman River in Amravati District on Sunday when their bullockcart was washed away due to sudden floods. Three labourers were still missing, while the other three had swum ashore.

National Loss

Bangalore. July 5

The percentage of passes in Government colleges was very low compared to those in private colleges. Rarely are excercises corrected and at no stage was the student guided by teachers.

In the Old Mysore area alone, nearly 14,000 students failed in Pre-University class, giving rise to a loss of nearly Rs 2 crores every year, roughly about Rs. 1,000 for the parent and Rs 500 for the Government per student.

Disclosing this in the State Assembly, Education Minister Kanthi stated that the teacher-pupil ratio was big due to overcrowding and the existing personnel was not adequate to meet the full needs of tutorial work in Government colleges. But with this as excuse, most of the temporary and young lecturers had not done even the little tutorial work they were capable of. The existing standards were mainly due to the hard and sincere work of the elderly members of the staff who had benefited least in any of the revision of scales of pay in the last 40 years.

MID-DAY MEALS

The U. S. Ambassador in India, Prof. Galbraith, yesterday inaugurated the Andhra Pradesh-CARE school feeding programme near Hyderabad. ALGEIRA ATTAINS FREEDOM

The Provisional Executive of Alegeria on Tuesday officially took over direction of the newly independent State from the French High Commissioner following a brief ceremony for proclamation of the referendum results.

The French High Commissioner M. Christian Fouchet turned over powers to Abderahmane Faresh. President of the Algerian Provisional Executive.

At a 10-minute ceremony it was announced that 5,975,583 votes had been cast on Sunday in favour of Algerian independence in co-operation with France, out of a total 5,992,115 valid votes.

Independence came to Algeria after a period of 132 years rule by the French.

Prime Minister Nehru congratulating the people of Algeria said that Tuesday marked the end of a struggle, which would be remembered for very long in the annals not only of Algeria and Arab countries, but of the world.

Educational Policy

CENTRE'S DICTATION RESENTED

Dr. A Lakshmanswamy Mudaliar, leader of the Opposition in the Madras Legislative Council and Vice-Chancellor of the Madras University has taken strong objection to the Union Education Minister giving directives to the States as to what the policy should be in regard to primary, secondary and university education.

Speaking in the Council, he said he was shocked to hear that the Union Education Minister was going to adopt the regional language as the medium of instruction in all schools by the end of the Third Plan and also he was appointing a committee to supervise examinations.

He asked: "I would like to know unde what authority the Ministery at the Centre can dabble with this problem".

The Constitution had undeniably laid responsibility for the subject with the States and so long as the Constitution was not amended he could not agree to a Central Minister to dictate educational policy.

Alitalia Wreckage Found

46 BODIES RECOVERED

The ill fated Italian Alitalia jet airliner which was carrying 94 persons and missing since Friday was traced at the top of a hill, 25 miles west of Junnar, 60 miles north of Poona.

46 bodies including that of a child were recovered from the wreckage.

The Alitalia jet, it appears, dashed against a hill top about midnight on Friday and burst into flames.

Search parties of police and villagers were working through blinding rain, slush and mud in thickly wooded jungle area of the Sahyadri mountain range. They had to fell trees and literally cut a pathway through thick ravines before they could reach the hill top.

Some shepherd boys picked up a foreign currency note on Saturday evening, while playing in a field near Junnar. This was handed over to the police who got the clue

HOUSES FOR LANDLESS AGL. LABOUR

CENTRE'S SCHEME

Mysore, July 10

Inaugurating the three-day Seminar on Village Housing here today, Sri Mehr Chand Khanna, Union Minister for Housing, disclosed that the Government had proposed to allocate Rs. 5 crores during the Third Plan to the States as an outright grant to enable them to acquire, develop and allot house sites to the families of landless agricultural labour.

He also announced that they proposed that 25 per cent of the funds allocated to the States under the Village Housing project scheme should be treated as an outright subsidy to them for the provision of improved streets, drains and other community facilities in the selected villages.

These two decisions, he hoped, go a long way in setting aright the imbalance that existed in the scheme so far in the matter of benefits to the poorest sections of the village community.

About 100 field workers and representatives from State Governments from all over India are attending the Seminar.

Sri Khanna said that with the exception of a few States the progress in the implementation of the Rural Housing Scheme in most States had not been very encouraging. He was sure that this seminar would remove the hurdles that were still there in the way and to increase the tempo of house building activity in the selected villages.

The Minister pointed out that the scheme had now a provision for open developed plots for such members of the village community as were not in a position to repay loans for the construction of houses and wanted to put up their huts with their own labour and resources.

Now the State Governments were empowered to utilise upto 15 per cent of their loan allocations for the grant of loans for the improvement of existing houses in the villages, and this was raised to 20 per cent last year.

He also laid stress that the houses to be constructed should use only indigeneous building materials and build largely with the help of the villager's own labour and the labour of his family.

Mysore Labour Minister Sri D. Devaraj Urs speaking suggested that the land acquisition proceedings which was the greatest obstacle in villages should be speeded up. Another important problem, he said, was the supply of materials. In his opinion they should be made available within a radius of five miles. He also wanted that research should be conducted for improved housing materials like mud and bamboos.

KERALA COALITION TO CONTINUE

BRAINS TRUST TO ADVISE GOVERNMENT

SHASTRI'S COMPROMISE FORMULA

The Union Home Minister, Sri Lal Bahadur Shastri announced in Trivandrum yesterday that the present Congress-PSP Coalition Ministry in Kerala will continue.

For the smooth functioning of the coalition the remedy suggested by Shastri was a reshuffle of portfolios, which would probably mean taking away the Education portfolio from Chief Minister Pattom Thanu Pillay and conferring it on a Congress Minister.

He also suggested the setting up of a brains trust consisting of prominent persons from all walks of life for advising the Government on various matters so that they could be viewed from a broader perspective.

Serious matters of corruption against the Ministers were to be referred to the Prime Minister.

Threat Of World War Exists

-SAYSKHRUSHCHEV

Soviet Premier Nikita Khrushchev stated at Moscow that the threat of a new world war really existed and accused "aggressive forces" in the West of preparing for war.

"As long as the various national stockpiles of lethal weapons remain and grow, the war threat will grow too" he said.

The Premier said, "the path of genuine peace is general and complete disarmament".

'The success of the efforts of unifying all the peoples and who want to live and build against the threat of a new world war, depends largely on the peace fighters", he said.

Speaking about the U.S. leadership in military matters, he said that the Soviet Union had' most highly perfected arms available to any power", including a global rocket and anti-missile.

TARIFFS PLEA

India's Finance Minister Morarji Desai said at Geneva that the highest priority should be given to the 'twin problems of trade and aid" in order to make the U. N. "Development Decade" a success.

The first thing the industrialised countries could do to help the developing countries to help themselves, was to remove the existing obstacles to the export of these countries, he said.

Mysore-Maharashtra Border Dispute

NO CENTRAL ARBITRATION

Bangalore, July 12

Chief Minister Sri S. Nijalingappa told the Assembly yesterday that there had so far been no offer from the Central Government to use its good offices to solve the Mysore-Maharashtra border dispute.

He reiterated the stand of the State Government that the boundary question should not be revived, but if there were any small adjustments they could be mutually settled.

About the allegations made by some Maharashtrian leaders against the Mysore members on the Boundary Committee that they were adopting delaying tactics, Sri Nijalingappa characterised it as arising out of "ulterior political motives".

The border preblem, he pointed out, involved a sizable population of Mysore State and was very important warranting a meticulous scrutiny and it would not be correct to expect the members of the committee to hustle through its considerations.

The Chief Minister said he was not aware of any report being submitted to the Maharashtra Government by the members from that State.

SUPPLY OF TEXT-BOOKS

Bangalore, July 12

Two printing presses, one each at Dharwar and Gulbarga, would be set up besides the expansion of the Government Press at Bangalore, to eliminate the difficulty in the timely supply of sufficient number of text-books to students in the Primary and Secondary stages, stated Education Minister Kanthi in the Assembly

The difficulty would be further reduced with the setting up of the gift press offered by the West German Government in Mysore, he said.

APPAJI GOWDA PASSES AWAY

Bangalore, July 12

Sri J. Appaji Gowda, former Revenue Minister and Director of Anti-Corruption, passed away yesterday in his residence in Bangalore. He was aged 70.

POWER SITUATION

Although specific steps have been taken to speed up execution of power projects, the current shortage in different regions will continue for another year or so.

The power position is expected to improve only by the fourth or the fifth year of the Plan period, the schemes included in the Third Plan meeting the power requirements.

Rs. 25 Crs. For Village Housing

Mysore, July 12

Ten thousand villages will be brought under the purview of the Centrally sponsored Village Housing Projects Scheme during the Third Plan period in a bid to improve housing conditions in the rural areas. At present, the scheme was limited only to 5,000 villages.

The funds for the scheme will also be raised proportionately from about Rs. 12.5 crores to about Rs. 25 crores for the Plan period

This was one of the far-reaching recommendations made by the Village Housing Seminar which concluded here yesterday.

The Seminar recommended that more attention should be devoted to the formulation and enforcement of proper layouts for villages to ensure better provision of roads and drainage.

The Seminar also suggested proper co ordination among the Departments connected with community development, rural water supply, village and small scale industries and the welfare of Scheduled castes, tribes and other backward classes

It also estimated that out of 54 million houses in the rural areas about 50 million have either to be rebuilt completely or improved substantially.

Emphasizing the need for making available expert advice on housing at block levels it urged the Centre to provide additional funds to enable the State Governments to increase the technical staff for the scheme.

The Seminar recommended adequate arrangements to be made by the State Governments for the training of village masons and artisans so that they could provide expert guidance to the villagers and also that the Rural Housing Wings should intensify research and experimentation in the use of indigenous building materials and popularise these through demonstration houses at suitable centres.

It decided the ceiling of Rs. 5,000 for the construction of houses in the villages to be abolished.

RADHAKRISHNAN HONOURED

President Dr. Radhakrishnan, was elected an Honorary Fellow of the British Academy.

He is the fourth person to be made an Honorary Fellow during the Academy's 50-year history.

The Academy called the Indian President "the foremost exponent of Indian philosophy in the English-speaking world".

Pak Argument On Kashmir Dangerous

—SAYS NEHRU

Prime Minister Nehru yesterday speaking at Srinagar rejected forthright Pakistan's claim that Kashmir should become part of Pakistan because the majority of the State's people were Muslims.

This argument, Sri Nehru said, was 'dangcrous'.

India had the third largest Muslim population in the world and if religion was accepted as a basis of partition, every village in the country would have to be partitioned. This was an important matter for India as well as Pakistan which also had a non-Muslim minority, he added.

The Prime Minister said that Kashmir was a part of India and had become an example of national integration. The people of Kashmir had not brought religion into politics even when there was trouble in the other parts of the sub-continent.

The differences between the two countries could be solved and they could help each other for mutual good, the Prime Minister said.

SITUATION TENSE IN LADAKH AREA

CHINESE ATTACK WILL BE REPULSED

The situation in the Galwan valley area in Ladakh, where Indian and Chinese troops are separated only by a few yards, continues to be tense.

Should the Chinese attack Indian post here, the Indian forces will retaliate appropriately.

The Indian troops have strict instructions not to open fire, but if they are fired at, they will give it back.

The Government of India has made it perfectly clear to the Chinese that Indian forces will hold on to their posts and the Chinese should hold themselves responsible for any precipitate action they might take in the area.

It is hoped that the Chinese will withdraw from the area into which they have intruded all of a sudden during the last two or three days.

Defence Minister V. K Krishna Menon has been in touch with Prime Minister Sri Nehru. After the Prime Minister's return to the capital there will be high-level consultations about the measures which have to be taken to meet the Chinese challenge.

RAIL TICKETS IN HINDI

Hindi will replace English on third class railway tickets throughout the country by the end of this year.

In non-Hindi areas, the regional language will also be used to indicate the starting station and destination in addition to Hindi.

In the case of upper class tickets both Hindi and English will be used The fare and distances on all classes of tickets, however, continue to be shown in international numerals.

MYSORE VARSITY HONOURS MAHARAJA

Mysore, July 13

The Mysore University, yesterday, honoured its alumnus and the Chancellor, His Highness Sri Jayachamaraja Wadiyar, by conferring the honorary degree of Doctor of Laws. at a special convocation held at the Crawford Hall.

Acting Governor and the Chancellor, Sri Mangaldas Pakvasa presided.

Prof. N. A. Nikam, Vice-Chancellor in the citation said that His Highness was a philsopher among princes and the convocation was honouring an individual who was "Vidya Vinaya Sampann h."

He said: "Noble ancestry, intellectual eminence, dignity and majesty of person, piety and devotion, self-restraint and inner serenity and uncommon courtesy have made His Highness a notable personality and a symbol of the old and the new order'.

His Highness while expressing deep gratitude to the Mysore University for the honour done to him said that best efforts and the best results might be expected if there was real academic freedom in the Universities and they were able always to serve the cause of the advancement of learning and the promotion of culture without feeling or fearing unacademic pressures and restraints.

He said University education had been assigned a prominent place in our planning and the talent that was fostered, shaped and stimulated in our seats of learning was finding fruitful scope and employment in the expanding avenues of national service

The Maharaja hoped that a proper balance would be kept as between the humanities and the sciences and as between teaching and research and that our university learning would always be many-sided, progressive and beneficial. Wise selection of teachers. research scholars and students, an uncompromising emphasis on quality in all things, the maintenance of high standards, both academic and moral, and the cultivation of a spirit of peace and orderliness would always ensure maximum success in our university effort.

His Highness said: Every university has to keep watching the constant march of man. in the field of both the physcial and the social sciences, and be always ready to reorder its purposes and pursuits in the cause of the progressive realisation of human happiness".

"We look to our universities to furnish precepts and examples in the task of eradicating parochialism and narrow-mindedness regional, linguistic or other, and of helping society to achieve the broad and oecumenical outlook which is an imperative necessity under modern conditions of life and culture in the world. The universities have a mission in preaching and promoting this great cause of the integration of humanity" concluded the Maharaja.

Dr. C.V. Raman addressing the convocation paid glowing tributes to His Highness and described him as a "Rajarishi".

He said that they had recognised in His Highness a true son of Mother India, whose voice was the authentic voice of our ancient land. Philosophic thought and practical wisdom in dealing with the affairs of life were not so remote from each other as one might be tempted to imagine. But it was not common to find them so happily united as they found in His Highness.

Dr Raman said that it was the earnest desire of everyone in the State that His Highness should continue to occupy for many years to come the positions both in the State and in the University that he had filled in the past with such high distinction. (prolonged applause)

CENTRAL PRINTING PRESS

Mysore, July 13

The Rs. 30 lakh-Printing Press, a gift from West Germany to India, will be located near the third mile from Mysore city on Mysore-Ooty road.

The State Government had given 100 acres of land for the same.

The Union Works Minister Sri Mehr Chand Kahnna with Mysore Minister Sri Devaraj Urs inspected the site yesterday

The project will cost Rs. one crore.

BOMBAY ML. WORKERS' STRIKE

Nearly 30,000 workers of the Bombay Municipal Corporation went on indefinite strike from yesterday following the failure of the adminstration to accede to the demand of the workers for a flat rise of Rs. 10 in their dearness allowance.

The Corporation had agreed to pay Rs. 7.

As a result, the civic service in city and suburbs remained paralysed

The life of health of nearly50lakhs of people was threatened as garbage lay strewn in the streets.

The worst affected were municipal hospitals, where the ward boys and ayahs and other subordinate staff had gone on strike.

The inmates of the Victoria Garden Zoo were among the victims of the strike and the animals had to contend with only one meal instead of the usual two.

Housing Schemes In Mysore

PLEA FOR MORE FUNDS

Mysore, July 12

The State Government, it is learnt, has indicated to the Centre its requirement of additional funds amounting to about Rs 5 crores for housing schemes in the State during the Third Plan period. The present allocation for the State is Rs. 6·4 crores.

This was indicated during discussions held here today between the State Housing Minister Sri Devaraj Urs and Sri Mehr Chand Khanna, Union Minister for Works and Housing, on the progress of Housing schemes in Mysore.

Reviewing the progress of different housing schemes it was revealed that over 10,000 houses had been constructed during the Second Plan period in the State.

The Union Minister, it is stated, said that he would convene a Housing Ministers, Conference where the problems facing the States would be discussed and measures decided to overcome them.

The State Government had provided Rs. 80 lakhs for the construction of 1950 houses during the Third Plan. Since the inception of the Scheme in 1952, the State had constructed 5232 houses. It had completed the construction of 4718 houses under the Low Income Group Housing Scheme since its inception in 1956. Over 1000 more were under construction. Under this scheme the State Government has allocated Rs. 275 lakhs for the Third Plan and it was proposed to construct 5850 houses.

Sri Devaraj Urs said that the slow progress of the Slum Clearence Scheme was mainly due to legal formalities which had to be observed for acquisition of land. He, however, said that the Slum ClearenceAct would be extended to more areas in the State and his Government would step up the progress of the Scheme The Third Plan outlay for the State under this Scheme was Rs. 80 .lakhs.

ENDING CORRUPTION

Bangalore, July 13

Chief Minister Nijalingappa assured the State Assembly yesterday that the working of theAnti-Corruption Department would be tonned up to check corruption in the services.

He admited that there was some measure of corruption in services but he appealed to the legislators to help him eradicate this evil in public life.

MORE AUTHORITY AND POWERS TO PEOPLE

FULL FAITH IN PEOPLE OF INDIA

—SAYS NEHRU

Bangalore, July 16

Prime Minister Nehru stated yesterday that this great experiment, Panchayat Raj, was more than an experiment and it should be given full opportunity to grow and that would come only if people were trusted and given authority and resources.

Inaugurating the second convention of the State Panchayat Raj Parishat, Sri Nehru said that in some parts of India Panchayat Raj was not fully understood and was not fully given effect to. There was far too much official interference and far little real transfer of power, authority and resources

The Prime Minister said people in India were so accustomed either to the late British Raj with its Viceroys and Governors or to the Rajas, Maharajas and Nawabs that they could not think in any other terms than some big boss at the top. "We do not want big bossses in India".

There were of course, in every country, great men and everybody could not become great. But everybody could attain a certain measure of greatness and out of that a large number of individuals could rise up to positions of great responsibility, he added.

Sri Nehru regretted that many young people today lacked opportunity. It was not their fault, but given that opportunity any number of them could rise to the highest position in this land.

He said it hurt him to see children were not well-looked after, not well-fed, not well-clothed, or housed or well-educated. They did not get any opportunity. Therefore it was our first business to provide these opportunities to our children and to grown-ups too, but above all, to our children who represent the India of tomorrow.

The Panchayat Raj conception meant, he said, giving the elected bodies full authority in certain matters and resources and making them responsible not by putting officials at their head, not by making officials responsible but by making the panchas themselves responsible for them

Sri Nehru said: "It may be, that those whom you give this authority, may make mistakes. It may be some of them may behave foolishly or wrongly. But the risk has to be taken. It is better that a few persons behave wrongly than that authority is not given to them for fear that some people may behave wrongly Ultimately, it is a question of having faith in the people of India"

He declared: "I have full faith in the people of India. It is that faith that has carried me all these years and has given me strength and I am convinced of the future of India and I have faith in the people of India".

While officials were necessary, he said, they should not come in the way of the initiative of the people and the authority of the people. But they should help them and serve them and advise them.

After Nehru, Who?

Bangalore July 16

Prime Minister Nehru yesterday dubbed those who asked often "After Nehru, who" as people having nothing to do.

He said: "My answer to them is get awake, wide awake and look around you. You will find large number of people, thousands and tens of thousands of them being trained to run this country".

Inaugurating the second convention of State Panchayat Raj Parishat Sri Nehru declared, "every child is a potential President of India or Prime Minister of India".

He told the village leaders that "Panchayat Raj would not only train people to become parliamentarians but that it was meant to produce Prime Ministers in India". He added that among the trained people of the country, each in his particular job, would be many competent people to run the country as Prime Ministers and Ministers

He said: "Nehrus come and go but the people of India continue and they will produce enough people to lead them and march forward hand in hand".

GREAT FUTURE AWAITS INDIA

MARCH WITH MODERN WORLD

NEHRU'S CALL TO PEOPLE

Bangalore, July 16

Declaring open the Visvesvaraya industrial and technological museum here on Saturday, Prime Minister Nehru said that without science or spirituality, they would only perish

Sri Nehru paid tributes to the late Dr. Visvesvaraya as a man of vision, man of creative activity, a man who looked ahead and one who built for himself and others a tradition of looking to science and technology, which were very necessary for India.

It was only right, he said, that they had the museum as a memorial to Dr. Visvesvaraya, more so, in the sense of carrying the work he began.

He added: "Museum should not be a dead thing as a mere memorial. It should be a moving thing, picturing to any one, who visits it, the past, present and the future'.

The Prime Minister referred to the resurgence in countries of Asia and said that this could only be by an understanding of modern science and technology. But this did not mean the copying of what other countries had done, losing their own spirit of living force, methods of things, or past history, which they should preserve.

Sri Nehru remarked that today they were building India not in the sense of construction, but building the whole country and the people of India. This was a tremendous task. He regretted that there were a multitude of critics, who ran down India and the people, by trying to pick holes. He was sure they would not succeed in doing it.

He said it was for every Indian, whoever he might be, to feel that this period was one of great joy as he was in the period when the great nation was growing and marching forward, to have a great future.

MUSEUM

The imposing six-storeyed museum constructed at a cost of Rs. 16 lakhs in Kasturba road, has a built area of 60,000 sq. feet and a viewing tower on the seventh floor. An auditorium for seating 450 has been set up. It is proposed to instal a telescope on the viewing tower for children and visitors to have a view of the city..

The lake behind the museum known as the bamboo grove, is being developed. It is proposed to put up a health museum adjacent to the Vivesvaraya museum.

The museum will serve children as a centre of instruction and it is proposed to bring children school by school under an aided programme of the State Government so that the children may spend a day in the museum with their teachers and handle every model there and have instruction in the scientific data behind industries. The children will also enjoy the food in the cafeteria.

Chinese Withdraw

The Chinese troops surrounding the Indian post in the Galwan Valley in Ladakh, which withdrew on Saturday to a distance of 200 yards, have withdrawn further.

Prime Minister Nehru stated yesterday at Tumkur that he was glad the Chinese had withdrawn to some extent and hoped they would withdraw completely.

He said the border posts "are in the very high altitudes of the Himalayas and they are very difficult and require men of great courage and determination to man these posts. Our men have shown courage in sticking to their positions in accordance with our directions".

FIRST T.V. STATION

The first television station will be installed in Bombay, stated Sri B. Gopala Reddy, the Union Minister for Information and Broadcasting.

He said the Government was examining the proposals for setting up T. V. stations in major cities during the Third Plan.

20-Year Plan For Cities

NEHRU'S PLEA

Bangalore, July 18

The Prime Minister yesterday suggested careful plans for the development of cities keeping in mind the requirements of 20 years hence.

He also suggested to the local bodies, corporation and municipalities, to consider the levy of tax on land consistent with the increase in the value.

Speaking at the civic reception, Sri Nehru said that at the present moment there were taxation in most of the cities for the houses and sometimes on the site on which the houses were built. Often, if there was no construction on the sites there was no tax on persons owning them.

He pointed out that the owner realised higher prices for sites without any efforts.

Sri Nehru also emphasised the need to root out the slums and see that they did not exist at all.

The Prime Minister said he attached very great importance to children. "I should like them provided with competent schooling, and every child in the school should have midday meals. They should also have some kind of uniforms".

MASS VACCINATION

Mysore, July 18

Mass vaccination under National Smallpox Eradication programme will be taken in Mysore District starting from Kollegal Taluk from July 19 to Aug. 3.

Fee Rise Justified

Bangalore, July 18

Education Minister Kanthi yesterday justified the recent increase in the tuition fees in the colleges in the State.

He told the Assembly that the fees in the Government colleges in erstwhile Mysore area had been lower as compared with those in the integrated areas of Coorg, Madras and Karnataka although all these colleges were affiliated to Mysore University. To do away with this disparity and to have a uniform fees structure and also to meet the increased cost, it was considered necessary to increase the tuition fees.

Sri Kanthi said that with making the primary education free and compulsory, the Government had taken steps to make secondary education nearly free and university education as much available as possible.

The fees concessions to students of parents and guardians whose income was Rs. 1,200 a year had put theGovernment to a loss of Rs 37 lakhs a year and benefitted 67 per cent of the students. If the level of concessions was raised to cover income group of Rs. 2,400 a year, as decided, it would benefit 20 per cent more and this would incur a loss of another Rs 15.23 lakhs a year to the Government.

He assured that the question of affording some benefit of free education to the collegiate sector would be examined.

NEHRU TOUCHED BY PEOPLE'S LOVE

Bangalore, July 18

Prime Minister stated yesterday that affection and love of people shown to him wherever he went along the sides of the roads moved him and gave him strength.

He said: I feel that what we have done to them were not anywhere near their love and affection. The ultimate test will be the measure of comfort and security we give them'.

Speaking at the civic reception, Sri Nehru hoped that the Bangalore Corporation would not forget this vital aspect of their work.

CHINESE ALLEGATIONS FALSE

The Government of India in a Note to the Chinese Government described as "false and mischievous" the Chinese allegation that India had threatened to encircle Chinese posts.

"There has not been to date any single incident of such encirclement" the Note, which was in reply to the Chinese Note said.

On the contrary, the Chinese forces had set up new posts in the vicinity of Indian posts in order to "encircle and harass" them, the Note added.

In recent months the Chinese intruders had set up no less than 13 posts in Indian territory.

The Note also urged the Chinese Government to take immediate steps to end the recent "menacing and provocative activities" of Chinese forces against Indian posts in Indian territory.

The position of the Galwan valley, where an Indian post had been surrounded by Chinese troops for the last one week, 'is substantially the same as it was yesterday", according to a spokesman of the External Affairs Ministry.

He has also asked them to mix with the people in their constituency and maintain intimate contact with them.

EDUCATE WOMEN

Bangalore, July 18

Smt. Vijayalakshmi Pandit yesterday called upon the Indian women to shed their age-old and worn-out traditions and shoulder the responsibility in the great task of uplifting the downtrodden and making the country great.

Addressing a meeting of women. Smt. Pandit said that Indian women had been given more responsibilities today than in any other country. But to act well of their responsibilities, they should educate themselves.

If our women, who constituted half the population, remained ignorant, India could not progress. Hence it was the first duty of our Governments to educate women, she said.

Indian women are called "Gribalakshmis" but today our houses are dark because these Lakshmis have failed to bring light to them, she added.

Writers' Camp At K. R. Sagar

Mysore. July 20

The two-week Writers' Camp, organised by the Union Ministry of Scientific Research and Cultural Affairs, for the first time, was inaugurated yesterday at Krishnarajasagar.

The Union Minister Humayun Kabir in a message stated that "No set theme or subject has been chosen for the camp, as we feel that writers can express themselves most successfully in an atmosphere of complete freedom. As creative writers, they no doubt mould the minds of the people with their work, but here also they are most effective when they are free from externel restraints. It is our hope that living together will itself lead to an enrichment of their experience by interchange of ideas and themes and help in the growth of a richer and more humane literature in every Indian language".

About 30 writers including D. S. Karki and C. S. Kanavi (Kannada) are participating in the camp.

Sri D. S. Karki, the noted writer and poet of Kannada, who was elected as the General Chairman, in his opening address said that bringing together of various writers on a common platform would provide an opportunity for better understanding and friendship. This was a right step in the promotion of emotional integration in the country and hoped that the rich experience gained by writers would go a long way in offering solution to the many problems affecting the country at present.

Sri Bhabani Bhattacharya (Assamese) was elected General Reporteur.

Sri T. S Krishnmurti, Deputy Secretary of the Union Ministry of Scientific Research read the message of Prof. Kabir.

City Girls For Social Work

NO USE IN VILLAGES, SAYS MINISTER

Bangalore, July 21

Smt. Yeshodhara Dasappa, Minister for Social Welfare informed the Assembly that the uplift of the rural womenfolk could never be accomplished by social welfare officers drawn from the ranks of urban young women who take to this work mainly because of its monetary incentives

She said that she was aware that urban young women posted to rural areas for welfare work found it difficult to mingle with the unsophisticated rustic women and neither did the rustic women took these city girls seriously.

So, she said, we will now try to get rural women to undergo training to work as welfare officers in villages.

Give Up Hero Worship

MINISTER'S APPEAL TO PUBLIC

Mysore, July 23

The Labour Minister, Sri D. Devaraja Urs yesterday appealed to the people to give up hero worshipping. He said, if democrary had to succeed people should cease to worship individualism and respect the ideals of the leaders and their personality.

He deprecied the practice of laying undue emphasis on the ministerial gadi and said it was uncoming in democracy to indulge in outbursts of praise on the Ministers "who had naturally turned".

He was presiding over the inaugural function of the Students' Association of A B. Shetty Memorial Hostel in Yadavagiri.

Sri A. Ramanna, Secretary of the Hostel welcomed the gathering and thanked the State Government for the grant of three acres of land for the construction of hostel building. He appealed to the Government and the public for their generous assistance for the hostel building.

Sri K. Hanumanthiah, MP and former Chief Minister delivering the inaugural address regretted that there was too much of fight for leadership and clinging for power. He wanted that there should be a healthy convention like in England for the retirement of leaders after a certain period. Sri Hanumanthiah cited the instances of some Union Ministers who were ill for six months and unable even to put signature on files continued to be Ministers.

He wanted our top leaders to follow the example of Sri Nabha Choudrey, former Chief Minister of Orissa and the late Sri A. B. Shetty, former Mysore Minister, who retired inspite of plea for their continuance in office.

Sri Hanumanthiah said that he was aware of the difficulties of students in Mysore city for lack of hostel facilities which undermined their studies. He hoped that the Government and the public would solve this problem soon

Sri Abdul Hammid, Vice-President proposed vote of thanks.

Chinese Attack Indian Patrols

TWO JAWANS WOUNDED

Two Indian armymen were wounded when Chinese opened fire yesterday on two posts in the Ladakh sector of the Sino-Indian border.

The Government of India have lodged a strong protest with the Chinese and have asked the Chinese Government to issue orders to troops in the area to refrain from provocative armed action and to withdraw from Indian territory.

The firing took place in the Chip river valley where the two jawans were injured. A routine patrol sent out by one of the Indian posts was fired by Chinese troops.

Police Work In Mysore District

HOME MINISTER'S PRAISE

Mysore, July 23

The Home Minister, Sri R. M. Patil yesterday warned the police officials that the Government would take a serious note of the remarks of the courts of law on faulty and defective investigations. At the same time, he said, the appreciation of the work of the police by the courts would also be suitably rewarded

The Minister addressing the policemen called upon them to adopt themselves to the changing conditions. He reminded them that it was not enough if they engaged themselves in maintenance of law and order. They had to protect the rights of the common man.

Sri Patil praised the efficient work of the police in Mysore district under the able guidance of Sri Quader Ali, Deputy Inspector-General of Police.

Earlier, the Home Minister took the salute at a smart parade of various sections of police force in city, led by Capt. Krishna

SITUATION IN LADAKH SERIOUS

INDIA TO BE WIDE AWAKE

——SAYS NEHRU

Prime Minister Nehru yesterday described the latest developments on the Sino-Indian border in Ladakh as a "serious situation" and said that the country had to be wide awake to the situation there.

He told newsmen that while he could not say whether Saturday's firing incidents in the Chip Chap River valley and in the Pangong Lake area indicated a change in China's border policy, "We have to be wide awake."

AID TO INDIA

Common Language

WRITERS' DISCUSSIONS

Mysore, July 24

The question of common language was an important subject that came up for discussion at the Writers' Camp on Saturday at K.R. Sagar.

Initiating the discussion, Sri Akhtar Mohuddin of Kashmir posed the question as to whether or not a common language was necessary for the multi-lingual Indian society.

Sri Tirath Basant put forth the need to have a common language. He maintained that Hindustani being the language of the largest single group in the country should be adopted as our common language. But he was against "Purism" and was for retaining international technical words.

Sri Manoje Basu felt that any language other than the mother tongue was in a sense a foreign language. Many of our regional languages had made remarkable progress. He said that English was sufficient for inter-State communication. Hindi was resented psychologically. India was still passing through a crisis and it was better that the language policy was kept in abeyance by the Government.

Sri Saha and Prof. Bapat supported the above view.

The Chairman, Sri Mohuddin Akhtar said that no conclusion was warranted in such meetings and a useful discussion was only wanted.

Writing for children also came up for discussion.

Sri A. Valiappa, a noted Tamil writer cautioned writers against use of difficult style and vocabulary and precision and clarity was wanted for children. He also stressed the need for re-telling the classics as modern tales without tagging any examination purposes.

In the discussions, a number of points emerged, viz, creating need for a sense among children that they belonged to one world, they should be taught to love their home, land, nation and the world. It was also felt that the Centre and the State Governments should give financial assistance for bringing out special numbers of children's magazines in the various regional languages.

No Reduction In Fees

Kanthi Tells College Students

Bangalore, July 26

Education Minister Kanthi yesterday turned down the request of the college students for reduction in tuition fees and said that the Government could not revise its decision on the increase in fees

He told a student deputation that the decision to raise the fee was only to bring the fee structure in the old Mysore area on par with those prevailing in the Old Madras and Bombay-Karnataka areas. In fact, he said, even after the increase, the fees here would be lower than what they were in the Karnatak University.

Sri Kanthi pointed out that in the old Mysore area, the Government was giving freeships to the tune of 30 per cent and coupled with several other concessions, would benefit nearly 50 per cent of the students. In the Karnatak University and Madras-Karnataka areas, the percentage of freeships was only three and five.

In view of the unhelpful attitude of the Government the students, have decided to intensify their agitation.

About 10,000 students yesterday participated in the strike.

The Union Health Minister Sushila Nayar yesterday suggested that State Governments should frame rules to see that doctors serving in the State service should not cross their efficiency bar unless they had served in rural areas for a certain number of years

New entrants to the State Medical Services should not also be confirmed unless they had served for one or two years in rural health centres.

Mysore Won't Accept 1951 Agreement

—Says Nijalingappa

Bangalore, July 26

Chief Minister Nijalingappa declared in the Assembly that from any point of view of the 1951 agreement in sharing of inter-State waters was not acceptable to Mysore.

He said the changed circumstances in the river valleys as a result of the reorganisation of States had to be taken into account in dealing with the issue now.

Sri Nijalingappa felt that the attitude of bargaining would not bring credit to any party. After all, the rivers were the nationel assets and the genuine needs of chronic scarcity-hit areas had to be met. It would not be just to give more share to areas which were already having irrigation facilities, he added.

EMERGENCY SESSION RULED OUT

Prime Minister Nehru has turned down the demand of the PSP members of Parliament for an emergency session of Parliament to discuss the "dangerously deteriorating situation in Ladakh", it is learnt.

Sri Nehru has told the PSP members that the Government of India was showing its determination not to be cowed down by the provocative acts of the Chinese and this stand was meeting the situation. He has asked the PSP members the need to keep an atmosphere of calm in the country. If Parliament were summoned for an emergency session, it would create a panic.

CHINESE EXCUSE FOR AGGRESSION

The Government of India yesterday denied the Chinese allegations that India had sent reinforcements in Galwan Valley from July 7 to 9 as "baseless and unfounded".

The Indian Note stated, on the contrary it is the Chinese forces who have made aggressive and threatening moves against the Indian post and are interfering with its communications and supplies.

The Note said that the Chinese allegations were an obvious attempt to confuse the issue and to find an excuse for establishing an aggressive base in that area.

India Ready To Give Good Fight To Chinese

BORDER DEFENCE IMPROVED

—SAYS NEHRU

Prime Minister Nehru declared yesterday at Allahabad that India's defence position on Indo-China border had considerably improved and now they were in a position to give a good fight to the Chinese.

He said that the Chinese aggression against India constituted a constant threat to the security of India and asked the people to remain alert and vigilant.

Sri Nehru said that India did not want to wage war against China and wanted to settle the boundary issue through negotiations. But he affirmed that India would not tolerate aggression on her territory "If anybody attacks us, we will have to face it and put up a tough fight", he added.

The Prime Minister said: " A few days ago the Chinese surrounded one of our posts on India-China border in Ladakh area Our jawans stuck to the post. They, however, warned the Chinese that if they advanced, they would open fire. The Chinese thereupon retreated. This shows that the Chinese did not want to occupy our territory through a war but through threats".

MANDYA PAPER MEN STRIKE AVERTED

Mysore, July 28

The threatned strike of the employees of the Mandya National Paper Mills at Belagola from Aug. 1 has been averted as a result of agreement reached yesterday between the employees union and the management.

It was decided that 15 casual workers be fixed in the permanent cadre, 36 retrenched senior workers to be taken back on duty, 18 of those farmers who had lost land because of the construction of mills be provided employment. With regard to the question of skilled and semi-skilled workers, their cases were to be examined.

College Students' Strike

Mysore, July 28

The week-long strike by the college students, which entered its fourth day today, showed no signs of coming to an end ahead of schedule.

Almost all the arts and science colleges in the city were deserted by students.

The striking students took out a mammoth procession with black-flags and shouting slogans. It was very peaceful and orderly.

Later, they held a meeting where they critised and rejected the offer made by Education Minister Kanthi.

Dr. J. S. Raman and Sri M.Govinda Rao, Presidents of the City and District unit of the Bharthiya Jana Sangh have extended their support to the demand of striking students.

Students Reject Kanthi's Offer

Bangalore, July 28

Education Minister Kanthi told the striking students here yesterday that he would place before the Cabinet the viewpoints of students. But he wanted that students to understand and accept the principle underlying the rise in tuition fees. It was open to them afterwards to express their inability to pay the higher fees, he added.

He reiterated that it was not easy for the Government to alter its decision. He said that any concession shown to students of 14 colleges in the old Mysore area would aggravate the problem in the context of the prevailing rates of fee in the integrated areas. As a matter of fact, there were already demands from those areas to scale down their fee structure to the old Mysore level.

The central committee of strikers, in an emergency meeting, rejected the offer and resolved that rather than agreeing to a principle with which they did not see eye to eye, they would run the full course of the week-long strike.

NEHRU CALLS FOR HARD WORK

Prime Minister Nehru stated yesterday at Calcutta that people would have to work hard and carry a greater burden for the economic development of the country so that tomorrow might be better.

The terrific development problems now facing the country could not be solved by magic. People would have to work hard and work step by step, stated Sri Nehru.

FRESH INCURSIONS LEAD TO WAR

NEHRU WARNS CHINA

Prime Minister Nehru yesterday warned that the situation in Ladakh has threatened to be serious and in fact it might lead to a shooting war, if China nibble any further inside Indian territory.

Addressing the Congress workers at Calcutta, Sri Nehru said: "Nobody knew the intention of the Chinese Government The Chinese action in Ladakh has distressed me very much. If China wants war India will not run away."

He said: " the situation is serious in that China is occupying our land and gradually goes on nibbling. During the past eight or ten months, they have not advanced much. Our difficulty is not with our army, they are quite good. But our army has to go there and the supplies have to reach there. There are terrible difficulties to go over the mountain passes and fix our checkposts there. India's healthy jawans are subsisting but many others would have collapsed in such a region".

Refuting the press-criticism, the Prime Minister stated that it was he, who had asked the Union Defence Minister Krishna Menon, to meet the Chinese Foreign Minister and convince him of India's stand regarding the Chinese aggression. It was no good boycotting diplomacy, he said.

PAK'S ANTI-HINDU POLICY

Sri Nehru regretted that Pakistan did not function on a national basis but on anti-Hindu feeling. He was sure Pakistan would have to realise the reality of the situation and function on national basis in future. He dubbed the theory of transfer of population between India and Pakistan as fantastic. It was, in fact, a Pakistani theory, and India could not accept it.

He reiterated that India wanted friendship with Pakistan and even if she misbehaved "we should try to win it over".

MIG DEAL

Regarding the MIG deal, Sri Nehru said there was nothing to hide about them, as alleged by some critics.

He said that the Defence Ministry advisers had been pressing for sometime past for the purchase of some supersonic fighter aircrafts. "It hurts me to spend money over armaments when so much of it is necessary for our development schemes. But we decided to buy them in view of Pakistan's threat and China grabbing a considerable part of our mountain territory"

About the outcry that India must not buy Russian aircraft because that might affect the aid granted by the USA, Sri Nehru said: "I am grateful to countries who have offered us aid. but if I have to think of adequate protection of the defence of India, we must buy and manufacture such aircraft in our country which would suit us most."

U.S. STUDENTS' VISIT TO MYSORE

Withdraw Strike Unconditionally

KANTHI TELLS STUDENTS

Bangalore, July 31

The Education Minister Kanthi yesterday appealed to the college students to withdraw the strike unconditionally, accept in principle the increase in tuition fee and then to make representation on the concession they neded for consideration of the Government.

He told the Assembly that the Government did not agree with the stand of students in suspending the strike with reservation on future course of action He warned the continuance of the strike would be like riding on the back of a tiger. The incident in Shimoga, was a pointer in this regard. Sri Kanthi regretted that the Opposition made it appear that the entire student population had been affected by the Government action. It was not so. Only 6,361 students would be affected out of a total of 29,000 students in Mysore University.

He said that he had already received representations from South Kanara, Coorg and other places that fees levied there, already being high, should be reduced. The Government had to face a difficult position, if they took any wrong step. He warned that any change now would entail an additional expenditure of Rs. 50 lakhs to the State Exchequer.

Future Of PUC

Bangalore, July 31

The Government of Mysore would take a decision early as to the future of Pre-University Course after the introduction of Standard XI.

Smt. Grace Tucker, Deputy Education Minister told the Assembly that during the Third Plan period, 50 per cent of the secondary schools in the State would be upgraded into higher secondary schools.

She said 170 schools had already been thus upgraded. The estimated cost to upgrade the remaining schools would be Rs. 127.09 lakhs.

GULHATI REPORT

The report of the Gulhati Commission on the distribution of the waters of the Krishna and the Godavari will be submitted to the Union Government within the next ten days.

Appealing to the students to withdraw the strike unconditionally, Chief Minister Nijalingappa said whatever might be his sympathies, he had to administer Government's affair in full co-operation with his colleagues.

CABINET DECISION

The Mysore Cabinet, which met yesterday, agreed with the stand of the Education Minister that the students should withdraw unconditionally the strike, accept the principle of fee increase and approach the Government with specific representation of any concessions needed.

HOGANEKAL TALKS FAIL

The sub-committee of the power development committee of the Southern Zone Council which met yesterday at Madras failed to agree to joint investigation by Mysore and Madras of the Hoganekal Hydro-Electric Project sponsored by the Madras Government.

Representatives of the Mysore Government insisted on the revision of the 1924 agreement between Mysore and Madras on the sharing of the Cauvery waters as a condition precedent to joint investigation of the Hoganekal project.

Madras argued that the Hoganekal project would make use only of the drop available at Hoganekal to produce electricity and would not draw more water from the Cauvery than was due to Madras.

STUDENTS CALL OFF STRIKE

Bangalore, Aug. 1

The Mysore State Students ad-hoc committee, yesterday called off unconditionally the State-wide one week strike launched to protest against the increase in tuition fee in the colleges in the erstwhile Mysore area.

The committee in its resolution expressed fullest confidence in the "magnanimity of the Chief Minister and his colleagues".

The committee believed that it had achieved its main objective of mobilising State-wide awareness of the real problem of the students. As a matter of fact, it explained, it was the main purpose of the students agitation.

Further the committee felt, that by any amount of similar strikes, it was not going to add to the public consciousness of the issue. It was quite possible that any miscarriage might also cause damage to the prestige of the students as well as that of the State. Hence by prudence as well as principle, the committee called off the strike unconditionally.

The committee has rededicated itself to the pledge given to the students that it would strive with every endeavour by constitional means to safeguard the interests of the students.

TEACHERS' TRIPLE BENEFIT SCHEME

Bangalore, Aug. 1

Education Minister Kanthi rejected yesterday in the Assembly the resolution urging for the extension of proposed triple benefit scheme for teachers to all the employees of non-Government educational institutions, including colleges.

He said it was impracticable for the present and the Government proposed to bring only primary and secondary school teachers under the scheme.

BOUNDARY DISPUTE

Bangalore, Aug 1

Chief Minister Nijalingappa stated here yesterday that if "both sides are willing to come to an agreement without making any undue claim", the border problem between Mysore and Maharashtra could be settled.

He said that he would meet Sri Chavan, Maharashtra Chief Minister on Aug. 8 at Bombay.

IMPORT CUT ON X-RAY FILMS RESTORED

The Union Government has restored in full the cut in the import quotas of X-ray films and have also made arrangements for additional imports of films to meet the present shortage.

SHARAVATHY PROJECT

Bangalore, Aug. 1

Chief Minister Nijalingappa told the Assembly that the estimated load demand of power in Mysore State was 906 mw. and if all the generating units of the second stage of the Sharavathi project were installed by the end of the Third Plan, there might not be any shortfall by the end of the Plan.

He said in the first stage of the Sharavathi project they would have two units and six more units in the second stage. The remaining two units, to make up the ten units totally, would come later.

He mentioned that there had been difficulties and problems that delayed the execution of the project. He was, however, confident that within three or four months of the targetted period, end of 1963, power would be made available from the first unit.

30 INDUSTRIAL ESTATES

Bangalore, Aug. 1

The Assembly was informed by Industries Minister Mallappa that the Government proposed to set up another 30 industrial estates in the State.

There were already 8 industrial estates, he added.

PEKING INTRANSIGENCE

NO PROSPECT OF RAPPROCHEMENT WITH CHINA

MENON'S REPORT ON GENEVA TALKS

There is no prospects of a rapprochement on the Sino-Indian border issue.

Apart from the fact that the stalemate will continue, the situation is viewed with concern in view of the fact that the rival military units are confronting each other at close range at various points in the Ladakh sectors.

The Defence Minister Krishna Menon is reported to have appraised of the situation to his Ministerial colleagues yesterday.

He is reported to have disclosed that the Geneva talks were held on the invitation of Marshal Chen-yi and that Sri Nehru had approved to the proposal.

The talks, however, betrayed continued Chinese intransigence. There was no advance beyond a strong reiteration of each other's stand on the border issue although both sides expressed a desire to avoid border clashes.

Marshal Chen-yi had over-simplified the problem when he stated that the Sino-Indian border question was a localised affair and that it would not lead to war

Real National Integration

IN MYSORE STATE SAYS RADHAKRISHNAN

Bangalore, Aug. 3

For promotion of national integration, self-conquest and restraint were necessary. In this the people of Mysore had inherited the great tradition of a real national integration, stated Dr. Radhakrishnan, the President of India, here yesterday.

He said in "Mahishasuramardhini", the symbol of Mysore, Mahishasura stood for jealousy, anger, love, fear and group feelings in the heart. "Chamundeswari", the presiding deity, symbolised the ideal of self-conquest. She reminds the beast is not outside but inside and unless the heart is controlled and kept in check it will go astray. And the Geeta had described the three ways by which man could reach the fulfilment.

Mysore State had great authorities in the different systems of Indian philosophy. Smartha, Saiva and Vaishnava cults, Muslim, Christian, and Zoroastrian scholars in different branches of learning lived in an atmosphere of peace—give and talk—a real national integration.

FOSTER RECONCILIATION AND FRIENDLINESS

RADHAKRISHNAN'S APPEAL TO NEWSPAPERS

Mysore, Aug. 3

President Radhakrishnan today appealed to the newspapers in the country to promote the feelings of reconciliation and friendliness among people.

Inaugurating the Silver Jubilee celebrations of "Sadhvi", a local Kannada daily, the President deplored that there were some newspapers which exaggerated communal troubles and created division. "Our interest should not be to emphasise these things, which divide us, but foster reconciliation and friendliness among people. Whispering thoughts can go about practising all sorts of prejudices. It is our duty to build our country on a sound basis".

The President paid tributes to the late M. Venkatakrishniah, the founder of "Sadhvi", and said his interest in protecting the welfare of unprotected and sub-merged poor students who could not afford education without assistance was well-known.

He said, "It does not matter whether we are born with silver spoon or wooden spoon. What matters is what we scoop with it. We may have silver spoon and gather dirt. We may have wodden spoon and gather wisdom. It does not depend upon the circumstances of birth and parentage. It depends on the way we utilise the equipment with which we are born. That was the basic conception of the late Venkatakrishniah.

Dr Radhakrishnan who unveiled the portrait of late Dr M. Visvesvaraya said that he was responsible for many things which made the country and the State what it is today.

Although Mysore State might be facing many problems due to increase in area and population, the President hoped that the administrators of Mysore would keep in mind the great ideals of the model State which Dr. Visvesvaraya had left to them.

Earlier, Sri Agaram Rangiah, Editor, welcomed.

ENSURE CLEAN GOVERNMENT

END NUCLEAR RACE

PRESIDENT'S PLEA

Bangalore, Aug. 3

President Radhakrishnan expressed yesterday that competitive nuclear testing and piling up of nuclear arms conditioned the man's mind to warlike tendencies.

Replying to the civic reception accorded to him, the President made it clear that the great discovery of science and technology, if properly applied would make the world a very happy abode for humanity.

The President said that what they found today was a contrast between our aspirations and achievements. Making it clear that this should not be so and it had to be overcome, he said· "Our country has put forth a scheme for peaceful coexistence. It is nothing more than the extension of democratic spirit".

Dr. Radhakrishnan explained that the democratic spirit required them to live and let live and the right to differ was a thing which was incorporated in the very structure of democracy. All people could not be stereotyped or moulded into one type. It was necessary, therefore, that there should be differences and all that "we are asking for is not obliteration of the differences but harmonisation of these differences. Wars and conflicts are due to this simple impulse of every man of thinking that he lives in light and others in darkness."

He said man was a political animal and hatred became the principle of political life. The President emphasised that "Unless we are able to overcome this tendency and develop our heart to feel that others have a right to exist in this world, we will not be able to march towards the victory we aim at."

He pointed out that the advent of freedom in India had brought about an awakening among the people Great hopes had been raised after this. If these were not realised, there was a sense of frustration. "Frustration will be tolerated by our people, if they are satisfied that they have a clean Government and a good administration and that the administration is eager to bring about the transformation of our country".

USHERING NEW SOCIAL ORDER

SIGNIFICANT ROLE OF WRITERS

RADHAKRISHNAN'S PLEA

Mysore, Aug 4

The President, Dr. Radhakrishnan, yesterday described the writers as the products of the past, possessors of the present and creators of the future and said they had always a great role in reconciling the past and future, reality and illusion, dreams and facts By their shining utterances they were really the people who moulded the minds and hearts of the large community to which they belonged "I may even say that they represent the conscience of the community".

He was inaugurating the sixth All-India Writers' Conference (PEN) at the Crawford Hall.

The President said inspite of much talk of noble ideals and the claims made about their realisation, the actual life was most disjointed. The prevelent communal factions and linguistic fanaticism only reminded them that their ideals were "challenging illusions".

It was most regrettable that after so many centuries of living together they still talked of national integration. This only shows that they had in their national lives, certain inherent features which plagued their unity, and that, while they professed nearness and comaraderie, they were still alien to each other in actice and outlook.

Pointing out the distance between theory and practice, the ideal and reality, that characterised the Indian society, thePresident said, that we could not reconcile our claim to great spiritual inheritance with the obvious facts of life—mob violence, group antagonisms based on caste or language. "The pain and degradation of untouchability, the acceptance of social ills, practical worship of evils, outraged our humanity and yet we acquiesce in them."

The President said that day by day the divisions between men and groups of men were growing in every part of the country. How long we carry on with all this and yet talk of integrating our society, he asked. Unless we subordinated our self-interest, and group loyalty to a higher one and unless the Centre was superior to every State and humanity itself was regarded as higher to all this, we could never achieve that integration.

Dr Radhakrishnan however conceded that most of these differences and the ugly rise of casteism were due to our economic backwardness where limited opportunities led people to exploit caste prejudices. But as the economic level was raised the exploitation of these separatist feelings would diminish. "To this creative process", the writers should make a significant contribution, and bring about a new social order, he added.

Prof N. A. Nikam, Vice-Chancellor, welcomed the President.

Madam Sofia Wadia, the founder of the PEN and the representatives from Australia, United States, Britain and Indonesia and the Union Minister Humyun Kabir addressed the gathering.

Prof. C. D. Narasimiah proposed a vote of thanks.

INDIA'S POSITION IN LADAKH IMPROVES

—NEHRU

Prime Minister Nehru yesterday stated that as a result of defence measures on the Ladakh sector, India has saved about 2,500 square miles of Indian territory from Chinese occupation. The Chinese had claimed nearly 14,000 square miles in this sector.

Giving a review on the Sino-Indian situation to the leaders of the Opposition groups in Parliament, Sri Nehru said that India's defence position on Ladakh front was much improved now. He, however, said that the Chinese enjoyed certain natural advantages over us, but the Indian troops had been instructed to hold on to their positions, come what may, the troops would not fire the first shot

Lasting Work Was Work Of Human Mind

Mysore, Aug. 4

Dr. Radhakrishnan, the President of India, last night switched on the lights of Manasa Gangotri, the new campus of the Mysore University.

He said the advent of science and scholorship was an international enterprise. Science was a binding force in the world till nuclear physics was used for military purposes. That created national antagonism.

The President expressed the hope that this feeling would have no place in this little campus and the work that was being done here would benefit not only Mysore and India, but humanity at large. There was no doubt that lasting work was the work of human mind mind which made permanent contributions for the progress of human civilisation.

Earlier, Prof. N. A. Nikam welcomed the President.

SPIRIT OF COMPASSION AND YOUTH

TO SOLVE WORLD'S EVILS

——DR. RADHAKRISHNAN

Mysore, Aug. 4

The President, Dr. Radhakrishnan pleaded yesterday for a spirit of compassion to solve the present problems of nuclear war at the one hand and the poverty on the other.

Inaugurating the President series of monographs of "Kautilya", a publication on international affairs, at the Dasara Exhibition, the President said there was an uneasy co-existence in the universe of abnormal wealth and dismal poverty on national as well as international levels and warned that this inequality, if it subsisted for long, would result in an upheaval in the world.

"What we have to do today", the President said, "is to give this single home a soul, a spirit and a kind of vitality. While physically and economically, we are unified and are becoming inter-dependent, the spiritual community will have to grow to make the new world stable "

Dr. Radhakrishnan said that he was told that the workers of "Kautilya" were mostly young and he was happy about it. Youth was a spirit. It was an offensive against any kind of mechanical routine. It abhored rigidity and always went in for progress. It was creation and advance into the future, breaking with the past and sustaining with the present.

Referring to the threat of nuclear war and the problems of the undernourished and poverty of the under-developed countries, the President said, these were the problems that were always there, even before. "The only difference is that now our conscience has been awakened to these problems All these years people were dying of poverty and hunger. Today we ask why should they die. That is a sign of an awakened conscience".

The spirit of youth which ask that question, he siad, should be encouraged as it stood for initiative, freedom and creativity, instead of mere repetition and rigidity.

The ills of the present world and the individual, said Dr. Radhakrishnan, were to a large measure due to the seduction, indoctrination and false propaganda that prevailed at present. The spirit of compassion could solve the problem of the individual as well as the world, for the lack of that quality of compassion most of us were lonely. Loneliness was something different from solitude, because "we have nothing in our hearts, no ideal to govern our conduct and no star to guide our life. We feel restless."

The President prescribed a few moments of solitude where one can achieve communion with the Eternal for the individual soul and said,no amount of physical suffering would then produce a world of nuerotics.

Earlier, Sri Vijayadevaraje Urs, Editor of "Kautilya" welcomed the gathering. Dr. K. V. G. Gowda, author of "The European Common Market and India", the first of the Presidential series, was presented to the President.

BALANCED REGIONAL DEVELOPMENT

RADHAKRISHNAN'S CALL

President Radhakrishnan yesterday stated that a balanced regional development of the country was absolutely essential for national unity and integration.

No part of the country, he said, should be left to feel it was being treated as a poor relation. Every part of the country had a right to national strength, prosperity, income and wealth.

The President was formally commissioning the 50 mw. unit of the Neyveli Thermal Power Plant.

Describing electricity as a symbol of modern civilisation, the President said that for happiness of every village the motto should be "panchayat and power" as in Russia where it was "Soviet plus electrification".

Dr. Radhakrishnan looked upon industrialisation of the country as something in consonance with genuine needs of India's millions. "It is our duty to see that poverty is removed from country and the people are enabled to live comfortable life, if we are to avert any kind of social upheaval arising from frustration and discontent".

He called upon the workers and technicians connected with the project to develop a sense of participation in it and feel themselves emotionally involved in it. Each one should feel that he was doing something for nation-building.

The President added that "cursed herd feeling" that was called patriotism should give way to the develop ment of a feeling that human nature was one and all divisions were there only for administrative convenience.

Fired with lignite removed from a seam 150 feet below the surface by giant bucket - wheel conveyors, which are stated to be the longest in Asia, 6000 feet, the thermal unit is capable of generating 50,000 k.w. of power.

PROMOTE WORLD AMITY & HARMONY

GOVERNOR'S CALL TO WRITERS

Mysore, Aug. 7

The Governor, Sri Jayachamaraja Wadiyar yesterday called upon the writers to promote world-fellowship, harmony and goodwill among all nations and races.

Presiding over the valedictory function of the sixth All-India Writers Conference, the Governor said "the greatest need in this atomic age is that of the integration of mankind through tolerance, friend ship and brotherly love".

He said the literature was an incomparable vehicle for the spread of this doctorine of human unity. It would be a very great thing if all men and women of letters all over the world were to band themselves as missionaries in the cause of peace, international amity and world unity.

The Governor also pleaded for ethical teaching in this age of strident materialism and matter-of-fact science.

He urged for wit and humour in literature and said that it was specially valuable in a democratic age in which widespread honest laughter could be a cure for so many ills.

The Governor hoped that in their attempts to develop modern literature in our own various languages they should keep undiminished our interest in the immortals of the past

INTERNATIONAL LAW TO ACT AGAINST AGGRESSORS

RADHAKRISHNAN'S PLEA

President Radhakrishnan stated yesterday that the evolution of law had reached a stage when it was upto man to codify the international law and work for the grand consumation of the will of the human race enforcing its decision against aggressive nations.

Inaugurating the centenary celebrations of the Madras High Court, the President stated that great care should be taken by the executive while choosing judges. He said the executive had to see that judges were chosen for their depth of knowledge, for their sound learning and their general attitude of uprightness.

Dr. Radhakrishnan warned against judges playing at politics and said when this happened "justice is not done".

The President also laid stress on the need for imparting sound legal education and hoped that the training being given to the youth in this country was conducted on proper lines. He also pleaded for conducting legal research.

DISCIPLINE CODE PLEDGE

At the Indian Labour Conference, which commenced yesterday at Delhi, representatives of employers and labour reaffirmed their support to the Code of Discipline and urged its effective implementation.

The code of discipline laying down the rights and obligations of the workers and the employers to maintain industrial peace came into force in June 1958.

The Union Labour Minister Nanda addressing the conference said that unless the labour and the common man was made to feel they had a fair deal, production could not be raised, progress maintained and the plan targets achieved.

The Minister appealed to the workers and the employers to jointly explore every possible avenue to increase production.

DETACHMENT AIM OF EDUCATION

President Radhakrishnan stated yesterday that if the world happened to be in a precarious position today and if people were afraid of one another, it was not because of lack of material accumulations or great intellectual prowess, but it was because "we lack in that poise, in that judgment and in that discernment which make us distinguish the right from the wrong. It is that capacity which constitutes the purpose of education".

He was replying to a reception accorded to him by the old boys of the Madras Christian College.

The real aim of education was to develop the quality of detachment and renunciation and making oneself the instrument of a higher purpose, he said.

MAHARASHTRA-MYSORE BORDER DISPUTE

The Union Home Minister Shastri stated in the Rajya Sabha yesterday that the Mysore-Maharashtra border dispute was capable of settlement. The question of Central arbitration could arise only if the Chief Ministers disagreed.

He disclosed that while the Maharashtra Government had received the report of its representatives on the four-man committee, the Mysore Government had not yet received one from its representatives

As soon as both the reports were ready, the Chief Ministers of the State would meet to take action on these reports.

Petty Inter-State Rivalries

NO PLACE, SAYS NIJALINGAPPA

The Chief Minister of Mysore, Sri Nijalingappa stated at Bombay yesterday that inter-State rivalries over petty things made him often wonder whether it was wise at all to have striven for linguistic States and whether it would not have been better if India had been made into a single unitary State.

He said "we must not make political capital out of differences arising out of the fact we speak different languages. We must instead develop an objective attitude".

Sri Nijalingappa stated that "while we might show all the love we can for the language we speak, we should not exaggerate our feelings to the extent of hating other languages. The need for developing an objective outlook in matters concerning language was especially great among the leaders of the community.

Sri Nijalingappa and Maharashtra Chief Minister Chavan will meet in Delhi on Aug. 12 and discuss the question of border dispute.

Phased Increase Of College Fee

PARENTS SUGGESTION

Bangalore, Aug 11

At a conference of parents with the Education Minister Kanthi, held here yesterday, it was suggested that fee rise in colleges in erstwhile Mysore area should be on a programme between three to five years.

The parents also suggested that in order to afford relief to the poor and middle class students, fee concessions should be given to students whose parents had annual income of less than Rs. 3,600.

It was pointed out by the parents that the fee-rise was, besides being high, was all too sudden for them to bear the burden

The Minister said that Government was anxious to see that no poor students or those with merit were shut out from higher education The Government was considering to increase the concessions to students from 30 per cent to 50 per cent and a decision would be taken within a fortnight.

He assured the parents that their suggestions would be placed before the Cabinet.

COLLEGE FOR P.G. COURSE IN ENGG

A college for post-graduate engineering studies would be established in Bangalore to perpetuate the memory of the late Dr. M. Visvesvaraya, stated Sri S. Nijalingappa, Chief Minister of Mysore, yesterday at Bombay.

DASARA SPORTS

Mysore, Aug 11

The State Sports Council, which met here yesterday, decided to organise sports competitions at various levels in Mysore in connection with the Dasara festival, for high school boys and girls, college boys and girls, open men and women.

The taluk level competitions commences on Aug. 25 and 26, the district level on Sept. 8 and 9, the divisional level on Sept. 22 and 23 and the State level on Oct. 6,7 and 8.

BOGUS MEMBERSHIP IN CONGRESS

Sri Mahavir Tyagi, Congress M. P. and senior member of the All-India Congress Committee has stated that in the present state of affairs, the Congress organisation should be either dissolved or some very drastic changes made in its constitution.

In a letter to the Congress President, he has stated that with millions of bogus members on the Congress rolls "it is illogical to expect the Congress organisation to hold its own".

He has said that the Congress Party should not be exposed to the inroads of such entrepreneurs who wish to capture the organisation for their personal ends with the help of bogus membership.

HOUSING SCHEME

The Mysore Government had urged the Centre to enhance the provision made for Housing in the State's Third Plan from Rs. 6 crores to Rs. 11.34 crores.

PRODUCTIVITY COUNCIL

No Pataskar Formula

FOR MYSORE-MAHARSHTRA BORDER DISPUTE

SAYS NIJALINGAPPA

Sri S. Nijalingappa, Chief Minister of Mysore stated yesterday at Bombay that the Central Government could not intervene in the border dispute between Mysore and Maharashtra before the two Chief Ministers had an opportunity to meet and study the reports of the boundary committee.

He said, it was too early to think of referring the issue to arbitration. The question would arise only if he and Sri Chavan failed to come to an agreement on essentials and on policy.

Sri Nijalingappa reiterated his stand that the Pataskar formula while it may have been all right for settling the dispute between Madras and Andhra, was not applicable to Mysore and Maharashtra

He was afraid of accepting the Pataskar formula for the reason it would open new issues with which Mysore shared its boundaries. There were claims and counter claims between Mysore, on the one hnd, and Madras, Andhra and Kerala on the other. He added "I am anxious to avoid a straight contest".

PENSION & P. F. FOR PUJARIS

H. R. E. PANEL'S SUGGESTION

The Hindu Religious Endowments Commission, headed by Dr. C.P. Ramaswamy Aiyar, has suggested that there should be a uniform pattern of legislation for the administration and management of religious endowments of all communities.

While preferring administration of temples by a single officer to the management by a body of persons or a board of commissioners, the constitution of a tribunal to settle disputes relating to religious usage is recommended.

It has also recommended the ensuring of a minimum living wage for archikas and pujaris and suggested a provident fund and pension scheme for them.

The commission said that no claim of a proprietory nature on the part of archikas, pujaris or pandas in offerings made by devotees to temples should be recognised and offerings made to the head of a mutt but not earmarked as personal gifts should be regarded as the property of the mutt.

The State laws, particularly in Northern India should specifically provide for the regulation and control of the activities of the pandas. There should be compulsory registration of the pandas and disciplinary jurisdiction over them in case of misconduct or extortion should be invariably laid down.

Every State Government, the Commission said, should set up schools or institutions wherein archikas, pujaris and pandas are given instruction in agamas, etc.

Hereditary rights of succession wherever archikas and pujaris enjoyed such rights need not be abolished. However, every archika, whether hereditary or otherwise, should be required to undergo some minimum tests of fitness.

In case of mutts it said, the funds should primarily be spent on the expounding and popularising of tenets of Hinduism and for training and teaching disciples.

The Bharat Sadhu Samaj might become, if properly organised and regulated, an instrument for carrying out the tasks of religious and ethical instruction of the masses and specially of the youth of the country and for dispensing of relief to the poor.

Food Technology Training Centre In Mysore

Mysore, Aug. 13

Dr. V. Subrahmanyan, Director of the Central Food Technological Research Institute here stated on Saturday that a representative of the "Freedom from Hunger Campaign" of Canada will be visiting Mysore city soon to finalise the details and to help starting during 1963 of a regional training centre of food technology for Asia and Far East within the campass of the CFTRI.

The Director during his recent visit to Canada, had discussions with the authorities of the campaign who had undertaken to sponsor the regional training centre in Mysore.

Dr. Subrahmanyan also participated in the annual meeting of the food technologists at Miami Beach in the United States, where he received the Babcock-Hart award as the first non - American recipient for outstanding contributions leading to the betterment of public health through development of nutritious food.

He also visited Australia, New Zealand, Phillipines, Japan, Malayasia and Thailand.

Summarising his impressions of the tour, Dr. Subrahmanyan said even in the more advanced and prosperous countries, there was a considerable amount of dietary imbalance and growing interest in the use of protective foods.

In the U. S. A, he said, the food industries constituted the largest group with an annual turnover of about 60,000 million dollars. In the other countries, especially those in the Far East, a large part of Africa, Central America and even in South America, the food industries were either non-existant or occupied an insignificant place.

Speaking of scientific research in other countries in the fields of food science and technology he said, the trends are increasingly in the fields of fundamental studies in relation to human nutrition and health. Many of the leading teaching research institutions are changing their pattern of approach and in such programmes. concentrated approach through various allied disciplines as followed in Mysore is considered to be an example for others to follow. There is, in fact, no single institution in the whole world with such a concentration of specialists in related dicipline as at the Mysore institute.

There is a bright future for highly profitable utilisation of food science and technology both in India and other countries, provided national plans and policies can be oriented as to give a much higher prominence to food industries than hither to been the case, he added.

Dr. Subrahmanyan will soon be submitting a memorandum summarising his views to the CSIR for consideration and policy decisions.

Soviet Space Twins

The Soviet Union yesterday blasted into space its second cosmonaut in 24 hours, so close to spaceman number one Major Nikolayev that he saw the new silver Vostok capsule through his porthole and the two spacemen talked to each other for the first time.

Lt-Col. Pavel Romanovich Popvich. 32-year old "singing spaceman", is reported to have a beautiful tenor voice and to have sung a choir, went into orbit to join his twin.

The space twins are hurtling round the earth at about 18,000 miles an hour carrying out joint group work in space.

Vostok IV roared into space almost exactly 24 hours after Vostok III was launched with Major Andrian Nikolayev on board

The Soviet agency Tass reported that the task of today's launching was to obtain data on co-ordinating actions of the two cosmonauts and checking the influence of identical conditions of a space flight on the human organism. This flight would constitute a definite step for future flights of men to the moon, it stated.

NO INTERFERENCE

The United States Department stated that it contemplates no activities that would interfere in any way with Soviet cosmonaut.

It stated: "We wish Major Nikolayev a safe flight and a happy landing".

SOVIET THIRD COSMONAUT

COMPLETES ONE DAY IN SPACE

The Soviet Union on Saturday put its third space man into orbit.

Major Andrian Nikolayev, 32-year-old former humberjaek, is circling the earth once over 88½ minutes and is expected to stay in orbit for three days.

As he sped round the earth, the Soviet Government asked the United States to refrain from high altitude tests that might endanger the Major's safety.

After sleeping seven hours while his spaceship Vostok III completed 12 orbits of the earth, the third Soviet Cosmonaut awoke on Sunday morning and reported by radio that he was fit and resuming duties.

He has already covered more than 312,500 miles.

CONGRESS IN NEXT ELECTIONS

The Congress Working Committee meeting at Delhi yesterday decided that the party should go into action within the next 12 months to prepare itself for the 1967 General Elections in a bid to regain the seats it had lost in the last elections.

The committee also decided that Congress should co-operate with the Gandhi Peace Foundation to carry on the campaign against atomic weapons and nuclear tests.

Mysore Civic Elections Stayed

Bangalore, Aug. 14

Sri Justice Som[illegible] and Sri Justice Kalagate of the Mysore High Court yesterday admitted a writ petition of two voters, Dr. M. Narasimha Pandit and Sri B. K. Ananda Rao and made an interim order restraining the Commissioner, Mysore City Municipality, from proceeding with the elections.

The petition has been posted for final hearing on Aug. 20.

The petitioners alleged that the Commissioner had not prepared a proper electoral roll and the Returning Officer had not gone into the claims and objections for inclusion in the rolls. There being no proper and authenticated electoral roll and no publication of territorial divisions, the Commissioner should be asked to prepare that list, before proceeding further in accordance with the election calendar.

Governor Urged To Intervene In Fee Rise Issue

Mysore, Aug. 14

Sri S Sivappa, Leader of the Opposition in the State Assembly has appealed to the Governor Sri Jayachamaraja Wadiyar to inferfere and advise the Government to reconsider its decision regarding the rise in tuition fee in colleges in erstwhile Mysore area.

In a memorandum submitted to the Governor here yesterday, Sri Sivappa stated that theGovernment had enhanced the fees in colleges by nearly cent per cent and this had been done without giving any prior notice to the students and their parents, who were seriously affected by this sudden and unreasonable enhancement of fees.

He said that while the Government intended to encourage Backward Classes by providing reservation of seats. etc. they were indirectly nullifying the very aim by imposing a heavy burden on students The step would prevent a large number of poor students of all classes and communities from pursuing their higher studies.

Finance Corporation For School Buildings

Bangalore, Aug. 16

200 high schools have been opened in the State during the first two years of the Third Plan, bringing the total number of high schools to 1,000, stated Education Minister Sri S. R. Kanthi.

Even though the Third Plan target of 200 High Schools had already been reached, another 500 high schools are expected to come up by the end of the Plan period bringing the al to 1,500, stated the ucation Minister and attributed this phenomenal rise in the number of high schools as well as Primary Schools to the compulsory primary education introuced by the Government. ost of the new schools arted were in rural areas nd were indicative of the overnment's concern for e welfare of rural areas, e added.

Mentioning that nearly 50 of the 1000 high schools ere non-Government instiutions, the Education Mister stressed the importnce of private enterprise n the matter of expanding ducational facilities. He also added that theGovernment had liberalised the grant-in-aid rules so as to encourage private effort.

Referring to the financial difficulties in providing adequate assistance for construction of buildings for

cation Minister commended the idea of having a Finance Corporation for School Buildings like the one already established by the Government of Maharashtra.

Aluding to the demand for more Polytechnics, the Minister stated that the Government of India had been approached for allotment of 6 more Polytechnics to the State

The Education Minister also referred to several schemes under contemplation and especially to the scheme of providing midday meals to school children for which assitance of Rs. 1 crore was expected from

COHESIVE AND PURPOSEFUL SOCIETY

PRESIDENT'S CALL TO NATION

President Radhakrishnan has called upon the people to "rededicate ourselves to the task of evolving a cohesive, purposeful pattern of society on the principles of unity, freedom, justice and co-operation".

On the fifteenth anniversary of the Independence Day, the President deplored the recent trends that showed that the system of caste and feeling for groups had not loosened its hold on the masses. These had impaired the health of our democratic structure.

The President said that while facilities be provided for all people to train themselves for self-expression and development, no encouragement should be given to the perpetuation of divisions and sub-divisions

Dr. Radhakrishnan said that the implementation of the plans had been some what inadequate because there was little emotional involvement on the part of the staff, managerial and subordinate, in the great national work they were engaged. It was essential for our public servants whether they were employed in Government service or public and private industries that they were engaged in a bloodless revolution of raising the living standards of 400 millions of people and strengthening their moral fibre.

The President said: "Wisdom requires us to be compassionate, to be forgiving, to forbear judgment. Unfortunately we are more critical of others than of ourselves. We preach from platforms tolerance and understanding but do not manifest these qualities in our daily life, in our dealings with others If we cling to caste hierarchy, if we do not treat human beings with respect and dignity, if we show ourselves to be lacking in sensibility and human feeling, if we believe pleasing God thereby, we do offence to God and to ourselves".

He said that if we adhere to the principles and practices of democracy, we will not compromise with disruptive, reactionary and anti-social forces. These have impaired the health of our democratic structure. Even in panchayati raj, we should be careful that the spirit of caste panchayat does not vitiate its working. Ethical sublimity is the mark of the magnanimous man. Ethical depravity is the mark of the low man All other distinctions are irrelevant.

Admission To Professional Colleges

SUPREME COURT STAYS MYSORE GOVT'S ORDER

The Supreme Court yesterday passed an order restraining the Government of Mysore from finalising any further admissions to medi- al and engineering colle- s in the State

e Court admitted writ ions filed on behalf of . Balaji and 23 other its challenging the of the StateGovern- der of July 31, 1962 g for reservations ard classes in the of admission to and engineering

tate Government besides providing vation of seats for led Castes and Tribes, nade provisions for Backw rd and More Backward Classes and thus reservel 68 per cent of seats.

The petitioners submitted that they expected admissions on the ground of their merit but they were not selected for admission. They alleged that by a device of interview before selection of students an additional percentage of reservation in favour of students of backwa classes was also secured.

They submitted that the Government order was communal and there should have been no reservations in terms of caste and com- nunities, except in favour Scheduled Castes and Tribes. The classification of students as Backward and More Backward was against the Constitution.

Space Twins Land Safely

Russia's "space twins", Andrian Nikolayev and Pavel Popovich, landed safely yesterday at a desert in Central Kazakhstan.

The men who shattered records in their marathon space flight round the world may have set yet another record by being the first Russian spacemen to land in their spaceships.

Medical checks during the flight showed the two men withstood the launching, the long space flight and the return to earth well while equipments in their spaceships "Vostok-3 and Vostok-4" worked flawlessly.

From the take-off to landing. Nikolayev orbitted the earth more than 64 times in 95 hours covering 1,615,520 miles while Popovich made more than 48 orbits in 71 hours covering 1,253,000 miles.

They have been awarded the tite "master of sport of the Soviet Union" by the Central Council of Soviet Sport Societies for their world flight record.

MYSORE GOVERNOR'S CALL TO PEOPLE

Bangalore, Aug. 17

"National unity can only be achieved if the problem of emotional integration is tackled vigorously. Languages, regions, castes and creeds should not be permitted to become fissiparous forces. The rich variety of our land and civilization should widen our patriotism and not narrow it. To a people whose essential unity is proved by their cultural heritage, in their religion and in every aspect of daily life, emotional integration should be easy of achievement. Let us pledge ourselves to think and live as Indians, first, last and all the time".

Thus observed Governor Sri Jayachamaraja Wadiyar, speaking here on the occasion of the 15th anniversary of Independence Day.

The Governor asked the people to discard idle contentions and the life of unthinking placidity and devote themselves to the strict performance of duty. "Therein lies the surest safeguard of the rights of all", he said.

PAK TROOPS FIRE ACROSS TRUCE LINE

INDIAN POLICE RETURN SHOTS

Pakistan troops have been firing intermittently across the cease-fire line at the Indian border police at Balakot in the Poonch sector, near Jammu.

The Indian border police were forced to return the fire.

The Pakistani troops have resorted to heavy firing in order to remove the police post set up by the State Government in its own area to check the smugglers' activities and to maintain law and order.

Pak Troops Near Tripura

The operational control of the Tripura border had been taken over by the army following the concentration of troops by Pakistan in that area.

Disclosing this, Defence Minister Krishna Menon told the Lok Sabha that border agreement between the two countries in this area had been disregarded by Pakistan. "We have protested to Pakistan and taken other steps", he said.

Learn English To March With World

—SAYS NEHRU

Prime Minister Nehru stated in Bombay yesterday that the growth of Indian languages would be faster if they were in contact with each other and with foreign languages, notably English. English, he said, was a "window to the whole world-the world of growing ideas, science and technology".

"I believe languages will grow not by living in isolation but by contact with other languages. I am quite sure, naturally, that in India all great languages will grow and will go on growing. But they will grow more if they are in contact with each other and with foreign languages, notably English" he said.

Referring to the publication of low priced books, the Prime Minister said, that books as also newspapers and periodicals in India would have tremendous future if they were written in simple language and were published in cheap editions.

Commending the work of the Sahitya Akademi in trying to serve the interests of all the languages of India, the Prime Minister said that this was being done because "in these days of linguistic fanaticism we have got to get out of it. We have got to get out of it not by running down another language but by acquiring some knowledge about it".

Stressing the importance of learning foreign languges particularly English, in the context of keeping abreast with the scientific and technological developments being made in the world, Sri Nehru pointed out that scientific and technological progress were being reported in hundreds and thousands of periodicals and books that "you cannot keep posted with them apart from understanding them".

He said it was very well to say, "get them translated", but knowledge was growing so tremendously fast that it was physically impossible to get those publications translated for the use of Indian scientists.

I-T RELIEF FOR EXPORTS

Union Finance Minister Morarji Desai stated at Bombay that he did not favour income tax relief as an incentive to promote exports.

He said the real question before the country was how to raise the working capacity of "all the people", and if exporters looked for incentives only in the form of money Government's capacity to give incentives to the other sections of the community would be very much reduced.

Mass Akali Arrests At Amritsar

BID TO PREVENT GROUPS' CLASH

One hundred Akalis, among them Master Tara Singh and Sant Fateh Singh, the rival leaders, were arrested on Saturday at Amritsar to prevent a possible breach of peace.

Others arrested include the top leaders of the Shiromani Prabandhak Committee and the Akali Dal

The rival leaders had called separate meetings in the premises of the Golden Temple--Master Tara Singh's group to finally decide the fate of dissident leader Sant Fateh Singh whom he had earlier suspended from the basic membership of the Dal for two years, and dissident leaders' meeting to denounce the leadership of Tara Singh.

The Deputy Commissioner, in a Press note said that it had been "noticed for some time past that the two rival Akali groups headed by Master Tara Singh and Sant Fateh Singh are indulging in activites which are likely to result in a breach of the peace".

Despite continuing tension between the two warring groups of the Akali Dal and serious threat of a clash, the day passed of peacefully yesterday. The police had made elaborate precautionary arrangements in the city.

Mysore Lagging In Police Housing

HOME MINISTER'S REGRET

Mysore, Aug. 21

Home Minister Patil yesterday declared open the police lines at Nanjangud.

Sri G. V. Rao, Superintendent of Police welcoming the gathering said that eight units for head-constables and four for constables had been completed and four more units for constables were being constructed at Nanjangud. About 74 houses were being constructed at a cost of Rs. 5 lakhs at Yelwal, Hampapura, Chamarajanagar, Kuderu, Udigala and Biligere.

The Home Minister regretted that Mysore when compared to Madras, Maharashtra and U.P., was lagging behind in implementing housing schemes for the police. While those States had spent about Rs. 2.9 crores during the last six years since the scheme was launched. Mysore had spent only Rs. 64 lakhs He attributed this to the procedure adopted by the Public Works Department in preparing and preparing the estimates, which resulted in considerable delay in executing the schemes.

The Minister said that if Welfare State had to succeed the police should be efficient and honest and win the confidence of the public. At the same time, the public should be a 'disciplined race' and co operate with the police in discharge of its duties.

Sri Veerendra Patil, Public Works Minister who presided said that State Government had a plan under the rental housing scheme to provide quarters to government officials throughout the State. The PWD had been geared up and assured that there would be no delay in future once the scheme had been sanctioned. He said Mysore could boast of the fact that nearly Rs. 180 lakhs was spent during the last two years for rural communications in the State.

Sri K. V. Mallayya, DSP proposed a vote of thanks.

Present Set-Up Not To Be Disturbed

MYSORE TEAM REPORT ON BORDER DISPUTE

Bangalore, Aug. 21

The Mysore representatives on the four-man Mysore Maharashtra Boundary Committee are not in favour of disturbing the existing set-up in any manner.

The Report submitted to the State Government yesterday appeared to have taken the stand that the various claims have been thoroughly examined by the SRC and decisions have been arrived at after due consideration. Any attempt to disturb the status quo would lead to opening the flood-gates of demands for such reconsideration not only on all fronts in Mysore State, as Mysore has border problems on all sides, but also between other States in India.

The report of the two members is voluminous, running to over 250 pages.

The members have recommended that the only method of solving the boundary dispute was to arrive at an ad hoc arrangement by negotiated settlement. They are of opinion that one advantage of an ad hoc arrangement was that the settlement of each village or group of villages would be on merits peculiar to them and therefore would not become a precedent for settling other disputes.

Referring to the Maharashtra Government's insistence on the Pataskar formula, the members have opined that fixing general principles for rigid applications would create more difficulties than help in solving the ticklish problem.

They have made it clear that the Maharashtra claim over Belgaum city and other areas in Karwar district as untenable.

Touching on the minorities problem, the members have suggested reciprocal safeguards on either side of the boundary so that good relationship might be established. They have pointed out that while people wanted to live in friendship and amity, it was some outside elements and leaders that were exploiting the situation.

Studies On Fish Flour

Mysore, Aug. 22

Investigations on the production and nutritive value of deodourized edible fish flour from seasonal surpluses of marine fishes will be intensified at the Central Food Technological Research Institute. Mysore in accordance with an agreement between the U.S. Government, Bureau of Commercial Fisheries, and the Council of Scientific and Industrial Research, New Delhi. The work will be carried out in the Meat and Fish Technology Division of the CFTRI, and it's sub station at Mangalore, which functions in collaboration with the Fisheries Research Station of Government of Mysore.

Use of deodourized fish flour will help improve the over-all nutritive value of diets and correct the protein deficiency prevalent in large areas. Fish flour production will conserve surplus catches which undergo quick spoilage and become unfit for human consumption.

NO CHANGE IN LADAKH SITUATION

Prime Minister Nehru told the Informal Consultative Committee of Parliament attached to the External Affairs Ministry yesterday that there had been no new development in the Ladakh region of the Sino-Indian border since the Lok Sabha debate on Aug. 13.

MYSORE CIVIC ELECTIONS

WRIT TO STOP POLLS FAILS

Bangalore, Aug. 22

Sri Justice Somanath Iyer and Sri Justice Kalagate of the Mysore High Court yesterday dismissed a writ petition filed by two voters of the Mysore City Municipality seeking for a writ of mandamus prohibiting the Returning Officer from holding the civic elections on Aug. 26.

Their Lordships also rejected an application for a certificate for appeal to the Supreme Court

Their Lordships rejected the petitioners contention that it was obligatory on the part of the Government to make a delimitation of the territorial divisions of the municipality prior to every election. They pointed out that there was no express requirement in the Act on that behalf and it was entirely left to the discretion of the State Government according to the variation in population, boundaries, etc.

They also disagreed with the plea that the Act required that name of the father or in the case of woman, name of the husband or other identifying particulars should be entered against the name of each elector. They held that so long as sufficient particulars wereavailable to identify the voter there was substantial compliance of the Act as a whole and the electoral roll was not vitiated on that account.

With regard to the petitioners contention that under the Act, provision had been made enabling the Government to specify the authority to whom appeal should be made against the decisions of the returning officer including or rejecting inclusion of names of persons in the electoral roll,TheirLordships pointed out that there was no provision in the Act for appeal against the decisions of the returning officer.

"HEAVENLY TWINS"

Russia's "space twins" have described how they landed from their epic flights by parachute, while AndrianNikolayev revelaed he had misgivings as he re-entered the atmosphere.

Nikolayev said in a Press Conference at Moscow, that he felt afraid after seeing coloured flames and smoke as his capsule entered the atmosphere "Then I realised that my doubts were unfounded and that everything was going according to plan", he said.

He said "as the deceleration forces decreased it became like riding in a car on a bad road. I separated from the spaceship and landed by parachute".

Pavel Popovich said he also came down by the parachute, landing about 125 miles away from Nikolayev.

Govt. To Acquire Hoarded Gold

Union Finance Minister Morarji Desai has told the consultative committee of Parliament attached to his Ministry that he wanted to bring out the hoarded gold in the country for financing the development of plans.

The total volume of private gold holding in India, according to the Minister, was around 100 million ounces worth Rs 4,100 crores.

PAK INTRUSIONS

There had been an increase of late in "serious intrusions" across the cease-fire line from Pakistan, stated Prime Minister Nehru in the Rajya Sabha.

The Government normally took military and police steps against raids across the border. "We have taken those steps and will continue to take them with more vigour" he added.

GREETINGS FROM COSMOS

The two Soviet cosmonauts, who were circling the earth recently, sent greetings to India while passing over the country. Prime Minister Nehru revealing this said that India was the only country that received greetings from the cosmonauts.

Dual Approach To Dispute With China

The Government of India's dual policy of strengthening defences and at the same time attempting a peaceful settlement of the border question was endorsed by the Rajya Sabha yesterday.

Prime Minister Nehru made it clear that there could be no fruitful negotiations with the Chinese while the major aggression existed. But he said that the Government should always be ready for any opportunity which might lead to fruitful results.

He rejected suggestions for seeking military help from any other country to counter the Chinese aggression and said that apart from military equipment, the country should be able to stand on its own feet.

Sri Nehru called for unity, strength and determination to regain the territory and said that the country was making satisfactory progress in building up its defence potential. While keeping the door open for a peaceful settlement, he said: "We will not submit to bullying tactics or force, whatever be the consequences".

The Prime Minister said that India will suggest to China that for preparing the ground for fruitful talks on the border dispute, the first thing to consider is "how to create a situation which will be freer from tension and which will involve withdrawals".

Rs. 40-Lakh Budget For Food Institute

Mysore, Aug. 25

The Executive Council of the Central Food Technological Research Institute met here on Thursday under the chairmanship of Sri S. Nijalingappa, Chief Minister.

With a view to ensuring quicker progress of its findings, the Council recommended that there should be closer liaison with the industry through more extensive publicity and a programme of demonstrations and group discussions with leading industrial organizations at some of the major centres in the country. It was noted that lack of suitable equipment or instrument stood in the way of utilising some of the processes which may eventually either lead to useful exports or reduce imports now involving foreign exchange. Increasing amount of Government assistance with foreign exchange would be required for developing such programmes.

The douncil noted with satisfaction that the Institute is receiving a large amount of International support and is also attracting overseas workers.

The recurring and Capital grants for 1963-64 aggregating to about Rs. 40 lakhs was recommended to the Council of Scientific and Industrial Research. It was also noted that the Institute will receive additional assistance to the extent of about Rs 10 lakhs towards the intensification of some of the programmes like those relating to protein-rich foods and fish flour.

The Council felicitated Dr. V. Subrahmanyan, Director on his being recipient of the U. S. Babcock-Hart Award.

DOMICILE CLAUSE SHOULD GO

NATIONAL INTEGRATION BODY'S PLEA

The Committee of Zonal Councils on National Integration meeting at Bombay yesterday declared that no student should be denied admission to a university on considerations of place of birth, residence, caste or creed.

It suggested that a five-man study team be appointed to find out the manner in which the domicile restrictions for purposes of admission to educational institutions could be removed.

Reviewing safeguards provided in the States for linguistic and other minorities, the committee reiterated its suggestion that teaching of English and Hindi should be started from an earlier age than was being done now.

The committee recommended that the States which were yet to provide facilities at the secondary stage of education for instruction to linguistic minorities in the mother tongue should do so early.

GREATER DISCIPLINE BY LEGISLATORS

PRESIDENT'S PLEA

President Radhakrishnan yesterday expressed concern over the increasing number of disorderly scenes in legislatures in the country and stressed the need for greater discipline among parliamentarians.

He said that in a democracy, the citizen was both the sovereign and the subject. He must, therefore, exercise self-restraint in whatever walk of life he lived and worked.

The President said that it pained him to see that sometimes separatist and fissiparous tendencies raised their ugly head in the country. Sometimes caste and religion was supposed to be reason. "Anything which makes us hate others is not religion. Tolerance and understanding are the main ingredients of any faith".

Dr. Radhakrishnan stressed the need for removing economic disparities between the poor and the rich. "The world will judge us by our achievement in this direction", he added.

PRICE CONTROL OF ESSENTIALS

TO CHECK RISING PRICES

GOVERNMENT'S ACTION SOON

The Union Planning Minister Nanda gave a categorical assurance in the Lok Sabha yesterday that the Government would take effective steps to check rising prices.

He said the Government would introduce state trading and co-operative marketing and distribution as regulatory measures to check rising prices and to deal with hoarders, speculators and profiteers as anti-social elements.

Sri Nanda said that a close watch was being maintained on rising price trends and every effort would be made to secure the just interest of the producer as well as of the consumer.

He expressed the Government's concern over rise in prices. He said that at present,an examination was in progress about price trends in the main agricultural commodities such as wheat, rice and millets, oil-seeds and cotton. It also included a number of industrial commodities such as cloth, kerosene oil, salt edible oils, sugar and gur, sope, drugs and medicine, Infant foods. The Government would not hesitate to take whatever action might be required for regulating the prices of basic essentials for safeguarding the interests of low income groups as well as those with fixed incomes.

Warning the anti-social elements, the Minister said: 'Those who hoard, speculate and profiteer have to be dealt with as anti-social elements, whose activities not only affect adversely the economic progress of the country but also deny to the common man a large part of the gains of planned development".
